## Six Attractive Ladies Seek Kingsley Mardi Gras Title

One from a sextet of attractive contestants will be named queen of the second annual Kingsley Field Mardi Gras by a group of local judges during the highlight of the event, 10 p.m., Friday, Nov. 1.

Each queen candidate was chosen to represent one of the six organizations at Kingsley. The candidates are Wanda Soriano, Air Base Squadron; Cindy Harless, Aircraft Maintenance Squadron; Audrey Dunning, Materiel Squadron; Claire Acker, 322nd Fighter Squadron; Jan Ragland, 827 Radar Squadron; and Virginia Daniels, Dispensary.

The Mardi Gras will be open to all military personnel and their friends from 8 p.m. to midnight in the aircraft maintenance hangar at Kingsley Field on Friday, Nov. 1. Sketches on each of the candidates follow:

### Living Cost Holds Level

WASHINGTON (UPI) — The government reported today that the cost of living, which had been rising slightly, held steady in September.

The consumer price index remained at the August figure of 107.1, the Labor Department said, meaning that it cost \$10.71 to buy the same goods and services that could be purchased for \$10 during the 1957-59 base period.

However, Arnold Chase, assistant commissioner of the Bureau of Labor Statistics, said the September index was nine tenths of one per cent higher than the year-ago level.

Food costs last month showed a drop from August. A market basket of food that cost \$10.60 in August could be purchased for \$10.54 in September, Chase said.

Transportation costs dropped four tenths of one per cent in September, largely because of lower prices for gasoline and new cars. But residential rents, fuel prices, housing upkeep, and textile house furnishing all moved up.

Clothing prices climbed eight tenths of one per cent during the month, but were only slightly higher than last year. The cost of services continued to increase and was 1.9 per cent higher than a year ago.

The food price drop was six tenths of one per cent. This was largely because of seasonally lower prices for fresh fruits and vegetables.

Chase said 102,000 workers would receive pay increases based on the increased cost of living over periods ranging from three months to one year.

He said 80,000 of these workers would get increases of one or two cents an hour based on the national price index while another 22,000 would receive hikes based on the indexes of New York City, Los Angeles, and Baltimore.

Chase said there was little prospect of any major change in the index on all items next month.

### Burglar Takes 2 Film Packs

Television station KOTI reported Tuesday evening the theft of two Polaroid film packs valued at \$30 each.

The station said the cameras, designed to fit 4x5 backs, were last seen last Friday and were discovered missing Tuesday evening.

### Many Carry TB Germs Unknowingly

The idea that tuberculosis is still a health problem often brings forth a surprise reaction. It's a two-link chain reaction.

Link one: "Why, I thought they had that licked!" Link two: "Well, why haven't they?"

The answer to number one is a matter of straight statistical record, according to Mrs. George Meade, executive secretary of the Klamath County Tuberculosis and Health Association. More than 50,000 people still break down with active tuberculosis in the United States every year. About 10,000 die of it. Nothing that kills 10,000 people a year is "licked."

### Bill Seeks Education Tax Relief

WASHINGTON (UPI) — Sen. Barry Goldwater, R-Ariz., sponsored legislation Wednesday to give homeowners a tax reduction of up to \$100 a year for the support of local grade and high schools.

The two-part bill, co-sponsored by four other Republicans, also would grant tax deductions up to \$2,000 a year for parents of college students.

The measure is similar to one offered by Goldwater as a substitute proposal for an aid to education bill in 1961. It got only 10 Senate votes then.

Treasury officials, who oppose tax write-offs for education expenses, have estimated that a plan similar to Goldwater's proposal would cost in excess of \$3 billion.

Under the proposal, a person could subtract from his federal income tax bill a maximum of \$100, representing local real estate taxes paid by a homeowner which are used for support of schools.

Joining Goldwater as sponsors were GOP Sens. Gordon Allott, Colo., Milton B. Young, N.D.; Thurston B. Morton, Ky.; and John G. Tower, Tex.

## Cuba Refuses To Join Anti-China Bloc

LONDON (UPI) — Cuban Premier Fidel Castro has refused to line up formally with the Soviet Union against Communist China, but apparently runs no risk of losing Soviet aid, diplomatic sources said today.

Soviet Premier Nikita S. Khrushchev, however, was reported to have decided against leaving Castro in charge of Communist plans for penetrating Latin America, the sources said.

According to diplomatic dis-

patches reaching here, Castro, who pledged full support last summer to the Soviet attacks on Peking, refused to make a formal declaration of support more recently when Moscow began lining up the world's Communist parties to be counted.

A summit conference of the parties supporting the Moscow line is reported under preparation in Moscow. These talks during next month's celebrations of the Russian revolution anniversary could bring the process that leads to China's

expulsion from the Moscow-led bloc. Communist, theoretical organ of the Soviet Communist party, reported a few days ago that its parties have declared themselves in favor of Khrushchev's peaceful co-existence and opposed to China's militant foreign policy.

This count left more than a score of Communist parties unaccounted for. Some, like Albania, North Korea, and apparently North Viet Nam, support the Peking line.
