### Bid Shows Weak Hand

By OSWALD JACOBY  
 Newspaper Enterprise Assn.

When you use the artificial two no-trump response to a major opening as a bid forcing to game in partner's suit, opener's jump to game is his weakest rebid and announces a hand so weak that he would have passed an invitational limit raise to three.

The next weakest bid is three no-trump which merely shows a sound opening bid. The rebid of three in his own suit shows a hand big enough to be interested in a slam while bids in any other suit are slam tries that show a singleton or void.

Almost any partnership would manage to get to six spades with the North-South cards, but the Jacoby two no-trump response makes the bidding particularly simple.

South is definitely interested in a slam after the two no-trump response has forced to the spade game. He starts proceedings by bidding three clubs that shows both his club singleton and a good hand.

That three-club bid is enough for North to take full control. He uses the Blackwood four no-trump to check for aces. South shows two aces and North places the contract at six spades. He knows that there is an ace missing and there is no reason to think about seven.

How could South have shown a club void on this sequence? Easy enough! He would have jumped to six hearts over his partner's four no-trump to show two aces and a void.
