

UN Investigates Clash Between Israeli, Syria

JERUSALEM, Israel (UPI) — United Nations truce observers today rushed an investigation into the latest flare-up between Israel and Syria in anticipation of an emergency U.N. Security Council meeting on the tense situation.

Gen. Hail Yahil, Israeli foreign ministry director, called Tuesday for urgent U.N. action to halt what he termed "Syrian aggression." Clashes occurred Tuesday on the ground and in the air.

U.N. sources in New York predicted the Security Council would meet Thursday or Friday to hear the Israeli complaint.

(In Damascus, Syria accused Israel of violating the truce.)

Situation Deteriorating
The always potentially dangerous situation in the Middle East began to deteriorate suddenly Monday when Israel charged that two 19-year-old Israelis were killed by Syrian gunfire while re-

Kennedy Cites Radiation Case

WASHINGTON (UPI) — President Kennedy backed up his argument for a test ban treaty Tuesday by citing a report that Utah infants have been exposed to a possibly dangerous level of radioactive iodine.

At his news conference, Kennedy said the report was a "matter for concern" but added that findings in the report were not unanimous.

However, he said "it does tell us that it is desirable to get a test ban."

Hearing Set For Teacher

OREGON CITY (UPI) — A hearing was being conducted here today on whether a 64-year-old Oregon City school teacher would be able to teach her final year before retirement.

Mrs. Jewell Joy has been charged with insubordination by the Oregon City School Board.

She has taught at the Eastham elementary school for 19 years and has been a teacher since 1923.

Mrs. Joy was charged by attorney Lowell Njust, counsel for the school board, with criticizing Supt. Edwin Ditto, principals and teachers.

Mrs. Joy, through her attorney, James O. Goodwin, denied the 25 charges brought against her in the hearing which started Tuesday.

Goodwin said the board's charges against her, with indications she might not be rehired, were made known to her July 20. He said that if the board were going to fire her she should have been notified March 15, at the end of her three-year contract.

She said teaching the additional year before retirement would increase her teaching retirement benefits from \$100 to \$110 per month.

Police Arrest Victim's Friend

PORTLAND (UPI) — Portland Police detective William Taylor was in Fremont, Neb., today to question the man believed to be the last person seen in the company of Idaho cattle heiress Irene Davis, who was found dead in the Hilton Hotel here Aug. 6.

Robert Joseph Evans, 27, was arrested in Fremont Monday on a charge of larceny by bailer. Taylor arrived late Monday night to question him.

Evans, also sought in Honolulu for violation of probation, was one of three men last seen with Miss Davis, of Payette, Idaho. She was later found in the bathtub of her room with a stocking knotted around her neck.

The Multnomah County coroner ruled her death "homicide until proven otherwise." Evans was picked up on a Clackamas County warrant charging him with the removal of an auto from a Milwaukee firm where he had been employed.

SCOUTING SURVEY — Boy Scout executive Gale Staley, left, addresses a group of Klamath County school principals concerning the Boy-Scouts survey made by the Boy Scouts each year. Staley distributed materials so the survey can be taken in schools. The survey determines how many boys are in scouting, how many want to be, etc. The meeting took place Monday in the county library. Shown with Staley, left to right, are principals Frank Hale, Peterson School; Charles Hale, Henley; Bill Kurtz, Merrill Elementary; John Mathis, Merrill High; Stan Savruk (in back), Altamont Elementary; Harvey Denham, Altamont Junior High; Vern Ruckel, Gilchrist; and Don Crawford, Keno.

State Police Charge Pair In Burglary

Two Kingsley Field airmen were apprehended by Oregon State Police early yesterday in connection with the burglary of one of four South Sixth Street business establishments which were looted of more than \$700 in cash and merchandise last Aug. 9.

Arraigned in district court on charges of burglary not in a dwelling were William Richard Best, 21, and Glen Dale Ratcliff, 21, both airmen second class.

District Judge Robert B. Ker set 3 p.m. Thursday, Aug. 22, as the time he would receive entries of plea from the airmen. The defendants are accused of stealing \$200 in cash, nine new tires, and various tools in the burglary of the Allan Klus Richfield Station at 3640 Summers Lane. Several days later three of the tires were discovered floating in the "A" canal near the Klamath Irrigation District Headquarters. Police still are seeking the remaining part of the loot.

The other establishments burglarized the same night were Haney's Signal Service, 4653 South Sixth Street; Roberts Hardware, 3890 South Sixth Street, and Low Cost Market.

John Doe, larceny of auto, dismissed.

Grass Fire
City firemen at 11:47 Tuesday morning extinguished a grass fire on the banks of the Link River near the Pacific Power and Light regulating dam. There was no damage.

Safeguards Against Attack Studied By U.S. And Russia

GENEVA (UPI) — The United States and the Soviet Union appeared today to be cautiously weighing the advisability of opening serious negotiations on means of preventing surprise attack.

There were clear indications that neither the United States nor Russian delegations to the 17-nation disarmament conference has yet reached a decision on the matter.

Both delegations have singled out the surprise attack issue as one of the most promising with which to follow up the partial nuclear test ban treaty signed in Moscow Aug. 5 by the United States, Britain and Russia, and since adhered to by numerous other nations.

With no formal disarmament conference session scheduled until Thursday, delegates spent the day discussing ways to make the Geneva conference useful as preparation for the United Nations General Assembly session opening Sept. 17 in New York.

The proposal most prominently mentioned for consideration for eliminating surprise attack has

been the exchange of observation posts between East and West at rail junctions, airports and other key points.

Soviet sources have said they considered an exchange of observation posts "the best next step" toward easing East-West tensions but they doubt that any far-reaching agreement can be made until the U.S., British and Russian foreign ministers meet next month at the United Nations.

Earlier in the afternoon, the same firemen from the department's substation had extinguished a grass fire in the 2600 block of Pershing Way. There was no damage from this blaze.

Burning Bread Smokes House
City firemen were called to 2147 Eberlein Street Tuesday afternoon when smoke was seen pouring from a house.
Firemen found that a toaster had been left on and the smoke was generated by the burning bread. There was no damage. The call came in at 1:54.
