Oregon Primary Called Vital To Rocky's Hopes

By United Press International

Oregon Republican leaders pointed today to the state's May primary election as significant for Gov. Nelson Rockefeller of New York, who today announced formally his candidacy for the GOP presidential nomination.

Gov. Mrk Hatfield said "It will take a personal extensive campaign and winning a majority of the important primaries" for the New York governor to achieve his goal. Hatfield said he felt Rockefeller's Oregon chances were good "if he comes into Oregon and spends some time here."

Phil Roth, state Republican chairman, said he felt Rockefeller "at this moment is running substantially behind for the nomination." But he felt a victory in the New Hampshire and Wisconsin primaries could bring him into the Oregon primary a much stronger candidate. "A victory in Oregon and in the California primary would again propel him back to the center stage for the nomination," Roth said.

Lowell Paget, GOP national committeeman, did not forecast Rockefeller's chances. He pointed to the state's primary law which binds the 18 GOP convention delegates to the choice of the voters at least until after two ballots have been cast at the convention or unless the state's choice receives less than 35 per cent of the convention's votes on the first ballot.

Mrs. Moore Comments

Mrs. Collis Moore, Oregon's GOP national committeewoman, said "Gov. Rockefeller is a tremendous campaigner and has great personal charm." She said she would rate his chances good for the nomination, although she said she was not certain about Oregon.

Hatfield and Mrs. Moore said they did not believe Rockefeller's announcement made it necessary for Sen. Barry Goldwater, R-Ariz., to announce his plans before January. Roth said he believed Goldwater should announce his intentions before then. Paget said he understood Goldwater indicated at Eugene last month he intended to announce his plans before January.

All four were asked if they felt adverse effects of Rockefeller's divorce and remarriage were lessening.

Hatfield and Paget replied they did not know. Mrs. Moore said, "No, not from the mail I receive."

George Hinman, Republican national committeeman from New York and a Rockefeller booster, was in Oregon on what he termed "a feeling out trip." He predicted Rockefeller would get the nomination and win.

SEEK NAZI TREASURE

BAD AUSSEE, Austria (UPI) — The government has decided to continue searching the bottom of Lake Toplitz for possible Nazi treasures despite the high cost of the project.

Diving operations so far this year have cost an estimated $165,000. An Austrian Ministry of Interior spokesman said German army officers reportedly dumped documents and treasures into the lake at the end of World War II.

How To Cure 'China Peeker'

By ANN LANDERS

Dear Ann Landers: Here's a cure for that friend of "Plain Folks" who has a habit of turning over the china and examining the silver to hunt for hallmarks.

A cousin of mine had a friend who did the same thing. Everyone was annoyed with her. When the group met for luncheon one day, the snoopy woman proceeded to turn over the china plate, as usual.

The hostess had been warned about her. She pasted a piece of adhesive tape on the bottom of the plate with this message: "We just knew you'd look!"

The woman turned three shades of red and has not been known to peek under a plate since that time. Print this, Ann. It may cure some other ill-mannered snoops of this petty habit.—H. M. W.

Dear H.M.W.: Here's your letter and I heartily endorse the gimmick.

Dear Ann Landers: Why is it that unless a girl gives in before marriage the fellow is not interested? The story usually goes like this: "If you loved me you'd prove it. If you aren't willing to prove it you don't love me, so we'd better call it quits."

I've been going with this man for several months. We are not teenagers, Ann. I'm 39 and he is 42. The trouble is I did give in to him a few times but I've thought it over and decided I don't want this kind of relationship outside of marriage. Now I'm afraid if I refuse to go along with him he'll drop me.

Please don't tell me to stop seeing this man because I do love him. Furthermore, the next man will have the same ideas since all men are alike when it comes to this.—FIGHTING AND LOSING.

Dear F and L: Sorry, Toots, you lost your trump card. A girl who gives away samples has no right to complain when the man decides he likes the merchandise.

Both you "kids" have been of marriageable age for quite some time. If he won't put the ring on your finger now he never will. Get with it.

Dear Ann Landers: I've been a stepfather for three months and it seems as if I've had 300 years filled with problems.

My wife admits Betty is spoiled rotten. She tried to make up to Betty for the divorce by catering to her. I needn't describe the results of such maneuvering.

The week after we were married, Betty smashed up my car and I blew my stack. My wife was furious because I lost my temper.

Two weeks ago my own son went into the service and left his car in our garage. I told Betty she could not drive his car because he wanted it in good shape when he came home. When I learned she was driving his car on the sly I put it in a commercial garage with orders that no one be permitted to take it out.

Betty tried to take the car out and failed. Then she told her mother I had humiliated her before the garage man. Now she refuses to speak to me. I'm tempted to turn her over my knee—just once. Shall I?—STYMIED

Dear Stymied: No. It would make her despise you even more. Spanking a 16-year-old girl is no way to build a decent father-daughter relationship.

You need professional advice to learn how to cope with this girl. I urge you to get help. And it may well be that she needs some professional help, too.

Confidential to JUST WONDERING: Heaven ? ? ? No! But not jail, please. "Daddy is away working" is a good answer. It will satisfy them and you will not be lying since he is actually doing some work there.

