

# Mayors Back JFK On Race Equality Issue

HONOLULU (UPI) — President Kennedy's plea for support of a grass-roots program to promote racial equality won support today from delegates to the National Conference of Mayors.

A.I.C. LYNN McATEE

## Top Airman Selected

A.I.C. Lynn F. McAtee, jet aircraft mechanic for the 406th Consolidated Aircraft Maintenance Squadron, has been selected Kingsley Field Airman of the Month for May, the information office of the airfield has reported.

As recipient of the award, Airman McAtee has received a \$25 check and a three-day pass presented by Col. Edwin J. Witzemburger, commanding officer of the airfield.

In addition, the airman will be a guest at a Kiwanis Club luncheon and will receive an article of wearing apparel from a local men's clothing store.

A native of Bozeman, Mont., McAtee entered the Air Force in 1956 and came to Kingsley Field in 1961 from Japan. While stationed in that country, Airman McAtee met and married Chiyoko. The couple has a 2-year-old daughter and resides at 1865 McLause.

## 6 Killed In State Wrecks

By United Press International At least six persons died in Oregon highway traffic accidents over the weekend.

Ross Rogers, 62, Dayton, and his wife, Josephine, 76, were killed Sunday in a two-car, head-on collision on the Hopeville-Lafayette secondary road at Hopeville near McMinnville.

Marshall Pelouquin, 51, Portland, died in a hospital Sunday of injuries suffered Saturday night when his car left a Multnomah County road and hit a utility pole.

John Dykstra, 67, Portland, was killed in a one-car accident on U.S. Highway 30 near Arlington Saturday.

Patrick Young, 20, Bend, lost his life in Upper Shevlin Park near Bend when a car struck a group of trees.

Dee Shankles, 69, Portland, died in a three-car collision in Portland Saturday.

The body of Ben Schomberg, 72, of Junction City was found Sunday night in his auto at the junction of U.S. Highway 99W and State Highway 39 just south of Junction City.

POPE'S TEMPORARY RESTING PLACE — Wreaths of flowers and a plaque of the Madonna adorn the temporary tomb of Pope John XXIII in a crypt below St. Peter's Basilica. The body will later be moved to its permanent resting place in the Cathedral of St. John Lateran in Rome. The church on June 7 began nine days of funeral rites in St. Peter's for Pope John amid calls for his sainthood.

## FU Chief Advises Farmers In Other Lands To Organize

WASHINGTON (UPI) — The president of the National Farmers Union (NFU) today advised farmers in underdeveloped nations to organize for self-defense in both politics and marketing.

James Patton, NFU president, said in a speech prepared for delivery to the World Food Congress that without "strong organization farmers will be advanced and developed nations would not get a 'fair share' of the goods of life."

Patton said effective farm co-operatives were needed in underdeveloped countries because co-ops might be "the only hope" for lifting farm income in such areas.

## Woman Drowns In River Plunge

LYLE, Wash. (UPI)—Mrs. Margaret West, 19, of Hillsboro, Ore., fell over a 100-foot embankment into the turbulent Big Klickitat River Sunday and presumably drowned.

Search for her body resumed today after fishermen with boats and nets failed to recover it Sunday. Deputy George Durant said more than 200 cars converged on the scene two miles north of here.

Durant said Mrs. West was walking along the top of the embankment with her husband, Earl, 20. She lost her footing in the soft shale and fell over the nearly vertical cliff.

Other congressional news: Detergents: House investigators turned from industrial wastes to household detergents in their inquiry into water pollution. Among the scheduled witnesses at today's hearings before the House natural resources subcommittee were representatives of the Soap and Detergents Manufacturers Association, an organization representing most firms in the field.

Taxes: The House Ways & Means Committee is expected within the next few days to turn down President Kennedy's request to tax income from stock dividends at the same rate as wages, rents or interest. Stockholders now do not have to include in their taxable income the first \$50 dollars a year in stock dividends. Additional income from dividends is taxed at a rate 4 percent lower than income from wages, rents or interests.

# Midwest Storms Reek Death

By United Press International Thunderstorms and tornadoes left a trail of death and destruction in the Midwest today.

Tornadoes touched down in Michigan, Minnesota and North Dakota Sunday. The twisters struck three times in the area around Grand Rapids, Mich., and 170 inches of rain fell there in six hours ending this morning.

The tornado caused \$100,000 damage at Belmont, Mich., five miles north of Grand Rapids. Lightning destroyed a service station and several persons were injured, two seriously.

A tornado also was sighted near Cascade Twp., east of Grand Rapids, and at Hudsonville, on the southwest edge of town. Unconfirmed tornadoes were reported over Howard City and in Michigan's Newaygo County.

Many Drownings The drowning toll alone ran into the dozens during the weekend.

Two accidents in Wisconsin took three drowning victims each. Three men drowned in Lake Winnebago Saturday night. A father and his two children drowned in the Wisconsin River near Spring Green.

Ten persons drowned in Ohio, and the toll in Indiana was nine water deaths.

A powerful wind shook an American Airlines plane that was landing in Chicago's O'Hare Field. A stewardess and two passengers suffered bruises and were treated at a hospital.

Thunderstorms lashed scattered parts of New England Sunday on the 10th anniversary of the Worcester tornado. That twister, in 1953, killed 94 persons, injured 140, and did about \$75-million damage.

Teen-Ager Killed A teen-ager was killed in a head-on collision in Tyngsboro, Mass., during a driving rainstorm. Minor flooding and washouts were reported in the same western Massachusetts area.

Rainfall amounts for the 24 hours ending late Sunday included Denver .50, Milwaukee .67, Amarillo, Tex., .70; Boston .69, Cleveland .66 and Detroit .56.

A severe thunderstorm hit Cambridge, Ohio, which already had floods from heavy rains last week. Firemen went to the municipal park pond to pump out some of the rain so the dam would not break.

A tornado blew down a barn and damaged the house on a farm near Janesville, Iowa. A Jackson, Mich., man was killed early Sunday when he tried to move a downed electrical wire carrying 4,000 volts.
