

Report Says Roads Okay In Fremont

LAKEVIEW—All surfaced roads are open, most unsurfaced roads are passable, and all roads are dusty on the Bly Ranger District, according to the weekly recreation report of the Fremont National Forest. All campgrounds are open but there is still a warning that spring water at Lofton should be boiled before drinking. Fishing is moderate in all streams and lakes. The fire danger is high.

All open, dry and dusty is the verdict on roads in the Drews Valley District. The campground is being used by organizations and groups for picnics on weekends. Fishing on Cottonwood is fair to good. The fire danger is high and users are asked to be extremely careful because of slash.

In the Paisley District all main roads are open and passable. There is still fallen timber on trails but they can be used. Campgrounds are all open. Fishing is good at Deadhorse and Sprague, Chewaucan and Sycaun rivers. Extreme caution should be taken in cheat grass and blowdown areas because of the high fire danger. Shovels, buckets and axes are required.

In the Silver Lake District all surfaced roads are open but very dusty. All campgrounds open to camping and picnicking but it is recommended that campers using East Bay and Silver Creek Marsh campgrounds bring water. At Thompson Reservoir still fishing is excellent, but poor on trout; no report of fly fishing. Fly fishing is good at Silver Creek. Fire danger is high.

All roads are passable and dusty and all campgrounds are open on the Warner District. Fishing is fair to good in South Warner Creek. It is emphasized that slash areas in North Warner area are closed to all power saw use on weekends and holidays.
