### Hot Lunches Are Success

The rapid growth of the National School Lunch Program over the past 15 years is unqualified testimony to the success of this unique cooperative effort by federal, state, and local authorities. In addition the program insures strong, well fed youth, more income for the farmer, huge market for food trades, jobs for lunchroom personnel, employment for related industries, constructive outlet well-nourished students receptive to instruction, healthier, wealthier nation.

LAZY DAISY

**SPRINGTIME ON YOUR TABLE** — With this fresh approach, the soft breezes of spring and the daisies lifting nodding heads on this amazing new Iroquois China, you'll have spring in summer, fall and winter in your home. Look for it in a Main Street store. It is one of the most charming informal true chinas we have seen in years. Comes in a variety of colorful patterns with contrasting solids. This is Lazy Daisy, blue and yellow poses on white background. Inside of the cup, back of plates, saucers and other pieces in sunshine yellow. Guaranteed for three years against chipping or breaking.

### Versatile New China

Have you ever wished that some day, some one, would dream up a handsome china that would include not only dinnerware service but cooking wear as well, all in the same pattern?

Trotting around town this week, looking for Christmas ideas, we found what many homemakers have been thinking about for 10, these many years, an amazing new china, the famous Iroquois True China, guaranteed against chipping or breaking for three years. If it should, by some quirk of fate (because it is so durable) the damaged china will be replaced by the manufacturer at no cost. For generations, women have been classifying and owning dinnerware according to use, with storage space taxed to the limit to hold china for company, china for every day use and china for "hard knocks."

On this trotting trip around town we found that Iroquois True China fills all these needs with all the attributes of real china in its translucent body, "best set" designs and decora-

tions, the cook, bake and serve pieces and its really rugged guarantee.

For the homemaker who likes to look at a number of patterns before she buys, she'll find Harvest time (our favorite) autumn foliage, silhouetted against a white background, leaves of pale gray, bright yellow, the lovely golden hue of burnished maple leaves with reverse sides of a warm burnt orange, inside the cups too. Look for Lazy Daisy, Rosemary, Blue Diamonds, Bristol blue and charcoal gray, adaptable to any dining situation: Sleepy Hollow, frankly romantic and contemporary motifs too.

Best of all, Iroquois China, for all its versatility, is extremely low-priced. Remember this is a true china with the cleverest new ideas in the "extra" pieces... for the salts and peppers are of different heights, no getting salt when you wanted pepper.

And remember that "Cooksmanship in China" ... scramble your eggs in the same pretty skillet that goes to the table as a serving dish.
