

NATO Committee Rejects Nuclear Fleet Plan

PARIS (UPI) — The military committee of the North Atlantic Treaty Organization (NATO) parliamentarians' conference today rejected President Kennedy's plan for a mix-manned nuclear fleet of surface ships.

In a report to the full conference it blasted the plan as militarily "wasteful" and "unnecessary."

The committee's report will be debated by the full conference Friday.

The conference consists of nearly 200 members of the national parliaments of the 15 NATO countries.

Instead of the mix-manned

force the committee recommended that all NATO member states have real participation in the full strategy of the alliance, covering both nuclear and conventional forces.

The committee also recommended that the nuclear forces at the disposal of Allied Supreme Commander Gen. Lyman L. Lemnitzer be increased by assignment to him of addi-

tional existing nuclear resources, by increased operational coordination and by exchange of nuclear information.

In other recommendations:

—A special committee turned down an American-sponsored plan for a full-fledged Atlantic assembly or parliament. Instead, it recommended that the parliamentarians' conference should meet at least twice yearly rather than only once, as at present. It also recommended that one annual meeting be held in North America and the other in Europe.

—The political committee called for a unified strategic planning system inside NATO.

The military committee called for further coordination of arms research, development and production and better coordination of civil defense emergency planning.

NATO sources said only the American and West German delegations supported the mix-manned nuclear force project in the military committee.

Race Issue Examined By Political Experts

WASHINGTON (UPI) — Political diagnosticians began running Kentucky and Philadelphia election returns through their computers today and found at least superficial evidence of a backlash among white voters from the race issue.

Tuesday's contests for the Kentucky governorship and the Philadelphia mayoralty had been watched for signs to measure the political effect of racial tensions. Democrats won both races but by sharply reduced majorities.

Philadelphia was given particular attention by Republicans because the party line has been that the GOP lost the 1960 presidential election in the big cities.

President Kennedy polled 68 per cent of the vote in Philadelphia, giving him a plurality of 330,000 which enabled him to carry the entire state of Pennsylvania.

Garner's Big Vote

In Tuesday's mayoralty election in Philadelphia, Republican James T. McDermott polled about 46 per cent of the vote in his bid to unseat Democratic Mayor James H. J. Tate. The GOP share of the vote in the last city election was 34.4 per cent.

After the 1960 election, the GOP calculated that it needed about 40 per cent of the Philadelphia vote to win a statewide election in Pennsylvania. Sen. Hugh Scott, R-Pa., polled 41 per cent in 1958 and Gov. William W. Scranton 43.2 per cent last year.

In Tuesday's election, Republicans found eight wards showing a shift of 10 per cent toward the GOP in a comparison with the results of Scott's election. These wards were described as predominantly low income and lower middle income territory.

The preliminary conclusion

was that the GOP had benefited from white reaction to the handling of racial strife by the city administration and by charges of corruption against it.

Gets Negro Wards

In eight predominantly Negro wards, Tate piled up a majority of 61,000 accounting for almost all of his 66,000-vote edge over McDermott.

In the Kentucky governorship, Democrat Edward T. Breathitt narrowly defeated Republican Louie B. Nunn who had attacked Democratic Gov. Bert Combs' executive order prohibiting racial discrimination in business firms licensed by the state. In Louisville, the Republican-controlled city council had taken similar action to prevent discrimination.

Nunn carried Jefferson County (Louisville) by less than 4,000 votes compared with the 23,000 margin of Sen. Thurston B. Morton, R-Ky., who was reelected last year.

There was speculation here that the issue may have cut both ways — hurting the GOP in Louisville and the Democrats in the rest of the state.

Both political parties are keeping a nervous eye on the civil rights issue to see if it causes political repercussions among white voters. Kennedy told his news conference last week that the issue might affect votes in Philadelphia.

Two Men Indicted As Spies

WASHINGTON (UPI)—A federal grand jury has indicted two men, arrested last week as spies for Russia, on charges of conspiring to transmit information to the Soviets about the command and control system of the Strategic Air Command (SAC), the government announced today.

The Justice Department said John William Butenko, 38, an electrical engineer from Orange, N.J., and Igor A. Ivanov, 33, a chauffeur for a Russian firm in New York, were named in a three-count indictment. It was returned in U.S. District Court at Newark, N.J.

Atty. Gen. Robert F. Kennedy said the indictment also named three members of the Soviet mission to the United Nations as co-conspirators but not defendants.

They are Yuri A. Romashin, third secretary of the mission; Gleb A. Pavlov, an attaché; and Vladimir I. Olenov, a staff member.

