

POLLY'S POINTERS

Lace Into These

POLLY CRAMER
Newspaper Enterprise Assn.

DEAR POLLY — If you're tired of lacing the children's tennis shoes, here's a way to tie them permanently. I hope my method will win a Polly Dollar. Replace the original shoestrings with 1/2-inch elastic. Start at the top and work down. At the bottom be sure the strand of elastic goes from the top and then under. Tie the two ends together in a knot, trim off the excess. Shoes are tied permanently. I do this with all my toddler's shoes as elastic comes in black, too, and can go in his Sunday shoes. Do be careful not to get the elastic too tight as the instep takes up a lot of room. The knot can be slipped to the side underneath the eye and not be seen.

DEAR POLLY — MRS. S. M. Jr. teaches to tie their own shoes by making a practice "shoe." Punch six holes in two thicknesses of heavy paper or a paper bag. Then tie two different colored shoestrings together at one end. Lace these through the eyelets of the "shoe" with the knot at the bot-

Benefit Set At Park Site

DUNSMUIR — An oldtime dance at the building under construction at the Transportation Museum and Park site on Saturday night, Sept. 14, is being sponsored by Mr. and Mrs. H. I. Rubidoux as a benefit event for the park project. Decorations will follow the rustic motif and correct garb for the evening will be overalls, cotton dresses, and aprons. The Galaxies, led by Gary Woodfork, will furnish the dance music and special musical features will provide interim entertainment, the Rubidoux have announced. Norman Imhoff is ticket chairman.

GIRLS — Between these two good hints lots of time is going to be saved that has been spent tying little shoelaces.—**POLLY**
DEAR POLLY — If things are worn when you are ironing, tired and aching feet will be prevented.—**MRS. C. S.**

GIRLS — Betty, my assistant, says she found this to be true. The things provide a thick cushioning.—**POLLY**

DEAR POLLY — I have accumulated a lot of driftwood as, I'm sure, have lots of other readers who have been going to the beaches. I would appreciate it if someone can tell me how to clean and prepare it for use in decorations.—**J.M.L.**

GIRLS — I am sure some of you will come to the rescue of this gentleman.—**POLLY**

DEAR POLLY — With school days here, the children will be using a lot of notebook paper. Buy a child's magic slate for each of your students and let them use this for their "scratch" work. By lifting the film, all the writing is gone and it can be used over and over again. You will save quite a bit of money during a year's time.—**MISS J.S.S.**

DEAR POLLY — When painting my garage, I found that my picnic table was far better to stand on than a ladder. Cover with heavy paper, stand on it and you can cover a far larger area without getting down.—**MR. G.W.**

Entrance Requirements And Fees May Increase

SALEM (UPI)—The Board of Higher Education Tuesday voted to increase entrance requirements and tuition fees if the 1963 legislature's tax increase measure is defeated Oct. 15. Under the new requirements, students would have to have better than a "C" average to get into state supported colleges and universities next fall if the tax measure fails. The board also increased resident tuition from \$330 to \$445 and out-of-state tuition from \$900 to \$1,215 in case the tax is rejected. The board also announced it would cut back on planned building projects, repair programs, and other special services. The board held its committee meetings Monday and ordered purchase of two apartment build-

Planning Loans

WASHINGTON (UPI) — The Community Facilities Administration Monday gave the University of Oregon a \$86,000 planning loan for construction of a \$2,330,000 library.

ings and a store in Portland to provide a site for a \$3.6 million Portland State College physical education building. Availability of funds to construct the building also depends on the Oct. 15 vote, the board said. The curricula committee enthusiastically approved a study designed to improve teacher training and eliminate course duplication. Chairman Allan Hart said the educators who put together the 18-month study "did an excellent job." The board also approved the start of planning for two Southern Oregon College dormitories, delayed purchase of land for SOC campus expansion until the October meeting, and deferred construction plans for a radioactive isotope laboratory at Oregon Technical Institute until the Oct. 15 vote results are in.

Happiness Books For All Occasions

By DICK WEST
WASHINGTON (UPI) — If I read the signs and portents correctly, we are on the brink of being inundated by happiness books. I base this forecast partly on the success of a book called "Happiness is a Warm Puppy." Illustrated by characters from the comic strip "Peanuts," it equates happiness with such childhood pleasures as going barefoot, making an "A" in spelling, etc. But mostly I base the prediction on the success of a book called "Happiness is Rat Fink." A parody of the original, it equates happiness with such adult pleasures as seeing your mother-in-law arrested on the narcotics charge and having a pretty neighbor who undresses with the shades up.

There is an old saying in the publishing business that one good lampoon deserves another, so it seems logical to assume that a number of other books of this sort will be forthcoming. There will, for instance, undoubtedly be a happiness book for teen-agers. "Happiness is a Stolen Hubcap." "Happiness is a Riot at Ocean City, Md."

And, of course, a happiness book for colleges. "Happiness is 49 Fraternity Brothers in a Telephone Booth." "Happiness is Cribbing on a Religious Education Test."

Before the market cools off, I hope to be able to interest a publisher in a happiness book for Washington. I plan to call it "Happiness is 51 Per Cent of the Votes."

The book I have in mind would be divided into several sections

to cover various areas of the capital, something like this:
The Pentagon: "Happiness is Phasing in a New Program Before the Old One is Finalized."
Happiness is a Parking Place Within Five Miles of the River Entrance. "Happiness is a Secretary Who is Younger Than Your Wife."
The White House: "Happiness is Someone Else's Turn to Walk the Dogs." "Happiness is Cancelling a Newspaper Subscription." "Happiness is a Wife who is Younger Than Your Secretary."
Republican Presidential Hopefuls: "Happiness is Gov. Rockefeller Getting a Divorce."
The Democratic National Committee: "Happiness is a Southern Member Who isn't Unhappy."
The Treasury: "Happiness is a Temporary Increase in the Debt Limit."
The Senate: "Happiness is Not Being up for Re-election This Year." "Happiness is Being Recognized by the Tourists." "Happiness is a Five-Hour Speech."

More salt is used in the manufacture of chemicals than any other basic material.

What could this Man have done to make her say "I HATE YOUR GUTS"?
