Police Foil Theft Try

Thieves who had broken into a truck at Klamath Falls Distributors, 461 Spring Street, early this morning were apparently frightened off by the arrival of police cars.

Police arrived at the scene at 1:49 after being advised that a burglary was in progress.

Burglars Enter Firm

Burglars broke into the H. B. Dexter Co., 709 Riverside Street, last night and escaped with less than \$5 from the petty cash account and several jackets, the Oregon State Police have reported.

Dexter told police that the burglars broke a front window in the fuel oil distributing plant and then apparently went to the front door of the building where they shattered a small window pane, reached through it, and unlocked the door.

The losses and damage to the building was estimated at \$20 by Dexter. It was the first time in two years since the company was burglarized. Police are continuing their investigation.

He conferred this week with Gordon Bradley, Portland, fundraising director, in Klamath Falls to promote the coming campaign.

Public education on the seriousness of heart trouble is the main function in addition to research.

Injured was Jerald Dean Case, 27, of Rte. 3, Box 63, Midland Road, who was transferred by Peace Ambulance to Klamath Valley Hospital where he was reported in fair condition today. The victim was to be X-rayed this morning to determine if his injuries included bone fractures.

Also removed to the local hospital was the operator of the rear pickup truck, Delbert Everett Case, 29, of 1944 Logan Street, who received treatment for superficial injuries and was released soon after.
