

Modoc Lumber Buys Blowdown Timber Tract

The Modoc Lumber Company of Klamath Falls was among 17 bidders on \$3.8 million board feet of blowdown timber sold at oral auction by the Medford District of the Bureau of Land Management, June 13, the BLM has announced. The 17 tracts were sold at a bid price of \$69,161.80.

Two windthrown salvage sales of 151,000 board feet in Douglas County and 152,000 board feet in Josephine County received no bid. One other tract containing 3.1 million board feet located in the Trail area also received no bid. These tracts will be held open for a period of 90 days during which time bids for not less than the appraised price will be received.

Purchasers of the 17 tracts, other than the local firm, included Bate Lumber Company of Merlin, Spalding and Son, Cave-man Lumber Company, K & C Timber Company, Brown Brothers, Wesley Pieren and Howard Lewis, all of Grants Pass; Cooke & Critser of Sunny Valley, K. O. Healy of Wolf Creek, Cheney Forest Products of Central Point, Schmidt and Crews of Glendale, Bill Gallentine of Ashland and Timber Products, Medford Corporation and Kogap Manufacturing Company, all of Medford.

VAN S. MOLLISON

New Circus Act Coming

Al Nyback, president of Klamath Falls Shrine Club, announced today that final arrangements have been completed for the 18th Annual Shrine Circus to be presented at the fairgrounds Aug. 2 and 3, with matinee and night performances both days.

Van Mollison has been appointed Shrine Circus general chairman for the 1963 engagement.

Pat Anthony and his 17 juggle-bred lions and tigers will return by popular demand. Some of the new acts and artists include the bare-back riding Royal Dorchester from England; the Cycling Therons from France; Lotty Brun, world's girl juggler from Germany; the Great Bruno on the awaying pole and many other internationally renowned circus stars are included in the 20-feature acts.

"Clown Alley" will be populated with such favorites as Al Ackerman, Harry Dunn, Johnny Crilino, Pelusa, Chuckles and others.

Five Killed In Accidents

By United Press International
Five persons lost their lives in Oregon traffic accidents Monday. An 8-year-old Salem girl, Diana Sue Selmar, was killed Monday night when she was struck by a car while riding a bicycle near her home in east Salem.

Mrs. Vivian Winifred Masiker, 56, Forest Grove, died about 6 p.m. when her car struck a bridge post near Yamhill.

Mrs. Charlotte Webberly, 33, Sutherlin, and Joe Reed, 20, Oakland, Ore., were killed in a two-vehicle, head-on collision on old U.S. Highway 99 about 10 miles north of Roseburg.

Mrs. Webberly was alone in her station wagon and Reed was alone in his car.

Terrence Culp, 19, Burns, was fatally injured when his motorcycle collided with a car near Burns. He died in a hospital.

"WHITE ELEPHANT"
The expression "white elephant" applied to something that yields no profit and is costly to maintain is derived from the fact that the white, or albino, elephant, was deemed sacred in the East and had to be kept, but could not be made to perform any work.

Family Slain In Shotgun Bloodbath

PROSPECT, Pa. (UPI)—A 44-year-old housewife, despondent over ill health, turned her home into a bloodbath Monday, killing her husband and five young children with blasts from a 12-gauge shotgun before committing suicide.

State police said Mrs. Elizabeth Gregor, wife of a tractor salesman in this Western Pennsylvania farming community, killed the children, including 19-month-old twins, then telephoned her husband at work on the pretext that one of the children was ill.

When Joseph Gregor, 52, walked in the door of her home, she killed him and telephoned coroner Clinton Atwell to come to the house.

Before Atwell arrived with police, she apparently tied a string to the trigger of the shotgun and killed herself by pulling the string.

Atwell found Gregor's body by the front door and Mrs. Gregor's nearby. In another room, the bodies of Joseph Jr., 14; Thomas, 12; and Rosemary, 10, were found. The dead twins were found in their beds. The older children were Mrs. Gregor's by a previous marriage.

Police found a series of notes in the house which they said disclosed that Mrs. Gregor had been planning the slayings for some time.

Atwell said the shootings occurred shortly after Mrs. Gregor asked her daughter-in-law, Mrs. Carole Gregor, 19, to drive to nearby Butler, Pa., to obtain a prescription at a drug store.

