

# Attorney General Okays Chiloquin Fire Payment

Atty. Gen. Robert Kennedy has approved a compromise settlement of a suit in which the Great Northern Railway would pay \$150,000 to Klamath Indians for damage to their lands in the disastrous 1959 Chiloquin fire.

This information was conveyed to the Klamath Tribal Executive Committee by the Washington, D.C., law firm of Wilkinson, Cragun and Barker.

The U.S. Department of Justice had initiated the suit against Great Northern.

The Chiloquin fire in September, 1959, damaged a total of 13,510 acres of forest land. Of this total, 9,340 acres were within the management trust area and 4,170 acres were former Indian reservation lands outside the trust area.

The fire started from cardboard cartons dumped to burn from a Great Northern boxcar northeast of Chiloquin. A stiff wind scattered the burning cartons and fire blackened a strip of land two miles wide and 10 miles long, most of it covered by prime Ponderosa and lodgepole pine. One man was killed fighting the blaze.

A year and a half after the blaze, an original suit for dam-

# Canadians Reach U.S. For Talks

WASHINGTON (UPI)—Canadian External Minister Paul Martin arrived here Thursday night for talks on the Columbia River Treaty and a discussion of major world issues with Secretary of State Dean Rusk.

Martin and his 11-man delegation to meet today with high level interior Department and Bonneville Power Administration officials on the price the United States would be willing to pay for British Columbia's share of electric power generated under the joint Columbia River development plan.

"I don't think we're near the end of the negotiations, but we're making steady progress," Martin told newsmen on his arrival at Washington National Airport.

Martin said his talks with Rusk Saturday would be concerned with "international problems as such—those covered in the likely agenda of the United Nations and one or two others that I'd like to raise with him."

The U.N. General Assembly opens Sept. 17.

Martin said his Columbia River talks would "substantially" be concerned with the price British Columbia could get for power sold to the United States.

The talks would mark the first time since the Columbia agreement between the British Columbia provincial government and the federal government in Ottawa that the question of dollars and cents had been taken up between the two countries.

Both U.S. and Canadian officials have expressed optimism and it appeared that the drawn-out Columbia River talks might finally be entering their last stages. The Columbia River Treaty was signed in January, 1961, and has been ratified by the U.S. Senate but Canadian ratification was blocked by disagreements between the British Columbia and federal governments.

# Vote Helps Rockefeller

ALBANY, N.Y. (UPI)—Gov. Nelson A. Rockefeller's drive for a White House bid on the Republican ticket in 1964 appeared stronger today based on the outcome of key primary races at opposite ends of New York State.

Although the governor was not directly involved, his political prestige was challenged. It was put to the test in Erie County where a failure could have hurt his chances of bringing a solid state delegation to the national convention.

A close primary contest in New York's Greenwich Village section may have ended a political career that at one time ranged high in city, state and national Democratic circles.

Final but unofficial figures showed Carmine G. de Sapio failed in his political comeback try by 41 votes. He lost his grip on Tammany Hall two years ago as the result of a reform move headed by former Gov. Herbert Lehman and the late Mrs. Franklin D. Roosevelt.

The defeat may jeopardize De Sapio's post as a Democratic national committeeman when the New York delegation meets at the national party convention next summer in Atlantic City, N.J.

De Sapio's successful opponent was Edward I. Koch, a reform Democrat.

In Erie County, two men appointed to judicial posts by the governor scored impressive victories over opponents backed by the county GOP chairman, Robert W. Grimm.

The Erie County contests stemmed from a split between Grimm and Senate Majority Leader Walter J. Mahoney. Rockefeller has supported Mahoney.

# PLANE TRIP AWARD — Myron Buswell points out an air route to his passengers, from left, Douglas Clark, Joy Ashcraft, Sandy Dutcher and Judy Irwin. Laird Smith and Buswell, who operates an air taxi and ambulance service from Lakeview, piloted the chartered craft on a round-trip from Silver Lake to Klamath Falls. The trip was a speaking contest award earned by the four north Lake County pupils, and the first airplane ride for the girls.

# Lake County Youths Win Plane Trip For Speeches

SILVER LAKE—The local airstrip was the focal point for four north Lake County youths who were awarded a very personal round-trip plane ride to Klamath Falls on Aug. 28.

The Lake County Chamber of Commerce made the trip possible for winners of the annual speaking contest sponsored by the Fort Rock-Silver Lake Soil Conservation District.

When the April West Coast Airline ruling postponed the trip earned by the pupils at the March contest, the chamber tabled the plan. Last week, working with supervisor Bud Parks of Fort Rock, Trow Long, chamber secretary, announced that arrangements were being made to fly the group by chartering Buswell's Flying Service of Lakeview.

Pilots for the personalized trip were Myron Buswell, owner of the air taxi and ambulance service, and Laird Smith, a former Army flyer from Lakeview.

The passenger list included Judy Irwin and Sandy Dutcher, Fort Rock School; Douglas Clark and Joy Ashcraft, Ana River School, Summer Lake; Mr. and Mrs. Bud Parks, and Mrs. Glenn Irwin. The two Silver Lake contestants were unable to be present for the trip.

# Pope Assails Communism

CASTEL GANDOLFO, Italy (UPI)—Pope Paul VI said today the Roman Catholic Church has not changed its opinion about the "contagious and lethal malady" of communism, and will fight it "not only theoretically but practically."

It was the Pope's first direct pronouncement on communism since his election. It apparently was intended to quiet the fears of those who believed that the church under the late Pope John XXIII had softened its opposition to communism.

