## Alabama Trio Charged With Misdemeanor

BIRMINGHAM, Ala. (UPI) — Three white men arrested during an investigation of racial bombings here were to be tried today on misdemeanor charges of illegally possessing dynamite. A Negro leader accused authorities of staging "dramatics" to soothe Negroes.

The men were to appear in Recorder's Court this afternoon to answer the charges which carry up to \$100 in fines and 60 days in jail upon conviction. All were released under \$300 bonds.

The misdemeanor charges were filed Tuesday against R. E. Chambliss, 59, and Charles Cagle, 22, both of whom have been held in city jail on open charges since Sunday night, and John W. Hall, who was arrested Tuesday.

Cagle and Chambliss have Ku Klux Klan backgrounds and Hall has several arrests for vagrancy and a federal conviction on charges of theft from an interstate shipment.

**Arrest Followed Announcement**

The arrests of Cagle and Chambliss followed an announcement by the office of Gov. George Wallace in Montgomery Sunday night that arrests were "imminent."

The men underwent intensive questioning by state investigators, headed by Alabama Public Safety Director Al Lingo.

But the Rev. Fred Shuttlesworth, one of the leaders in the integration drive here, indicated dissatisfaction with the investigation.

"The dramatic announcements by the governor followed by the inconsequential results makes this all the more sinister," Shuttlesworth said. "This appears to be a sham on the part of law agencies, in an effort to soothe the national conscience and placate Negroes."

"The cup of the Negro's patience runneth over," he said.

Lingo and his state troopers Tuesday night said they uncovered 135 sticks of dynamite hidden in a wooded area near the city. He said "we are stepping in the right direction in the Birmingham bombings. We are making progress."

**Elsewhere In The Nation**

Orangeburg, S. C.: More than 100 policemen stood ready today to enforce an order against further racial demonstrations. Officers raided 260 Negroes Tuesday to bring to 1,003 the number of arrests since demonstrations began Saturday.

Cambridge, Md.: Voters rejected a public accommodations proposal Tuesday designed to end racial tensions in the city. A proposed amendment to the Cambridge city charter was defeated in a referendum by a 274-vote margin, 1,720 for to 1,995 against.

Princeton, N. J.: Twelve-hundred Princeton students pushed and shoved their way into a packed hall Tuesday night to hear Mississippi Gov. Ross Barnett call civil rights legislation pending in Congress "A policeman's club." About 600 townspeople and students who could not get into Alexander Hall listened outside to Barnett's speech over loudspeakers.

Washington: President Kennedy Tuesday nominated Spottswood W. Robinson III, a Richmond, Va., Negro lawyer who participated in the 1954 school desegregation case, to a federal judgeship in the District of Columbia.

Charlotte, N. C.: The nation must solve its current racial problems or be faced with a "tidal wave of crime and violence."

## Produce Displayed At Grange Meet

FORT ROCK — A display of garden and field produce was a highlight of the September Fort Rock Grange session. Top quality vegetables, sheaves of grain, hay, and flowers shared space with 4-H knitting and leathercraft exhibits.

A vote of thanks was extended to the Community Service Contest chairman, Mrs. Bud Parks, for completion of the report on the grange's projects centered around work to have the Fort Rock landmark made a part of the state park system. Also featured was the setting aside of Fort Rock Cave as a national landmark.

Members agreed to take some action on removing old telephone lines used several years ago as connections between ranches prior to the building of lines to the area by Pacific Northwest Bell.

A new 50-star American flag was presented and used in the session. It was a gift of the Williams Tire Service, Bend, in cooperation with the Goodyear Tire and Rubber Company.

Exhibits included a collection of arrowheads picked up in homestead days by Mrs. Nick Klerk, who occupied a homestead which she improved and then left, returning in 1944 to make her home here. Mrs. Sid Munnerlyn displayed a portion of her rock collection.

## Accident Proves Fatal To Driver

VANCOUVER, Wash. (UPI) — Orville Zumwalt, 63, Hood River, Ore., was injured fatally Tuesday night when his car went over an embankment on a road near Highway 830.

Zumwalt died of injuries in a local hospital early today.

## Castro Reds In Caracas Attack 'American House'

CARACAS (UPI) — A fast-shooting policeman broke up a Castro-Communist attack on the U.S. Information Service branch in Maracaibo Tuesday—the first Red reaction to the government crackdown Monday on its leftist foes.

The policeman wounded two of three terrorist gunmen who tried to shoot their way into "American House," the USIS building in the oil capital. The policeman was seriously wounded, but the attack failed.

One seriously wounded attacker, captured by police, was identified as a student from Caracas's Central University, one of the nation's principal centers of terrorism. The other two gunmen escaped.

The government flew two plane-loads of paratroopers into Caracas late Tuesday to reinforce the city's garrison against "any possible Castro-Communist counterattack," but there was no immediate outbreak of violence in the capital.

The only terrorist act reported Tuesday, apart from the frustrated attack in Maracaibo, was the dynamiting of a power station in the northwest coastal city of Coro. Police arrested a known Communist in connection with the bombing.

A search of the suspected dynamiter's home uncovered another bomb of the type used to blow up the power station.

Railroads and shipbuilding have the highest rate of machine tool obsolescence in the United States, says the American Economic Foundation.
