Youth Saves 6 Children

ROSEBURG (UPI)—A 15-year-old boy was credited with saving the lives of six other children when flames roared through their home here early Wednesday.

"If it hadn't been for the exceptionally fine action of James Burt, the other children undoubtedly would have perished," Roseburg Rural Fire Chief Cliff Phrasier said.

The boy and the six other youngsters, aged 3 to 10, were asleep in a second story room of the frame home when the fire was discovered about 3:54 a.m.

Phrasier said James herded his sister and two brothers and three cousins into a back bedroom and forced them to lie on the floor.

His father, Byron, had gone for a ladder and placed it near the window of the back room. James guided four of the children down the ladder to safety and with his father's help, got the other two youngsters outside.

Fire officials said the boy's uncle, William Ferren, and his three daughters, aged 7, 9 and 10, were living with the Burts. Ferren suffered serious burns. Mrs. Burt suffered burns on her arms and back.

Cause of the fire, which apparently started in the dining room, was not immediately known.

The U.S. and Dominican Republic resumed diplomatic relations on Jan. 6, 1962, according to the Britannica Book of the Year.
