

Two Escape As Chiloquin Vehicle Rolls

A motorist and his passenger, both of Chiloquin, escaped serious injuries when the automobile in which they were traveling went out of control, crossed the highway, struck a bank, and rolled 75 feet along the road before stopping on its top, about 7:30 p.m. yesterday, near Wocus, Oregon State Police have reported. The vehicle was northbound at the time of the accident.

Warden Gale Eggsman, 30, operator of the car, told police he fell asleep at the wheel moments before the accident. He was transferred by Peace Ambulance to Klamath Valley Hospital where he was later released. His passenger, Walter Eggsman, was not taken to the hospital.

Police believed the automobile was a total loss.

School Bus Laws Noted

Klamath Falls school officials today reminded local motorists about the laws concerning stopping for school buses while they are loading and unloading.

One local bus driver said that on three mornings in a row, the same motorist went by his bus while he was stopped and his red light was flashing.

The law requires motorists coming in both directions to stop when the bus is loading or unloading and the cars are allowed to proceed only when the bus resumes motion, the bus driver gives an "all-clear" signal, or the bus' red light stops flashing.

This law doesn't apply to divided highways when the car is separated from the bus.

Stiff Driver Policy Noted

Persons who make fraudulent application for a driver's license may face prosecution under a more stringent policy adopted by the Department of Motor Vehicles, Vern L. Hill, director of the agency, has announced.

Hill said the department recently filed a complaint against a driver who had made three false applications for a license under different names. The driver was found guilty, fined \$400 and sentenced to 20 days in jail.

People filing false applications, Hill said, generally have their license to drive suspended for one reason or another and attempt to get another license by using an assumed name. Records of those suspended are kept under close surveillance, however, and the facts concerning fraudulent application usually comes to light in a very short time.

In the past, the department has canceled the application but has not prosecuted the driver. The decision to prosecute was made in hopes of reducing the number of false applications.

Fire Insurance Claims Hit \$67,368 In 1962

Klamath Falls property owners filed 137 claims for fire insurance benefits during 1962, and received a total of \$67,368 from insurance companies.

The property destroyed by the fires which resulted in claims was valued at \$67,740.

These and other figures are contained in the annual report of State Fire Marshal Walter G. Korlann, released Monday.

The report says the property in jeopardy from the 137 fires was valued at \$3,199,611 and was insured for \$3,055,716. The loss in the fires averaged 2.12 per cent.

Of the 137 claims to various insurance companies throughout the nation, 101 were for dwelling fires. Ten were for retail business and office fires and nine for fires in hotels, rooming houses and motels.

The figures were reported to the fire marshal's office as required by law.

Eighty-two claims were submitted to the insurance firms for fires in Klamath County in areas unprotected by fire departments.

The loss from these fires was \$141,184—7.42 per cent of the \$1,903,909 in property threatened.

For this loss of \$141,184, the insurance companies paid a total of \$120,055.

The Klamath Falls Fire Department answered 374 calls during 1962—eight of which were listed as false alarms. The Klamath Suburban Fire Department had 230 alarms, two of which were listed as false.

Other departments and their alarm totals are Bonanza, 2; Bonanza RFPD, 2; Chemut RFPD, 6; Chiloquin, 11; Malin, 2; Merrill, 6; Merrill RFPD, 3; and Stewart-Lenox, 32.

Fires in the area protected by the Suburban Fire Department resulted in 135 claims to insurance companies which paid \$36,239 for an estimated loss of \$41,890.

Man Injured Slightly In Accident

A 27-year-old Klamath Falls man was slightly injured Monday night when his pickup was struck by a small foreign auto at North Fifth and High streets.

The man, Cecil Arthur Sollers, 220 North Fifth, complained of pain to police, but refused treatment.

The 17-year-old girl driving the other auto was not injured, but police cited her for failure to yield right-of-way. She is Doris Arlene Barnwell, 1437 Eldorado.

Police said the girl was driving her small car south on High and pulled out into the intersection. The little auto struck the pickup in the back side panel. The truck had been eastbound on Fifth.
