

First Lady Plans Rest Until 1964

HYANNIS PORT, Mass. (UPI)—First Lady Jacqueline Kennedy was in the starting stage today of a long convalescence that will keep her out of the official White House limelight until early next year.

The President's 34-year-old wife left the Otis Air Force Base Hospital Wednesday in "very satisfactory" condition. She had spent a week there during which her third child, Patrick Bouvier Kennedy, was born and died less than two days later.

Mrs. Kennedy had undergone her fourth Caesarean, and although weak and wan looking she walked out of the hospital hand in hand with the President. She smiled and seemed happy to be going home to Squaw Island and her children, Caroline, nearly 6, and John Jr., almost 3.

Mrs. Kennedy is on the road to recovery, but her obstetrician, Dr. John W. Walsh of Washington, ordered her to cut out all official activities for five months "in order to insure her complete rehabilitation and continuing good health."

Starting in mid-September the First Family is expected to spend several weeks at Hammersmith Farm, the Newport, R. I. home of Mrs. Kennedy's stepfather and mother, Mrs. Hugh D. Auchincloss.

Bomb Denied Red Chinese

TOKYO (UPI) — Red China charged today that Russia once agreed to help the Peking regime make atomic bombs but later reneged on the promise.

The charge broadcast by the official Peking Radio was believed to be the first time the Chinese Communists publicly have made such an accusation against the Kremlin.

The government statement said Soviet Premier Nikita Khrushchev apparently scrapped the bomb agreement as a gift to then President Eisenhower during the Russian leader's visit to the United States in 1959.

The Chinese again denounced the Moscow treaty under which Russia, Britain and the United States agreed to ban nuclear tests in the atmosphere, in outer space and under water. The Chinese consider the treaty a Soviet surrender to Western "imperialism" in communism's struggle to dominate the world.

The Kremlin's failure to help the Communist Chinese acquire nuclear weapons is one of the causes of the deepening rift between Moscow and Peking. It is linked to the basic dispute over Khrushchev's policy of peaceful coexistence.

Khrushchev believes that communism will win out over Western capitalism through peaceful competition. He rejects resort to nuclear war, claiming both sides would be losers because of the destruction that would result.

Mobster Cohen Gets Fractured Skull

ATLANTA (UPI)—Cocky Mickey Cohen, who sneered at gangsters' bombs and bullets, lay in a prison hospital today with a fractured skull, the victim of a touchy forger from South Carolina.

A neurosurgeon said "48 hours will tell the tale" of the effect the bloody beating will have on the West Coast mobster.

Officials at Atlanta Federal Prison said Cohen, serving 15 years for income tax evasion, was "progressing very satisfactorily" and would live. The neurosurgeon had to operate Wednesday to relieve the pressure on Cohen's brain shortly after a fellow inmate hit him on the head three times with a three-foot length of pipe.

Cohen "spent a restless night" under sedation, sources said.

Warden D. M. Hertiage said Cohen was sitting in the radio-television workshop talking to a guard when Berl Estes McDonald, a 32-year-old forger from St. Stephen, S.C.,

McDonald, in addition to his one-toen-year sentence for forgery, was serving ten years for assault with intent to murder a fellow inmate at Leavenworth Federal Prison.

Both Cohen, a flashy, 43-year-old former California gambling czar, and McDonald were transferred here last February when Alcatraz prison was closed down. "It was a personal disagreement between two men in prison," Hertiage said. He would not elaborate, he said, because it "might prejudice" trial of the assault with intent to murder charges filed against McDonald.

It was not the first time Cohen shed blood in a "personal disagreement." He was shot and wounded at least twice in California, and came through several bomb blasts at his home on other gangland shootings and two scratched.
