

Malin Cub Scout Pack Holds Meet

MALIN — A Cub Scout pack meeting was held May 29 in the Malin Community Hall. The new Cub Master, Larry Barbour, presented a dinner stripe to Dell Azevedo and an assistant dinner stripe to Steven Heckenburg. Barbour also presented Cub Scout cards for this year to all members, and the Scout Master, George Pappo, presented the Boy Scout cards to his troop.

The Pine Wood Derby Race was the entertainment for the evening, with the Boy Scouts invited to participate. Douglas Johnson won first place in the three-ounce division for Cub Scouts; Dave Cacka in the four-ounce division; and Richard Elzner in the five-ounce division.

Refreshments were served by Mr. and Mrs. Larry Barbour and Mr. and Mrs. George Pappo.

Lake Road To Be Open On June 5

Opening of the North Entrance road to Crater Lake National Park has been announced for June 5 at 9 a.m. by Superintendent W. Ward Yeager. This road connects with State Highway 230, which leads into U.S. Highway 97.

Visitors will then be able to travel through the park along the north-south route in either direction, entering or exiting by way of the West or South entrances. The North Entrance station will not be manned for some time yet, and motorists are advised to purchase permits at the Annie Spring entrance station when leaving the park.

Only 28 inches of snow at park headquarters at the present time, compared to a 30-year average of 107 inches in depth, is making possible this second earliest opening recorded for the North Entrance road.

Also becoming available for travel will be 6.2 miles of the western portion of Rim Drive, from Rim Village to north junction. Motorists are advised to use extreme caution in traveling the Rim Drive because the road is quite narrow in places.

Facilities operated by the park concessioner, Crater Lake Lodge, Inc., are scheduled for opening on June 15. This includes the store, cabins, cafeteria, and lodge at Rim Village, and transportation service to and from Medford and Klamath Falls. Launch trips on Crater Lake will also begin about June 15, and conducted tours around the lake on Rim Drive will commence about July 1, depending on progress of opening the road. The gasoline service station opened May 30.

Limited campsites are available in Mazama Campground, although snow is still abundant throughout the area.

Exemption Kept

WASHINGTON (UPI) — The House Ways and Means Committee turned down an administration request Tuesday for tighter restrictions on the \$100 duty-free allowance given U.S. tourists returning from abroad. The committee approved without change a two-year extension of the existing allowance.

FARM STEEL

Each year, farmers in the United States use five million tons of steel in the form of farm machinery, trucks, cars, fencing and building materials.

COINED PHRASE

The phrase "Fools rush in where angels fear to tread" was coined by Alexander Pope in his "Essay on Criticism." The "fools" he refers to are poetry critics.

When baked, soft white gypsum sand contained in White Sands National Monument, N.M., becomes pure plaster of paris.