'Gallant Defender'

By OSWALD JACOBY
Newspaper Enterprise Assn.

Everyone who has ever played rubber bridge has suffered with that type of partner which I call "The Gallant Defender."

The gallant defender is going to keep the flag flying irrespective of the cost and there is nothing his partner can do about it. Once in a while the defender will point out that the 1100-point set he took was really worthwhile because he went on to win the rubber and actually saved a couple of hundred points.

Chicago, or four deal bridge, is likely to cause these gallant defenders to mend their ways. Even their sophistry can't justify an 1100-point set when it ends the game.

On the other hand Chicago does encourage overbidding, but with good hands only. The fact that there is a potential game bonus on every deal makes it rather silly to bang one short of game if there is any real chance to cash in on that bonus.

Thus, there was no point in South's three no-trump bid. He had the barest minimum of 25 points for his opening no-trump. His partner best only raised to two and South should have passed and hoped to make his eight tricks.

East won the heart opening with the ace and returned the suit. Eventually the defense collected four hearts and a spade and South was down one.

Strangely enough, South complained about bad luck. He overlooked the fact that spades broke and that the attempted finesse was on and pointed out that it took a 5-2 heart break to cost him the game.

A—This is a tough problem. I have no criticism of a pass, but if my partner is not going to treat four no-trump as Blackwood on this sequence I would bid four no-trump.

TODAY'S QUESTION

Instead of bidding three no-trump your partner bids two spades. What do you do now?

NATIONAL FOREST TIMBER FOR SALE
GREYROCK

Oral acution bids will be received by the Forest Supervisor, or his authorized representative, on the second floor of the Klamath County Library Building, 126 South Third Street, Klamath Falls, Oregon, beginning at 2:00 p.m., Pacific Standard Time, December 10, 1963, for all merchantable timber marked or designated for cutting on an area embracing 509 acres, more or less, within Section 25, T. 36 S., R. 5 E., and Section 30, T. 36 S., R. 6 E., W.M., surveyed, in the Winema National Forest, Oregon. The estimated volumes are: 3,700 M board feet of Ponderosa pine; 4,000 M board feet of White fir, and 1,800 M board feet of Douglas-fir. The minimum acceptable bid per M board feet is as follows: Ponderosa pine, $88.05; White fir, $7.30, and Douglas-fir, $11.20. This includes the following rates, per M board feet for stumpage, including timber for sale area improvement: $3.00 base rate plus an additional $23.65 for Ponderosa pine; $1.00 base rate plus an additional $9.90 for White fir; $2.00 base rate plus an additional $9.45 for Douglas-fir, and $1.40 for stump disposal for all species. The stumpage rates payable for each species will be increased by the amortization rate in effect for that species when the unamortized estimated cost of the main haul roads has been amortized by timber scaled. The unamortized estimated cost is $9,456.00. Amortization rates are: Ponderosa pine, $1.61 per M board feet; White fir, $0.24 per M board feet, and Douglas-fir, $9.58 per M board feet. Amortization of estimated main haul road costs is computed on 80 percent of the estimated timber volume. The purchaser may request that the contract provide for more rapid amortization of the estimated cost of roads which must be constructed before normal logging operations will be possible. The prices bid for stumpage shall be considered as tentative rates subject to quarterly calendar adjustment upward or downward by 0.5 of the difference between the average of the Western Pine Association Lumber price indices as calculated by the Forest Service at the end of each calendar quarter, and the following base indices: Ponderosa pine, 86.21; White fir, 42.23, and Douglas-fir, 70.78. Such adjustments in the price for stumpage shall be applicable to timber scaled during the calendar quarter for which the adjustment is computed. In no event, however, shall the payment rates for each quarter be less than the base rates as stated above. When the adjusted rates by species are lower than the base rates, the difference between the total dollar value of timber cut at adjusted rates and at base rates will be recorded for each species. The stumpage rates for any species will not be increased above the base rate until the subsequent adjusted rates above base rates develop an accumulated total dollar value in excess of the recorded accumulated difference for all species. Sealed bids will be publicly opened and posted at the Klamath County Library Building, Klamath Falls, Oregon, at 2:00 p.m., Pacific Standard Time, on December 10, 1963. All those who submitted a satisfactory sealed bid will be permitted immediately to continue auction bidding. A money order, bank draft, cashier's or certified check in the sum of $6,500.00 must accompany each bid, to be applied to the purchase price, refunded, or retained for application to any claim for damages, according to the conditions of sale. If requested by the purchaser, contract terms will permit felling of timber in advance of payment up to the value of the performance bond. If an oral bid is declared to be high at the closing of the auction, the bidder must immediately confirm the oral bid by submitting it in writing on a Forest Service bid form. The right to reject any and all bids is reserved. Forest Service bid forms for use in submitting sealed bids and full information concerning the timber, the conditions of sale, and the submission of bids should be obtained from the District Ranger, Veterans Memorial Building, 130 South Fourth Street, Klamath Falls, or the Forest Supervisor, 411 Main Street, Klamath Falls, Oregon, before bids are submitted.
