B-A-A . . . B-A-A — These lambs brought good money at the 28th annual Junior Livestock Sale on Aug. 20. Diane Vanderhoff, 13, left, sold her Southdown Cross market lamb in a pen of four to the Grigsby Smokehouse for 80 cents per pound. Her sister, Linda, 12, who also entered a Southdown Cross, sold her lamb in a pen of two

to Klamath Plywood for 70 cents per pound. Lambs were sold on a 100-pound basis so it isn't hard to tally the totals, \$80 for Diane, and \$70 for Linda. King Warns Of Race Riot

CHICAGO (UPI) — The Rev. Martin Luther King Jr. said Wednesday there may be "a terrible race riot" in Birmingham, Ala., unless persons responsible for recent bombings are brought to justice.

"There have been 46 bombings since 1946 and nothing has happened to bring anyone before the bar of justice," King said at a news conference before a scheduled speech to the National Insurance Association, an organization of Negro insurance men.

The home of attorney Arthur Shores was bombed in Birmingham Tuesday night, bringing 2,000 angry, rock-throwing Negroes to the scene. Shores, a long-time court fighter in Alabama integration cases, guided the admission of two Negroes to the University of Alabama.

"Unless this bombing is solved, it will encourage mobsters and others to continue the same kind of acts," King said. "I would say that in the very near future there could be a terrible race riot in Birmingham."

Race Riot Sparked By False Report

BIRMINGHAM, Ala. (UPI) — A federal attorney says a false "eyewitness report" of a bombing last May sparked a melee of 2,000 angry Negroes who stoned police after another bombing here Tuesday night.

In an "unprecedented" statement on a case still under investigation, U.S. Attorney Macon Weaver said Wednesday the false tale of a Negro about the bombing last May was "directly responsible" for the angry demonstration Tuesday.

Weaver said an unidentified Negro told the Justice Department he saw two Birmingham policemen toss a bomb at the home of integration leader Rev. A.D. King last May.

The U.S. attorney said he hoped leaders of the Negro community would spread the word about the false story.

Weaver said that after extensive questioning here and in Washington the Negro admitted the story was a fabrication.

The attorney said the violence that resulted after Negro attorney Arthur Shores' home was bombed Tuesday night was a "direct result" of the false statement circulated in the Negro community.

He said the Negroes knew of the story but did not know it was a lie.

Some 2,000 Negroes gathered near Shores' home shortly after the blast. They threw rocks and bricks at officers and automobiles until police, firing over the heads of the crowd, dispersed them.
