WALL STREET

Wall Street Chatter
NEW YORK (UPI) — Investment adviser Walter K. Gutman says what concerns him most about the recent selloff is not that profit-taking came into the high flyers where it was long overdue "but that a few stocks which never got anywhere also were weak."

Gutman says this means a good many companies are not doing well enough to justify enthusiastic investment and also that investors are not enthusiastic about companies which are doing reasonably well. He says "they are only interested in sensational developments and are not aware of strong reasons for wanting to really own securities."

Alexander Hamilton Institute says recent market action indicates continued investment demand for carefully selected, good quality stocks that continue to show good earnings or where the industrial outlook appears to be improving.

Bradbury K. Thurlow of Winslow, Cobb — Stetson says that during the next eight to ten weeks the lack of selling pressure should give additional support to the price of stocks that have been acting better than the market. "By this same token," he notes, "pressure on stocks which have been acting badly can be expected to be unusually heavy from now until the end of the year."

Jury Finds Switlik Guilty In Pistol-Whipping Case

A jury of seven women and five men Monday night convicted Donald H. Switlik of assault with a dangerous weapon for the brutal pistol-whipping and beating of a Washington man last August.

Switlik, 23, of Chiloquin was indicted for the beating with Louis Gibbons, also of Chiloquin, who will be tried later this month.

Gibbons, testifying for Switlik, and Switlik himself both denied beating John Whittington, 24, of Toppenish, Wash.

Defense attorney Richard Smith, in his summation Monday, blamed the beating on another man.

Whittington said Switlik, Gibbons and two other men picked him up while he was hitchhiking toward Washington Aug. 11. He said they picked him up just north of Klamath Falls and drove him toward Agency Lake. Whittington charged that Gibbons struck him repeatedly on the head with a pistol from the back seat of the auto, then Switlik and Gibbons beat and kicked him outside the car after it stopped near Agency Lake.

A motorist later found Whittington in a ditch and took him to a hospital.

The guilty verdict Monday night was a split decision, as 11 jurors voted for conviction and one for acquittal.

Jurors retired at 4:50 p.m. after receiving instructions from Circuit Court Judge Donald Piper and recessed for dinner at 5 p.m. They returned at 6:30 and deliberated until 8:30 before announcing their verdict.

Timber Sale Nets County \$680,842

Klamath County has received \$680,842.75 as its share of some \$13 million in revenues received from the sale of timber in the Deschutes, Fremont, Rogue River, and Winema national forests during the fiscal year ending last June 30, Eva Cook, county treasurer, said Tuesday.

The funds are allotted to the state by the federal government and are shared by 30 of the 36 counties in Oregon.

Of the revenues allocated to Klamath County, three-fourths of the amount, or \$510,632.07, will go to the county road fund while the remaining \$170,210.68 is earmarked for the county school fund, which benefits all schools in the county including Klamath Falls, Mrs. Cook said.

The amount received by the county for the last fiscal year is up some \$50,000 from the \$630,544 it received from similar sales during the previous fiscal year, it was reported.

Nixon Vows He'll Not Run

NEW YORK (UPI) — Former Vice President Richard M. Nixon said Monday he would not be a candidate for the 1964 GOP presidential nomination—even if the Rockefeller - Goldwater factions decided.

"Let me make it clear," Nixon said at a meeting here of the Women's National Republican Club, "I'm not part of any stop-Rockefeller movement or stop-Goldwater movement. I am not going to be a candidate in 1964."

The former vice president believes that both New York Gov. Nelson A. Rockefeller and Sen. Barry Goldwater, R-Ariz., will announce their candidacies before the end of the year.

"I think they are both so far along, so committed," he said, "it would be hard to withdraw now."

Rockefeller, Nixon said, "implied he would like my support." But Nixon told the governor he would not yet commit himself to anyone. Asked about other possible GOP prospects, Nixon said he thought former Gen. Lucius Clay would make an "excellent candidate."

As to the possible political effects of Rockefeller's divorce and remarriage, Nixon had this comment: "No one can estimate how much damage it did. He believes it hurt himself. On the other hand, he intends to be a candidate, and I believe the people will judge him on what he stands for."

Duo Charged With Stealing

Two men were arrested Monday afternoon for stealing 13 sheets of plywood from a house under construction.

Charged with larceny were Richard Valentine, 28, and Charlie Phillips, 41, both of 1231 Adams Street.

Police said the two men apparently were disgruntled former employees of the house's builder, Lewis H. Stride.

Stride reported the theft earlier Monday. He said the sheets, each 4x8 feet, were taken from the basement of the partially completed house at 2035 Auburn.

Officers said the two men sold the plywood after taking it.

