

# House Approves 'Porkless' Public Works Bill

WASHINGTON (UPI) — The House Tuesday approved a \$4.2 billion public works bill with members heatedly denying that there was any "pork" in it. The vote was 359 to 27.

The legislation, which still must be passed by the Senate, would provide funds during the fiscal year ending June 30, 1964, to finance flood control, harbor improvement and reclamation

projects as well as the extensive and non-related activities of the Atomic Energy Commission.

With little debate, the House approved the \$235.6 million cut recommended by its Appropriations Committee.

Of the \$4.2 billion in the measure, more than \$2.6 billion would be spent by the AEC. But it was in this area that the biggest cuts came.

What little debate occurred was directed at recent critics of the public works program, commonly known as the "pork" barrel.

The House made no changes in the committee's recommendations for Rocky Mountain region Bureau of Reclamation and Corps of Engineers programs, nor in the special Missouri River Basin and Colorado River Storage Projects.

Rep. Michael Kirwan, D-Ohio, directed his remarks at Life magazine which carried a story saying there were some projects it considered unnecessary. Kirwan said that since 1962 the government had spent \$4.4 billion on reclamation projects. He said that they had generated \$5 billion of income that went into the Treasury.

"This shows how much Life magazine knows about its own country when it calls this pork," Kirwan said.

# Pledges Carry Out 'Kidnap' Plot

SAN DIEGO, Calif. (UPI) — David Garner, 22, Bothell, Wash., was en route home today following one of the most bizarre fraternity "kidnapings." Garner said he was "kidnaped" early last Friday morning from his bed in Tacoma, Wash., where he is vice pledge-master of Sigma Alpha Epsilon fraternity at Puget Sound University.

College last Saturday night he was whisked immediately to Tijuana, Mexico, to attend a party in his honor. Garner said his "captors" were respectful and pledges at Puget Sound University — who

talked by telephone with each college along the coast where Garner happened to be at the moment—always asked him if he were having a good time. A fraternity brother is driving Garner home.

## Altamont School News

By PATTIE VAUGHN

Altamont Junior High students recently held their annual magazine drive. Students received prizes for selling subscriptions and a party was given to each room that exceeded its quota. Our highest salesman was Jodean Loper who sold \$101.31. Next highest were Randy Kerr with \$96.30, Terry Hansen with \$81.94, and Nancy Payne with \$85.04.

This year \$4,479.04 was taken in compared with \$4,578.05 last year.

The school got 39 per cent of the sales of most of the magazines and 50 per cent of the sales of a few of the magazines. The money is used for books for the library, sports equipment, etc.

The Altamont eighth grade has played several football games. On Oct. 19 we went to Grants Pass to play South Grants Pass. The score was 19 to 6—our favor.

We played Fremont on Oct. 29. We scored 13 and Fremont scored 22.

The seventh grade has played four games. The first was on Oct. 19 when we played the Fremont Midgets. Fremont won 21 to 0. On Oct. 26 we played Roosevelt and beat them 39 to 0. The third game was with Conger and Riverside combined versus Altamont. We beat them 19 to 6.

We played Mills on Nov. 7. They scored 6 and we scored 0. This was the best game the seventh grade has played for the score was made in the last few minutes of the game.

Famed for its watches, the 2,000-year-old city of Geneva is one of Switzerland's favorite resorts.
