

Klamath County Polls To Remain Open Until 8 p.m.

VOTERS DECIDE FUTURE OF TAX BILL — County Clerk Charles DeLap assembles a number of blank ballots that voters will mark during the special tax election being held in the county today, as well as elsewhere throughout the state. Voters are being called upon to decide the fate of the \$60 million tax bill passed by the last session of the legislature and which has since been referred to the taxpayers by referendum.

In The Day's News

By FRANK JENKINS
From Sacramento this morning:

Horace Greeley's advice for young men to HEAD WEST may apply specifically to California in 1960—if the young men don't mind older women.

The state department of finance predicted yesterday that there will be approximately 538,000 MORE WOMEN than men in California by July 1, 1960 — 17 years from now.

Walter P. Hollman, the finance department's population expert, says the average California lady will then be 29.3 years old, while the men will average out at only 27.6 years of age.

Hollman also forecast that California's bulging population will swell to 27.8 million in the next six years, with toddlers under five accounting for about 2,740,000, or roughly 10 per cent of the total.

He adds: "At that time, there will be 14,209,000 women and only 13,671,000 men."
He goes on to say: "The currently estimated 17.3 million persons now in California will grow to 17.9 million by 1963—a little over a year from now."

Question: What of Oregon? Are we jealous of our great neighbor's fantastic population growth?

NOT ON YOUR TINTYPE!

If within the next six years there are 27.8 million people in California, that will mean a LOT MORE CUSTOMERS for what we have to sell and a lot more tourists to come up to our glamorous wider-open spaces to get away from the mess at home.

Let's take a look at population densities. In 1960, only three years ago, there were only 100.4 people per square mile of land area in California.

If Mr. Hollman's forecast turns out to be accurate, there will be 175 people per square mile by 1969, which is only about six years away.

In Oregon in 1960, there were 18.4 people per square mile.

Question: In 1969, how many people per square mile of land area will there be in Oregon? Not TOO many, we all hope.

In conclusion: What about Horace Greeley and his famous advice to young men to GO WEST? How did he come to say it?

The story goes that the phrase GO WEST, YOUNG

(Continued on Page 4)

School Boards Slate Another Joint Meeting

The Klamath Union High School and the county boards of education will meet jointly Thursday night to further discuss distribution of assets in the school reorganization plan.

The joint meeting will begin at 7:30 p.m. at the school administration building, 475 South Alameda Avenue.

Klamath Union trustees agreed to the joint meeting Monday night after Superintendent of Schools Ray Hunsaker reported receipt of figures on county school values from County Superintendent Cliff Robinson.

High school, elementary and county boards have been tied in disagreement on the distribution of assets which would accompany division of the county into two districts. The county court has sought agreement on a distribution of assets plan from the three boards.

In other action, the Klamath Union board heard Hunsaker's report on the proposed usage of the present Oregon Technical Institute campus for high school purposes next year when OTI moves to a new campus.

The board took the report under advisement. It is proposed that the present campus be utilized in part for KU freshmen. Trustees approved a working policy for custodians which was prepared by the administration and also approved participation by the KU band in the East-West Shrine Game festivities in San Francisco New Year's Day.

Thatcher To Inspect Base Here

Lt. Gen. Herbert B. Thatcher, commander of the Air Defense Command, will arrive at Kingsley Field at 10 a.m. tomorrow to conduct a tour of the airfield and the 327th Squadron at Keno in one of various stops scheduled by the general during his familiarization tour of bases in the Portland Sector of the Air Defense Command.

The general and his entourage, including Brig. Gen. Carroll W. McColpin, commander of the Portland Sector, will be greeted by a Kingsley Field honor guard as they deplane at the airfield and are to receive a briefing before inspecting the two military activities.

YOUTH DENIED ASYLUM

RECHNITZ, Austria (UPI) — A 14-year-old Hungarian youth escaped across a mine field on the Iron Curtain Saturday only to be denied political asylum, Austrian authorities said today. The young locksmith will be sent back to Hungary because of his age, they said.

Use of Modoc Field by Sacred Heart Academy for two football games this fall was given approval. Sacred Heart will pay \$30 per game, plus \$7.50 per hour for the lights and the salary of a man from the KU staff to supervise the field's usage.

