

## Dunsmuir Council Rules Against Parking Meters

DUNSMUIR — Metal signs boosting Dunsmuir, "Home of the Best Water on Earth," and authorizing two hours of free parking will be placed atop parking meter posts in downtown Dunsmuir.

Approval of the signs, an order placed for 175 signs, and the rescinding of an ordinance which would have reactivated parking meters was accomplished at the meeting of the Dunsmuir City Council Monday night.

These actions settled a three-year controversy between businessmen opposed to parking meters and councilmen looking to the merchants to follow up on proposals to eliminate meters. James Lockart, hardware

store owner, displayed a sample sign which will be made locally for about \$3 per sign. It received immediate approval of the council and steps will be taken to sell the present meters, which have been out of service since June, 1960.

### TOP ATTRACTION

Pioneer Village near Minden, Neb., one of the state's top tourist attractions, consists of 22 buildings with more than 10,000 historic items.

## Ski Swap Scheduled

MOUNT SHASTA—The annual Ski Swap sponsored by the Mount Shasta Snowmen Ski Club will be conducted from 10 a.m. to 8 p.m. Saturday in the Shasta Arcade building.

Any item of ski equipment or clothing may be brought to the swap. The seller will price his item, pay a 25-cent registration fee, and give 10 per cent to the club for handling charges if the item is sold. All interested persons are invited to buy or sell at the swap. The proceeds will be used for club activities, including the sponsorship of the Junior Ski Race Team.

Articles may be left at the swap on Friday from 2 to 8 p.m.

## Thompson Case Ready To Go To Jury

MINNEAPOLIS, Minn. (UPI)—Six men and six women were expected to begin deciding today whether T. Eugene Thompson's pretty heiress wife was killed at his request or died in a burglary in the approaching climax of one of the generation's most celebrated murder trials.

Prosecutor William B. Randall and defense attorney Hyam B. Segell were to present closing arguments today, followed by Hennepin County District Court Judge Rolf Fosseen's detailed instructions to the jury. Segell was expected to take more time in his closing remarks, in contrast to his brief presentation of witnesses to the jury.

More than 100 witnesses took the stand during the first de-

gree murder trial, which is in its sixth week. Most were called by the prosecution. It contends Thompson, 36, masterminded the slaying of Carol Thompson, 34, last March 6.

His motive, the state charged, was to collect the more than \$1 million insurance he had bought on his wife's life, most of it in the past 13 months, and to be free to resume an affair with his former mistress.

The defense contends that Mrs. Thompson was beaten and stabbed to death by Dick W. C.

Anderson, 35, during a burglary at the Thompson's \$40,000 home in the fashionable Highland Park section of St. Paul.

It was expected the jury would have only three alternatives. It could find the boyish-looking Thompson guilty of first degree murder, it could find him innocent or it could fail to reach a decision.

First degree murder conviction carries a life in prison sentence in Minnesota, which abolished the death penalty more than 50 years ago.

## Mrs. Dwyer Appointed To National LPN Post

Mrs. William E. (Helen) Dwyer, president of the Oregon

State Licensed Practical Nurses has been appointed vice chairman of the National Economics Security Committee by the executive board of the National Federation of LPNs.

Word of her appointment was relayed to Mrs. Dwyer by Mrs. Lillian Kuster, executive director of the federation.

Mrs. Dwyer reported Wednesday that on Nov. 29 a working agreement had been signed between the LPNs and the Central Oregon District Hospital of Redmond.

This agreement brings to 10, those signed between hospital administrations and the nurses including six hospitals in Portland, one each in North Bend, Klamath Falls, Prineville and now Redmond. Negotiation proceedings are under way in Coos Bay.

DALLAS (UPI)—Americans, still mourning the assassination of President Kennedy, today had sent more than \$100,000 to the widow and three children of policeman J. D. Tippit, who died chasing the suspected assassin.

A survey of sources receiving money showed the fund well past \$100,000, including more than \$80,000 counted at the police station where 14 large bags of mail remained unopened.

Texas A&M also had awarded university scholarships to the two sons of the late policeman. Southern Methodist University offered his 10-year-old daughter, Brenda, a scholarship.

'64 Pontiac

Here's why you'll like it.

Here's why you'll tell other people you like it.

Some people think it's a bit frivolous to like a car just because it looks so nice. So what you'll have to do is bone up a little on all the other things that make a Pontiac a Pontiac.

Wide-Track, for instance. Wide-Track is what does away with tilting your way around turns. Pontiac's smoother, quieter ride is another thing you might point out.

Be careful, though. One ride in this car and everybody's going to think you're made of money. You can solve that problem by telling what you paid. Or you might just say, "You'd sure think this car cost a lot, wouldn't you?"

Or you could take everybody's mind off it entirely by giving your Pontiac some throttle. A big 389-cubic-inch Trophy V-8 is standard in each and every Pontiac. And you get to choose from 34 engine/transmission teams. (Happy choosing!)

Now then—on to more of the things that make the '64 Pontiac so thoroughly likeable. Frankly, we couldn't think of anything radical to do with this car. Oh, we made the styling even more stylish, as you can plainly see. We lavished even more care on the interiors. We even improved the light bulbs. But as for more vital things, why change? Improve, refine, sharpen—yes. Change—no. And you can tell that to your friends.

Really, though, you can buy a Pontiac solely because you like its looks. We don't think you'll find many people who'll ask you for more practical reasons.

What they'll be asking for is a ride—and the name of the man you bought your '64 Pontiac from.
