WALL STREET
Wall Street chatter
NEW YORK (UPI) — Investment advisers Thomson & McKinnon say "the market's action during the next few weeks should be interesting indeed."
"Rail shares have gained a new stature in the market but this strike-threatened group has been going it alone and can't be expected to hold the trend intact if the blue chips comprising the averages fail to rise to the occasion," it notes.

Value Line Survey said meat packers are headed for a major resurgence in 1963. Cattle and hog supplies should remain above 1962 offerings and prevailing livestock costs will enable the packers to operate plants at profitable, near capacity levels.

Arthur Milton & Co. says that "well established companies with small capitalization, rather than companies with multitudinous shares outstanding, offer the investor the greater opportunity for enhancement."

Four Children Injured In Three Auto Mishaps

Four children received cuts and bruises and one car received major damage in three two-car accidents reported to city police over the weekend.

Passengers in a car driven by Marcia Ann Walthrop, 23, 2642 Eberlein Avenue, received minor cuts and bruises when Mrs. Walthrop's car collided with a vehicle driven by Robert D. Cooper, 16, 590 Lakeport Drive. The accident occurred at 7:50 p.m. Saturday, at the intersection of Eberlein and Mitchell Street.

The injured were Mrs. Walthrop's children, Robert, 9; John, 8; Elizabeth, 6; and Nancy, 4. Damage to both cars was slight. Police cited Cooper for failing to yield the right of way. The police report said he failed to stop at a stop sign at the intersection.

A vehicle driven by Harvey A. McKee, 21, 207 North Rogers Street, received major damage in a collision with another vehicle Friday at 2:10 p.m. at the intersection of South Sixth and Walworth streets.

Police said a car driven by William R. Hooper, 68, 6302 Moylana Way, was stopped in the line of traffic waiting for the red light to change and the McKee vehicle struck it from behind. McKee was cited for failure to keep a vehicle under control.

Damage to the Hooper car was minor, the police reported.

Two cars received moderate damage in a crash at 2:20 p.m. Friday, on Main Street near Spring Street. The driver of one of the vehicles, John Madsen, 76, 1141 Martin Street, was cited for failing to yield the right of way to a vehicle.

His car was heading west on Main Street when it turned in front of a car driven by James Albert Hand, 27, 1936 Fremont Avenue, according to police. Hand was driving east on Main at the time of the accident.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N.Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were

as thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Proctopain. At all drug counters.

MAKE FREEDOM REALLY RING — Bells of the Klamath Basin will ring with others across the nation at 12 noon July Fourth, for four minutes, in commemoration of American independence. This one is at the Mt. Laki Community Church where Rev. Andrew Jarvis has pledged its support to the plan. The bell originally swung at the county Fairview School which was moved to the site of the present Henley Grange Hall. It called students to classes for many years. Beneath the bell, mounted in the church yard, are Kevin Dehlinger, 8, Henley Grade School, left, and Patti Benedict, 14, Beaverton, formerly of Klamath Falls, and a member of Sconchin Society, Children of the American Revolution.

Police Investigate Thievery

The Klamath Falls Police Department had its hands full over the weekend investigating a rash of thefts both unusual and commonplace, and an act of wanton vandalism at an East Main Street car lot.

One of the thefts with an unusual twist occurred when a man was seen stealing some fishing equipment from a garage at 1005 Pine Street, at 3 p.m. Sunday.

The victim, a young boy from Hollister, Calif., was alerted by a man who witnessed the theft, and ran down the street after the suspect. The youth overtook the man carrying the equipment and the man gave him back his fishing gear, saying, "I'm sorry son."

The man then hastened away and vanished among a crowd of weekend shoppers along Main Street.

A thief who apparently favors bananas and silver dollars broke into the Linneus Middleton residence, 2245 Garden Street, between 7:30 and 10 p.m. Sunday.

The only things Middleton found missing when he and his wife returned home the same evening were a few silver dollars and a bunch of bananas. Police found one banana peel in the yard.

Middleton said there were some valuable pieces of phonographic equipment and guns in the house, but the thief was apparently more hungry than larcenous. Entry was gained by breaking a back door window and unlocking the door from the inside.

A neon sign at Drive More Motors, 302 East Main Street, was broken early Friday morning by some thieves who stole a battery and valve covers from a car owned by Fred Hadlock, 4224 Laverne Avenue, that was parked at the car lot.

The total loss, including the damage to the sign, was estimated at \$125.

An undetermined amount of beer and wine was stolen from the Million Distributing Company, 611 Broad Street, late Saturday night or early Sunday morning.

Police reported that the glass in the front door was broken and the door was opened from the inside. Police have no suspects in the case.

John Wyman, 4230 South Sixth Street, reported that an \$80 tachometer was stolen from his car between 1 and 10:30 a.m. Sunday while the vehicle was parked at a service station at the corner of Twelfth and Main streets.

Wyman said a wing window on his car was smashed and the thieves ripped out the tachometer after cutting some wires.

Freedom Bell Campaign Seeks Local Response

The Klamath Basin will take part on July 4 in the "Let Freedom Ring" the new national observance of the Fourth of July, the anniversary of independence for the United States of America.

The idea had gripped the Klamath country and many groups and individuals plan to participate in the ringing of a bell, any kind of bell, large or small, at 12 noon for four minutes to symbolize new faith in this country.

Spearheaded by Daughters of American Colonists and Sconchin Society Children of the American Revolution, the ringing will be reminiscent of the joyous clangor that greeted the first anniversary of the Declaration of Independence at Philadelphia in 1777.

President Kennedy, who will award the Freedom Medal for the first time this year, believes the bell-ringing custom will help "renew citizen awareness of our heritage." Sen. Abraham Ribicoff of Connecticut introduced a supporting resolution in the U.S. Senate and at the state and local levels, the idea is sweeping along like a prairie fire.

State governors, national fraternal, service and veterans' organizations have urged local branches to participate.

Mayor James H. J. Tate of Philadelphia has assured that the Liberty Bell itself will be given a ceremonial tap and the bell in the tower of Independence Hall will lead the great chorus.

Many Klamath Basin ministers announced the plan from their pulpits Sunday, and other groups have signified they will take part in the "Bells Across the Nation," and the "Rededication of Patriotism and Awareness of Freedom."

Malin Pool Times Noted

MALIN—On July 1, the Malin Park swimming pool will begin adult classes from 7 to 8 o'clock each Monday, Wednesday, and Friday evenings. Children's classes will be conducted Monday through Friday at 9, 9:30, and 10:40 a.m.

Lifeguard lessons will also begin July 8 from 8 to 10 a.m. Monday through Friday for two weeks. Children must be 12-years-old to enroll. Only the regular admission price will be charged for all of the lessons.

Swimming team tryouts and practice sessions will be held at 7 a.m. Monday, Wednesday, and Friday, at 8 a.m. on Tuesday, Thursday, and Saturday. Everyone is invited to try out.

Included in the contract is the Sunset Campground road, which will provide access to the undeveloped shoreline between Rainbow Bay and the Eastside Summer homes at Lake of the Woods. Development of the area as a public campground will be accomplished in stages, with the road development being the first step.

Also included in the contract is a new approach to the Eastside summer home area. District Ranger Bud Twombly pointed out that the present approach is on a dangerous curve where a number of accidents have taken place. The new approach will provide better visibility.

Work on these road contracts is scheduled to begin early this summer. The contract was awarded for \$19,103.43.