Auto Victim Shows Gain

The condition of a 38-year-old Tujunga, Calif., woman who was seriously injured in a one-car accident near Spring Creek Sunday has improved from critical to fair, the Klamath Valley Hospital reported Tuesday.

The injured is Mrs. F. J. Comerford who lost control of her car and drove it off the highway down a 30-foot embankment into a tree. Two of the victim's youngsters were also hospitalized and have been listed in fair condition, according to the hospital.

The Comerford family was en route from Tujunga to Seattle in two cars when the accident took place. They are planning to reside permanently in the latter city.

Rifles Taken From Truck

The theft of two rifles from a pickup truck parked in front of 3434 Pelican Street was reported to city police Monday.

J. O. Baker told police the rifles were taken from his truck sometime Sunday night as the vehicle was parked in front of his home.

He said he had forgotten to bring the guns in after hunting and the truck was not locked.

One rifle is a .300 Savage lever action topped by a six-power telescopic sight. The second gun is a .22 Magnum lever-action with a three-power scope.

Thousands Stalk Deer

By United Press International

The vanguard of more than 200 hunters expected to take to the woods during Oregon's general deer season began hunting when the season opened Saturday morning.

The State Game Commission estimated about 100,000 deer will be killed during the season.

Forestry officials, noting increasing fire danger because of hot weather and low humidity, urged hunters to be careful in the forests.

All national forest land in the state remained open today except the Young Lake Rim area in the Fremont National Forest and the Ashland watershed in the Rogue River National Forest.

SMACKER ON THE NOSE — The noblest Roman nose of them all — Jimmy Durante's — gets a fitting accolade from actress Barbara Nichols, who makes a perfect two-point landing on the prominent proboscis during a star-studded celebration marking the famed comedian's 50th anniversary in show business. The party was held in New York last night.

Family Night High Court Hears Appeal For New Herrera Trial

An appeal for a new trial in the case of Robert E. Herrera, 27, convicted one year ago Wednesday of the second degree murder of a 2-year-old Klamath Falls boy was argued before the Supreme Court Monday by District Attorney Dale Crabtree and an attorney for the defendant, the district attorney's office has reported.

The decision of the court will be announced later.

Following the conviction last year, Judge David R. Vandenberg sentenced Herrera to serve a term of life imprisonment in the Oregon State Penitentiary. Since that time, Herrera has been incarcerated in the Klamath County Jail pending the results of the appeal his attorney submitted to the Supreme Court soon after the trial.

Herrera had been convicted of slaying 2-year-old Frankie E. Long by stomping upon the child in the bedroom of the Herrera house at 1814 Summers Lane last May 26. The victim was the son of Mrs. Lorene Long, who had been residing at the same address as Herrera.

The subsequent trial was the longest criminal trial ever held in the county, according to the memory of Judge Vandenberg, who has served in the county for 22 years as a jurist and 15 years as an attorney.

It lasted 17 days, including six days to impanel a jury and 11 days to complete testimony and statements of the attorneys.

G. Heidrich Rites Slated

Graveside services for Gary Otto Heidrich, 30, who died Sept. 25 in Portland, will be held Wednesday at 3 p.m. in Klamath Memorial Park, with O'Hair's Memorial Chapel in charge of arrangements. Funeral services were held in Portland on Tuesday.

Mr. Heidrich was the son of Mrs. Ruth Heidrich of this city and the late Curtis Heidrich.

Survivors include the widow, Janet, and son, Robbie, Portland; a sister, Mrs. Beryl Webb, Los Angeles; and three brothers, William E. of Eugene, Marion of Oakridge, and Curtis C. of Redding.

Driver Hurt In Accident

A 63-year-old Klamath Falls man who passed out at the steering wheel of his car and crashed headon into a power pole at Altamont Drive and South Sixth Street about noon Monday is in Klamath Valley Hospital, the hospital reported Tuesday.

Hospitalized with head and chest injuries is Al Sheppard, 4031 Bisbee Street, who blacked out as he was turning from Altamont Drive onto South Sixth Street, police said.

The car was in second gear at the time of the accident but struck the pole with such force that the vehicle was demolished, police added.

Klamath Firm Gives High Bid

Klamath Plywood Inc. submitted the high bid of \$35,365 for 7.8 million board feet of mixed pine and fir in the Elk Springs timber sale held in this city Monday, the Klamath District of the Winema National Forest has reported. The successful bid was \$10,500 more than the appraised price of the timber.

Other bidders were the Thomas Lumber Company and the Modoc Lumber Company, both of Klamath Falls.

Resident Saved By Resuscitator

A 72-year-old man was saved from strangulation Monday afternoon by a fire department resuscitator.

Firemen said Alvin LaRoyce was choking on some shredded wheat cereal in his home at 1238 Division Street.

