

CHESS CHAMPION — Lewis Wayburn, right, of Your Store presents accountant R. A. Mitchell with a hand-carved chess set for winning the second annual open chess championship, sponsored by the City Recreation Department and the Herald and News.

Chess Title Captured By Mitchell

Robert A. Mitchell, Klamath Falls accountant, won six straight matches to capture the Second Annual Klamath Open Chess Championship this week.

Pete Behr, a 17-year-old senior at Klamath Union High School, finished second, losing only one game to Mitchell. In taking second place, Behr defeated many local veterans, including last year's champion, Wes McKaig, who finished third.

The tournament was sponsored by the City Parks and Recreation Department and the Herald and News, and Your Store presented first prize of a hand-carved chess set to Mitchell.

Junior division results will be announced later this week. Results in the senior division, using Swiss system points, are as follows:

R. A. Mitchell, 23½; Pete Behr, 19½; Wes McKaig, 16; Bill Knauss, 11½; Ben Horn, 11½; Dan Cillis and Andy Moore (tie), 11; John Powell, 9½; Paul Rood, 9; R. P. Mitchell, 6½; R. Harjono, 5½; Jim Dyer, 5½; Donald Keefe, 3½; Kent Franklin, 3; Ron Bickett, 4½; P. K. Watson, 3½.

Merchants Association Plans Downtown Study

Klamath Merchants Association when all information is gathered.

Members of the guiding committee for the project are A. M. Hattan, Curt Lions, Marty Franz, Frank Bogatay, Bill Ganter, Lawrence Slater, Dick Hicks, Rod Bell, Dick Reeder, Harry Boivin, Bob Beach, Bob Gotshall, George Flitcraft, Bill Sweetland, Frank Drew, Cecil Drew, Jim Kerns Jr., Richard Green, Bill Meade, Wayne Blair and Robert Veatch.

The first part of the detailed study has begun with the mailing of questionnaires to all members of the association.

This questionnaire will seek to determine the trade area of the Klamath Falls retail merchants. The merchants are asked to list the northern, southern, eastern and westernmost towns from which both regular and occasional customers come.

Another part of the study will be the determination of traffic origins and destinations and shopping patterns in the downtown area. To ascertain this information, another questionnaire will be distributed. A final report will be published.
