The ham and turkey mold improves flavor and texture in the refrigerator for as long as a week, and the marinated vegetables and bread and butter sandwiches may be frozen ahead. Insert radishes, cucumbers and cress in sandwiches after defrosting.

The best news of all is that this complete menu can be prepared in advance, to save on last-

PETITS FOURS
WEDDING CAKE
Fondant Icing
12 cups (5 pounds) cup sugar
6 cups water
3 teaspoons cream of tartar
Red food coloring

Make Fondant Icing: Combine sugar, water and cream of tartar and stir over moderate heat until sugar is dissolved. Bring syrup up to boil, boil rapidly without stirring. If crystals begin to form during cooking, brush sides of pan with clear water. Cook until candy thermometer reads 235 degrees F., or a little syrup dropped in cold water can be gathered into a soft ball. Remove syrup from heat and cool to lukewarm.

With a wooden spoon, beat syrup until it becomes white and smooth, about 10 minutes. For pink frosting, add red food coloring a few drops at a time, to make mixture a pale pink. Avoid excessive beating.

Stack 5 graduated layer cake pans upside-down, in wedding cake fashion. Use 16", 14", 12", 10" and 8" pans. Pour warm Fondant Icing over pans to coat. Repeat if necessary.

You will also need: 80 petits fours, apricot preserves, rum or brandy.

Purchase petits fours in various shades of pink, or make them as follows: Bake any favorite butter cake (or use a mix) in a shallow straight-sided pan, to make a sheet cake 1" thick. Cut cake in half vertically, and split each half in 2 layers. Spread bottom layer thinly with apricot preserves which have been thinned with a little rum or brandy, and replace top layers. Cut each cake

into uniform 1" squares. Make additional Fondant Icing, using above recipe. Hold each cake square on a 2 pronged fork and dip all sides into lukewarm liquid fondant. Drain off excess fondant, remove to wax paper to dry. Coat twice. Keep pan of fondant over a bowl of hot water to prevent it from hardening too soon. To achieve various shades of pink, dip 1/4 of the little cakes, then color remaining fondant a little more intensely for next 1/4 of the cakes. Repeat, but be careful not to let the color get too dark.

Royal Icing
1 pound confectioners' sugar
2 egg whites
Red food coloring, if desired

Sift sugar and beat in egg whites until icing is smooth. Add red food coloring if desired, to make icing pink. Attach petits fours around tiers of cake, using Royal Icing to hold. Pipe stars of Royal Icing between each petit four, using a piping bag and star-shaped piping tube. Decorate top with petits fours, pipe stars around. Allow Royal Icing to harden, then wrap entire cake in aluminum foil or polyethylene wrap. Will keep in perfect freshness up to two weeks. Top the cake on wedding day with an arch of blossoms and a bell.

Pink Champagne Cocktails
4 pints strawberries
1 fifth gin, chilled
7 fifths pink champagne, chilled

Mix cocktails individually, as served: Drop a strawberry in each champagne glass, add 1/2 oz. gin and fill with pink champagne. Cheers! Makes 50 toasts to the bride and groom.