Quick administering of oxygen by firemen saved the man. Hospitalization was not required.

Soroptimists Plan Citizenship Contest

The third Soroptimist Foundation Citizenship Award contest is announced by Mrs. Joe Hicks, president of the Soroptimist Club of Klamath Falls. This international contest is open to all high school seniors who will graduate in June, 1964. After qualifying for the preliminary citizenship awards, to be presented by the Klamath Falls club, the students may win one of the Soroptimist District Citizenship awards; one of the Soroptimist Regional Citizenship awards, and then vie with candidates chosen by other Soroptimist regions throughout the nine nations comprising the Soroptimist Federation of the Americas, Inc., for the grand prize of \$2,500.

The Soroptimist Foundation Citizenship Award is given in recognition of outstanding service in the home, in the school, and in the community. Each candidate must be of good moral character, and must submit substantiating evidence in the form of letters from three adults. In addition, the student is to write a short essay of 250 words on "My Responsibility as a Citizen."

Applications with rules governing the contest may be obtained from the high school principal or school counselor, and from Mariou O'Connor. All entries must be in the mail not later than Jan. 31, 1964. They are to be mailed to Mariou O'Connor, 133 Grant Street. For further information, telephone her at TU 4-8215.

Quints Still 'Doing Fine'

ABERDEEN, S.D. (UPI)—The Fischer quintuplets continued doing fine today, and their doctor said James Andrew may be the first to go home.

James Andrew, the lone boy, has been the strongest and fastest growing of the quintts since their births Sept. 14. He weighed 4 pounds 9 ounces when four of the quintts were placed on the scales at St. Luke's Hospital Sunday.

Dr. James Berbos, general practitioner who delivered the quintts and has been caring for them, said he would not set a time yet for sending James Andrew home.

Berbos said he would not weigh Mary Ann, the first-born and smallest, until she gets stronger. Mary Ann also is the only quint still being fed through the nose, and Berbos said he did not know when she would join the other four on bottle feeding.

Gov. Archie Gubbrud notified the planning committee he would attend a celebration for the quintts Oct. 14 in Aberdeen.

E. C. Pieplow, president of the Aberdeen Chamber of Commerce and spokesman for the Fischer family, said Girl Scouts are continuing to make and distribute the Fischer quintts emblem—four pink safety pins and a single blue safety pin.

Fuel Dumped By Vandals

Vandals entered the road construction camp of the Continental Construction Company at Spencer Creek, about six miles west of Lake of the Woods, sometime during the weekend and dumped four barrels of diesel fuel and one barrel of gasoline on the ground, Oregon State Police have reported. In addition, 300 gallons of other fuel was emptied from a storage tank police added.

Ed Scott, employe of the Ashland firm, reported the vandalism but did not estimate the loss to the company. The firm is one of a number of contractors constructing a public road linking Spencer Creek to Lake of the Woods.

Contest Omits Two Grid Tilts

One football game was not listed in the weekly football contest in this week's contest.

The No. 2 game, involving Henley and Sacred Heart was not listed and the No. 23 game, with Oklahoma playing at Texas was listed early.

The Sooners visit the Longhorns Oct. 12.

Both games will be omitted from this week's contest.

First showings: the 1964 Lincoln Continental. Discover the greater spaciousness behind its classic profile.

When you inspect the new Continental you will discover why more than half the people who buy in our price range choose the Continental.

Come in, and inspect the new Continental yourself. Its profile is only three inches longer than in 1961-2-3. Yet you will find a roomier rear compartment, with four inches more leg room and 2.5 inches more knee room than in 1963. This makes for twice the knee room of the 1961 and 1962 Continental. And the luggage compartment is 15% larger, for a total increase of 33% over 1961-2.

But with all this added space, the Continental retains all the qualities that set it apart from every other automobile:

1. Timeless styling is a prime reason the Continental retains so high a value.
2. The Continental is available in just two models: the sedan and the convertible. There are no lower priced models, because there is no compromise of its standards to offer lesser versions.
3. Both the sedan and the convertible have four doors opening at the center for the easiest entrance. Continental offers the only American four-door convertible. The unusual rigidity of integral construction contributes to its unequalled ride.
5. Within, virtually every luxury is included as standard equipment.
6. The Continental also includes full power auxiliaries as standard equipment.
7. The Continental is built at Wixom, Michigan, in a special plant which sets the world's highest standards of precision automotive engineering.
8. No other car is so thoroughly tested. Every Continental must pass 189 road performance tests in addition to thousands of examinations and inspections during manufacture.
9. The Continental is uniquely free from maintenance. It is constructed to last.

Before you decide on your next automobile, drive the Continental. It is the world's finest automobile. Please call us, and we will be happy to arrange a demonstration at your convenience.