Romashin, Pavlov and Olenov were ordered out of the country Nov. 1 by the State Department for their part in the case.

Butenko and Ivanov were arrested by FBI agents Oct. 29 following a clandestine meeting in a railroad station parking lot at Englewood, N.J.

Butenko is being held with Ivanov in the Hudson County, N.J., jail in Jersey City, N.J. He was a control administrator in the field operations division of the International Electric Corp. in Paramus, N.J., and had top secret clearance.

Ivanov was a chauffeur for the Amtorg Trading Co., a Russian export-import firm which operates in New York City.

Army Method To Be Studied

GEARHART, Ore. (UPI) — The Army method of teaching a foreign language will be the feature of the annual Oregon State Foreign Language Conference here Nov. 15-17.

Public Instruction Supt. Leon P. Minear said one of the largest groups of nationally known foreign language specialists ever to convene at one time in the Pacific Northwest will attend.

One of the top speakers will be Col. Lloyd H. Gomes, director of the Defense Language Institute in Washington, D. C.

House Expected To Pass Bill Raising Debt Limit

WASHINGTON (UPI) — Despite solid House GOP opposition to a \$6 billion raise in the national debt limit, Democratic leaders forecast passage today of a bill to hike the ceiling to a record \$315 billion.

It was the third time this year that the debt limit came before Congress. It was raised temporarily in May for three months and again in August for a second three months to its present ceiling of \$309 billion. The current debt is \$307 billion.

Under present law the limit automatically will drop to \$285 billion on Dec. 1 unless Congress acts. Today's bill would be effective through next June 29.

Republicans planned to try to send the bill back to committee, then resubmit a new measure setting a ceiling about \$2 billion or \$3 billion less than

the proposed \$315 billion. The debt issue is embarrassing to the administration that is trying to cut taxes, retain what it considers important national spending programs, and fight off GOP attacks of unnecessary spending.

Other congressional news:

Pricing: John W. Anderson, president of Quality Brands Association, accused Federal Trade Commission Chairman Paul R. Dixon of "misunderstanding" or trying to "mislead" the American public when he testified on the quality stabilization bill. Anderson, in a letter to Sen. Vance Hartke, D-Ind., said that by the "intelligent questioning" of Hartke and Sen. Hugh Scott, R-Pa., "you successfully demolished and discredited big falsehoods being circulated against the quality stabilization bill."

Hunt Mishap Wounds Youth

PENDLETON (UPI)—Ronald Bishop, 18, Athena, was reported in fair condition at St. Anthony Hospital after he was wounded in a shooting accident Wednesday.

Deputy Sheriff Paul Jones said Bishop and three other youths stopped their car on Pine Creek Road just east of Athena to go bird hunting. Paul Kreeching, who was sitting in the back seat, picked up his 12-gauge shotgun and it discharged as he started to leave the car.

The charge went through the front seat upholstery and struck Bishop in the side. He underwent surgery shortly after being admitted to the hospital.

The other youths in the party were Gary Blom and Claude McDonald, also of Athena.

Government-Rented Car Loaned To Negro Leader

By United Press International
The Justice Department confirmed Wednesday the truth of charges by Alabama officials that a government-rented automobile was used to transport Martin Luther King Jr. to a speaking engagement in that state.

The department said one of their attorneys, Theilton Henderson, allowed the car to be used to transport King from Birmingham to a civil rights rally at Selma, Ala., last month.

The department said Henderson earlier denied lending the car, and had been dismissed because his actions violated department policy.

Gov. George C. Wallace and other Alabama officials cited the incident as evidence of the Justice Department's participation in stirring racial strife in the state.

Civil rights organizations in New Orleans vowed to continue their efforts today to desegregate facilities at city hall.

Five persons, including the local president of the Congress of Racial Equality (CORE), were

arrested during a sit-in attempt there Wednesday. Forty-three persons have been arrested at the city hall cafeteria since the campaign began a week ago.

Other racial developments:
SUMTER, S.C.: The South Carolina Association of Citizens Councils proposed Wednesday a referendum to determine if state-owned parks, closed to avoid desegregation, should be reopened.

NEW HAVEN, Conn.: Edward E. Krickhaus, an assistant professor of psychology at Yale, was arrested Wednesday and charged with helping organize a weekend racial protest here which resulted in a scuffle between pickets and police.

NASHVILLE, Tenn.: A group of Vanderbilt students demanded that the operator of a small campus restaurant desegregate his facilities.

MOBILE, Ala.: Commissioner Charles S. Trimmer said he will challenge an executive order issued by Police Commissioner George McNally requiring civil rights pickets to be fingerprinted and photographed.
