China Painting Program Topic

Daughters of the American Colonists met for luncheon in the Winema Motor Hotel Saturday, March 2. Mrs. Albert O. Roenicke, program chairman, introduced Mrs. Dick Henzel, who gave a most delightful program on china painting. China painting has been found in Egypt dating back to the time of 3000 B.C. For centuries the knowledge of overglaze decorations was handed down from father to son, thereby keeping the secrets of china painting within families. It was not until the last century that the mysteries of china painting were revealed and became known to anyone who wishes to practice it. Mrs. Henzel, a student of Sylvia E. McMichael, a local artist, teacher and author of the classroom book "China Painting," stressed that it takes a great deal of time and practice to master the art of china painting. It is a most useful, pleasing, and interesting study for the hobbyist.

The members that displayed and talked about their hand-painted china were Mrs. Dick Henzel, Mrs. William L. Wales Jr., Mrs. Arch G. Proctor, Mrs. Albert O. Roenicke, Mrs. Guy Barton, Mrs.