The pastoral solicitude of the church, indicated by its teaching of charity toward others, "does not signify changes of judgment about errors diffused in our society and already condemned by the church, such as atheistic Marxism for example," the Pope said, speaking to a group of Italian priests participating in a pastoral conference.

# Evangelist Cites Sex Obsession

LOS ANGELES (UPI)—Billy Graham, expressing a concern over a "sex-obsessed age," Thursday night urged the youth of America to live clean and wholesome lives in the face of temptation.

The evangelist, hearing the conclusion of his Los Angeles crusade in Memorial Coliseum, noted that the problem of sex is as old as man and that man is always trying to devise methods to solve it.

But he said the pendulum has swung too far from the secrecy of the Victorian era.

"The era of sex expression is upon us, a day of free lust when it has been estimated that 50 per cent of husbands and wives are unfaithful to one another," Graham said.

"For the past few years, sex has been screamed from the housetops through the theater, films, novels and sociologists conspiring together to lift the veil of Victorian secrecy."

He told his audience of 32,409 that knowledge about sex divorced from God "is secular and soon descends to the vulgar."

"It is time that we in the church face this serious problem with absolute frankness," Graham said.

# U.S. Jobless Total Drops

WASHINGTON (UPI)—The Labor Department was expected to report today that unemployment in August fell close to the 4 million mark.

Employment—at a record-high 70,851,000 in July—normally shows little change in late summer.

An informed source said the jobless total declined from 4,322,000 in July by about 350,000. That would be about usual for August.

Top leaders of the AFL-CIO declared that there is a "strong likelihood" that unemployment will amount to a "disastrous" level unless there is bold government action to pep up the economy.

President George Meany and secretary-treasurer William F. Schnitzer placed full employment at the top of the agenda for the AFL-CIO's fifth biennial convention opening Nov. 14 in New York.

# Three Die In Accidents

By United Press International

Traffic accidents killed three persons in Oregon Thursday afternoon and night, including two children who died when the car in which they were riding crashed into an overpass pier.

Aaron Richard Neubeck, 3, and his brother, Brian Ray Neubeck, 6, were killed at the Keene Road overpass 10 miles north of Salem when their mother, Mrs. Eunice May Neubeck, 27, apparently went to sleep at the wheel, State Police said.

The young boy died instantly and Brian died en route to a Portland hospital. Mrs. Neubeck was listed in critical condition at a Salem hospital.

Police said the family was believed to be from Cutler City, Calif., but there were papers in the car indicating they had been in Port Angeles, Wash., recently.

Lyness M. Needham, 48, of Portland was killed when his small foreign-made car was struck by a State Highway Department truck in northwest Portland. The car overturned and burst into flame.

Truck driver Clifford Lehman, 32, Portland, was not injured.

# Woman Barely Escapes As Jet Smacks House

NORTHBROOK, Ill. (UPI)—Mrs. Aileen Enmark felt guilty about lying abed while her husband and daughter were at work.

That twinge of conscience may have saved her life.

Naval Reservist Lt. D. J. Mellem decided to use the ejector. That split second decision probably saved his life.

Mrs. Enmark felt ill Thursday morning so she went back to bed after her daughter, Janet, 20, a computer operator for an insurance company, and husband, Claus, a welder at a petroleum research laboratory, left for work.

But about 11:40 a.m. Mrs. Enmark got up. Twenty minutes later she was bustling about the kitchen of the Enmarks' \$30,000 home in this Chicago suburb, sprinkling clothes for ironing.

At that same instant Mellem, 32, a United Air Lines flight engineer spending the day training to hold his Navy commission, was being waved off from landing at Glenview Naval Air Base for an improper approach.

Mellem pushed the throttle of his AF1E Fury fighter (Navy version of the F96 Sabrejet) forward to gain altitude.

The fighter climbed steeply to 400 feet, then faltered and caught fire. Mellem barely had time to radio his "May Day" distress call. Then he grabbed the handle of the ejector seat. It fired and his parachute opened. He had only a 400-foot altitude but he dropped unhurt into an open field.

The plane continued its almost due northward course to Northbrook, losing altitude, narrowly missing a high school, clipping the tops from tall trees and dodging under utility wires.

Mrs. Enmark heard it coming "but I didn't think much about it."

Mrs. Enmark reached safety before the flames destroyed the interior of the house.

The only casualties were the Enmarks' two cats.

# U.S. Jobless Total Drops

WASHINGTON (UPI)—The Labor Department was expected to report today that unemployment in August fell close to the 4 million mark.

Employment—at a record-high 70,851,000 in July—normally shows little change in late summer.

# Authorities Eye Suspect

PORTLAND (UPI)—Portland authorities today were seeking an escapee from the Oregon State Penitentiary for questioning about the abduction of a 9-year-old Portland girl Monday.

Police said they want to talk to George Clyde Siefer, 29, who fled the prison Aug. 30 while working at a greenhouse outside the walls. They said Siefer, who was sentenced to prison on a five-year burglary term, also has been convicted of offenses involving young girls.

Jane Irene Gaylor was kidnapped as she walked with friends on Portland's southeast side. She was taken to a wooded area in northwest Portland but released unharmed when her abductor became frightened by an airplane flying low over the area.

A stolen car was later found abandoned nearby.

# Trash Fire

City firemen late Thursday night extinguished a trash fire in an alley between Darrow Avenue and Vine Avenue. There was no damage. The alarm was turned in at 11:36 p.m.