"It's a good thing she did, otherwise who knows what might have happened to her," Atwell said.

He officially termed the deaths murder and suicide.

Atwell said Mrs. Gregor had been under a doctor's care recently for a nervous condition.

Gregor had three other children by a previous marriage, Donald, 19, husband of Carole; and Robert, 21, both of Butler; and Mrs. Donald Mackel, 23, of Dallas, Tex.

FUTURE ENGINEERS? — Klamath Falls boys were among the 185 high school boys who visited Pacific Power & Light Company's Engineering Department in Portland while enrolled for Junior Engineers and Scientists Summer Institute at Oregon State University. Gerald Argetberger, left, Jeff Bingham, center, Klamath Falls, and Vic Bartruff, Lacombe, right, listen to Mike Wagoner, PP&L design engineer, explain control panel. The boys observed engineers at work, later heard discussions of engineering career opportunities.

High Voltage Link Proposed

WASHINGTON (UPI)—California officials today put their state squarely behind a proposal for federal construction of high voltage transmission lines to link power resources of the Pacific Northwest and California.

The action was taken by Ralph M. Brody, chairman of the California Water Commission and William E. Warne, director of the State Water Resources Department, during a closed session of the House Public Works Appropriations Subcommittee.

The Californians said they supported President Kennedy's budget request for \$4 million for work on the California portion of the West Coast power intertie during the fiscal year beginning July 1. Deputy Finance Director Irvine H. Sprague told the committee that the intertie had the full endorsement of Gov. Edmund G. Brown.

The construction of such a federal intertie is long overdue and should be initiated without further delay," Warne said.

He said studies made in cooperation with Washington and Oregon had shown that the intertie would more than pay for itself and provide a market for power now going to waste in the Pacific Northwest.

Warne said the state also supported a budget request by the Bonneville Power Administration for work on the intertie.

Warne and Brody headed a group of some 30 Californians who appeared before the committee in support of various flood control and reclamation projects.

Brody said about \$49.6 million in federal funds was needed for the Central Valley Project and an additional \$15 million in reclamation funds for the intertie, the Ivan program and the Tule Lake diversion of the Klamath Project.

Coffee Tax Requested

OLYMPIA (UPI)—The Washington State Tax Commission today asked the State Supreme Court for permission to impose the manufacturing tax against firms which blend and roast coffee.

The commission contended the process which transforms green coffee beans into ground and packaged coffee ready for the pot amounts to manufacturing under the legal definition.

Thurston County Superior Court Judge Raymond W. Clifford disagreed earlier.

"There is no testimony that the chemical content of the thing that is dealt with has been in any way changed," Clifford said. "In its raw state it has been cleaned; it has been subjected to heat; it has been ground. It is still coffee."

Clifford ordered the commission to refund \$7,167 in taxes to Continental Coffee Co., a Seattle corporation.

When lick - and - stick postage stamps first were produced in England during 1840, critics claimed their usage would cause tongue lesions and spread cholera.

C.O.C. Puts Approval On Marathon

MOUNT SHASTA—Members of the Mount Shasta Chamber of Commerce have voted to continue the annual marathon up the mountain as part of the July 4 celebration. They also passed a motion to appropriate \$100 as an award for the winner of the climb and discussed a perpetual trophy.

The trophy question has been turned over to the July 4 committee for further study, and a report is to be made at the next meeting. The chamber also decided to sponsor a candidate for Siskiyou County fair queen.

Since the withdrawal of the Mount Shasta Ski Bowl Association's partial support of the information booth, chamber members learned of the possible discontinuance of its services unless more money is made available by the Motel-Hotel Association. The association says it cannot assess members any more to make up the deficit and is to give a definite report on its position at the chamber's June 27 meeting. Mount Shasta Chamber of Commerce, MHA, and the Ski Bowl Association have jointly financed the booth in the past.

James Hennessy Jr. gave a report on the California Association of Airport Executives Convention to be held in Mount Shasta June 19 - 21. Robert Cornwall told the group the Bearjaws will sponsor the July 4 parade, queen's contest, and concessions on East Castle Street. Frank Melo announced that Mount Shasta is conducting the only major fireworks display in the county on July 4, with over 5,000 out-of-town visitors.