KU Principal C. E. Cleven reported that usage of the high school library has not decreased greatly this year despite the split shift and that the guidance staff has been used greatly by students. Cleven said the school cafeteria is operating in the "black" this year.

He reported that the Margaret Sheridan Memorial Fund contains \$298 and asked that \$295 of this be spent on a set of the "Great Books of the Western World." This was approved. The books will be marked in memoriam to the late Mrs. Sheridan, a board member and civic leader for many years.

Of those precincts polled, housewives and workers were voting in about equal numbers, polling directors reported.

In the 19th precinct at Mills School, 40 of 361 residents had registered to vote had cast ballots at 10:30 a.m., representing the best turnout noted of any election held in that precinct in the memory of the poll taker.

Other precincts told of similarly high turnouts.

Voters Deciding Tax Issue Today

PORTLAND (UPI) — Voting was light in overcast weather during the first hours today as Oregonians decided the fate of the legislature's \$60 million tax increase measure.

A slow pace was reported from Portland, Salem, Bend, Corvallis and Medford. Corvallis and Medford estimated about 10 per cent of the voters had cast ballots in the first two hours with Salem reporting from 10 to 15 per cent.

Polls Note Heavy Vote In Klamath

Surveys conducted of nine of 33 polling places in Klamath Falls early today indicated that voters are turning out in large numbers to mark their ballots in the special tax election that will decide the fate of the legislature's \$60 million tax increase measure.

The polls close at 8 tonight in the county's 75 precincts, including 33 in this city and 42 elsewhere in the county. Meanwhile, voting reports from elsewhere in the state indicated that voters were responding to the controversial tax measure in light numbers, but the picture was expected to improve considerably later today.

In Klamath Falls, the early trend was for a turnout that might approach record numbers, at least in those areas where there is a large number of elderly voters.

One such area was the 31st precinct where 34 voters, mostly senior citizens, had cast their ballots before 10:30 a.m. Ballot takers at the polling station reported that figures for that time of day were "extremely high" for the precinct listing 228 eligible voters.

Of those precincts polled, housewives and workers were voting in about equal numbers, polling directors reported.

In the 19th precinct at Mills School, 40 of 361 residents had registered to vote had cast ballots at 10:30 a.m., representing the best turnout noted of any election held in that precinct in the memory of the poll taker.

Other precincts told of similarly high turnouts.

Post-War 'Adenauer Era' Comes To End In Germany

BONN (UPI)—The "Adenauer era" came to an end at high noon today as the West German chancellor officially retired from the government and returned to his parliamentary seat as a deputy.

"Der Alte," just three months short of his 88th birthday, thanked the German people for their help, then returned to the seat he left 14 years and one month ago today to become the first West German chancellor.

Troops Clash At Disputed Algeria-Morocco Border

ALGIERS (UPI)—The Algerian government said today Algerian forces have driven Moroccan troops from two disputed Sahara outposts in a two-day battle.

A bulletin, broadcast at 1 p.m. (9 a.m. EDT) by the government-controlled Algerian Radio, said: "Troops of the Algerian National and Popular Army (ANP) have cleared out the Hassi Beida and Tinjoub sectors."

The announcement followed official reports in both Algiers and the Moroccan capital of Rabat that fighting had resumed today.

The posts are in a border area claimed by both nations. Radio Algiers said that "thousands of Algerians" are besieging barracks to ask for arms "to defend the threatened western frontier."

There was no immediate indication of the numbers of men involved in today's fighting nor the extent to which the combat zone had spread.

But reports of Monday's recapture of the two posts by the Moroccans said 1,000 men were engaged on each side.

Pressure Tactics Rapped During Tax Bill Hearing

WASHINGTON (UPI) — Senate hearings on President Kennedy's tax cut program opened today on a stormy note with one Democratic senator charging pressure tactics had been employed in an effort to force him to support the bill.

An aroused Sen. Albert Gore, D-Tenn., complained that a seven-page telegram sent by William Keel, director of research for the Democratic National Committee, to Tennessee communities amounted to "political intimidation."

The telegrams urged local Democratic leaders in Tennessee to support the tax program and to advise their senator—Gore—to do likewise.

"So far as I know, this is the beginning of a purge," Gore said as the Senate Finance Committee opened hearings on the tax bill. Gore is opposing the measure.

