

Juvenile Office Lists Traffic Statistics

Auto accidents caused by juveniles in Klamath County this year have resulted in damages totaling nearly \$10,000, according to statistics from the County Juvenile Department.

The department reported that traffic violations by juveniles have resulted in 29 auto crashes this year and damages total \$9,578.

Five of the accidents occurred in October and they accounted for \$2,114 in damages. There were five juvenile-caused accidents in September,

causing \$2,041 in damages.

Fifty six citations for traffic violations during October by all police agencies—a drop from 67 the previous month. The 56 citations were issued to 52 individuals. The October total brought the total for the year to 575 citations.

Of the October total, 28 came from Oregon State Police, 22 from Klamath Falls police, and six from other agencies.

Two of the five citations that resulted from auto accidents

during October were for failure to yield the right of way to a vehicle. Two others were for violation of the basic rule and one youth was cited for improper vehicle license after an accident.

Of the 56 citations issued during the month for traffic violations, 50 were to boys and the remainder to girls. Twenty of the boys issued citations were between the ages of 17 and 17.5 years. Three of the six girls cited were from 16 to 16.6 years old.

As a result of the citations, seven juvenile licenses were suspended—five partially and two for more than 60 days.

Two of the cases were transferred to district court from the juvenile authorities and one was transferred to another area.

Washington Eyes Law To Curb Phone Pests

OLYMPIA (UPI)—The housewife who thinks there ought to be a law against salesmen bothering her with telephone calls may have found an ally in the legislature.

The Legislative Council's Commerce Committee might propose just such a law.

Sen. R. R. Greive, D-Seattle, committee chairman, said the lawmakers decided to ask the full council for permission to investigate the subject of telephone solicitations.

"We haven't gotten into the subject yet," Greive said, "but right now it appears that these telephone calls are an invasion of privacy."

He said the committee has received "numerous complaints" from persons who have been annoyed by salesmen who use the telephone to make their pitches.

"A number of housewives have told us that they have had to get out of the shower or let dinner burn on the stove to answer the phone only to find that the caller is a salesman," Greive said.

"My wife says that she has

received as many as four such calls in a single day," he added.

Greive said the committee wanted to hold hearings on the subject to help the lawmakers decide if legislation is needed.

If the committee decides to take some action to protect the public from the ringing telephone, Greive said, the legislation could take any one of several different forms.

For instance, he said, the legislature might require telephone companies to include a notation in telephone books showing which subscribers were willing to answer calls from salesmen.

Or the state might license and regulate telephone solicitation firms, he said.

The Legislative Council probably will decide at its next meeting if Greive's committee will be authorized to conduct the investigation.

Flames Claim Man At Aurora

AURORA, Ore. (UPI)—Lawrence Steve Adelman, 49, Aurora, was killed Monday in a fire that destroyed a storage shed at his residence.

State police said Adelman apparently lit a match, touching off fumes from gasoline stored in the shed.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little PASTETECH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath." Get PASTETECH at drug counters everywhere.