Sen. Herman E. Talmadge, D-Ga., chimed in that he had seen the telegram and agreed with Gore that it was designed to "bring political pressure and coercion" on the veteran Tennessee senator.

Sen. Russell B. Long, D-La., No. 2 Democrat on the tax-writing committee, sought to smooth ruffled feathers. Long said he was sure the wire was not intended to pressure anybody. He acknowledged it was an "undiplomatic act by one individual" but said it should not be blamed on the Democratic National Committee as a whole.

KU Girls To Enter Pompon Rally

The KUHS Rally Squad has been selected to compete at Kezar Stadium in San Francisco in a pompon rally for the selection of champion performers.

The Olmstead Studio of Palo Alto has invited the rally squad, Cindy Miller, yell queen, Marianne Gallagher, Jeanne Carnini, Mary Taucher, Susan Leaming and Carla Bartlett, to participate in the 1963 49'er California State Pompon Rally, during the televised San Francisco 49'ers - Chicago Bears' football game at Kezar Stadium on Sunday, Oct. 20. Forty eight high school teams will compete.

There are two divisions—small teams of six and under, and large teams of seven and over. KUHS girls will be in the smaller section.

The rehearsal will be at 11 a.m. Oct. 20, with performance around the track and judging of the groups beginning at 12:30. All groups will perform on the field for the half-time show, with winning groups from pre-game being judged again to select the champion teams. Should the local girls be selected, they will move to the microphone in front of the television camera, and perform for final judging. The announcement of winners and presentation of trophies will be made just before exit at half-time.

The KUHS girls were selected because of their outstanding work at the Squaw Valley Camp they attended last summer. Attendance of the rally squad to this camp was at their own expense. Most of the girls are working to cover these special expenses. At Squaw Valley the senior members of the rally squad were selected to go to Portland as instructors at the camp held on the Lewis and Clark campus.

For the pompon rally, each team is to compose a routine to do with any college march

music of 128 counts with an eight-count roll off. The judging will be on appearance, choreography, execution and showmanship.

The girls have been working on the composition of their routine since notification of their selection for the competition. In order to sponsor the trip financially they are giving an after-game dance. The money they earn will go for the trip and half-time costumes for routines at basketball games.

KUHS students and people of Klamath Falls will be able to see the routine the girls will be doing in competition during the half-time at the homecoming game against Medford here on Oct. 18. The rally squad will leave early Saturday morning, Oct. 19, with their adviser, Ella Redkey, and return Sunday after the game. All practices for this event have been on the girls' own time.

On Their Rockers

HELSINKI (UPI) — Finnish student Kaisa Enkola rocked three times around the clock to claim a world non-stop rocking-chair record today of 72 hours and 27 minutes.

Miss Enkola claimed she beat a record established Monday by another Finnish student, Juha Laine, who was reported rocking again today in an attempt to set a new mark.

BATTLE RAGES — Heavy fighting was reported along the border between Algeria and Morocco today after Moroccan troops crossed into Algeria (arrow) Monday. Both nations are claiming the same territory along the border. — UPI Telephoto

When he came to power, he said, the Germans' names was a curse.

Today, the German name again rings true, he said.

He warned his successors against trying to make a separate deal with Russia in hopes of reunifying West Germany with Communist East Germany.

"The solution of the German problem," he said, "is not possible only between us and the adversary. We need our friends. Thank God we have found friends in the world. Imagine what Germany would be today if we had not again found friends."

Adenauer, dressed in his customary black cutaway and a striped trowsers, made his last appearance as chancellor before the parliament that first elected him in 1949.

He will keep his Bundestag seat, representing his home district of Bonn and surrounding area, and will be the oldest member of the house.

But the Adenauer era, one of the most remarkable and challenging periods in German history, was over, and the nation awaited the start of a new era Wednesday when Ludwig Erhard becomes chancellor.

Before the resignation ceremonies, Adenauer appeared at a meeting of his Christian Democratic party and reported his remarks of recent days that he was stepping down with certain misgivings because of the international situation.

Adenauer has made it plain he is stepping down only reluctantly, despite his advanced age. He is convinced the West is doing wrong in its current dealings with the Soviet Union, and he is not certain Erhard will follow the Adenauer policy line.
