

MIGHTY OLD — Brothers John, Hans and Thomas Minkler, came to America from Holland in 1709, bringing with them this hand wrought iron scale. Jack Minkler of Klamath Falls now owns the relic. His father, Frank, and later his children were weighed on it. Rules differ on each side of the beam. One side weighs up to 45 pounds, the second to 12 pounds. The three hooks are held by pins. Jack Minkler, a retired logger, came here from Eugene in 1953. The family home is at 234 Martin Street.

Bridge Unit Schedules Dinner Party, Election

The annual election party and dinner of the Klamath Falls Unit Committee of the American Contract Bridge League gets started with a masterpoint duplicate bridge tournament, 1:30 p.m. today, at the Winema Motor Hotel. Members of the unit will submit their ballots before the tournament, after which the votes will be tabulated and the new officers named for the coming year.

A dinner will follow the tournament at 6:30 o'clock. Non-bridge playing spouses of members of the unit are invited to the dinner.

Results of local bridge tournaments last week follow:
Lakeshore BC (Tuesday), 1. Mrs. A. V. Moore-Grae Kresse; 2. Pauline Offield-Mrs. William Grove; 3. Mrs. Chet Stoneypher-Mrs. A. M. Johnson.

Lakeshore BC (Thursday), NS, 1. Dick and Anne Briggs; 2. Lois Serrys-Crystal Clarke; 3. Pat Cunningham-Mrs. I. C. Lemler. EW, 1. Mrs. David Vandenberg Sr. - Mrs. Oscar Shive; 2. Frank and Pat Tarr; 3. Art and Doreen Beddoe.
Klamath BC, 1. Bob and Peg Chilcote; 2. Ethel Davis-Mrs. David Vandenberg Sr.; 3. Dorothy Rogers-Dick Briggs.

Lumber Aid Bill Passes

WASHINGTON (UPI) — The Senate Friday passed and sent to the House legislation to allow West Coast lumbermen to continue using foreign vessels for shipping lumber to Puerto Rico.

The measure would continue for two years an exemption from the Jones Act, which requires use of American flag vessels to carry cargo between U.S. ports.

Lumber producers testified earlier at Senate hearings that the exemption had helped them recapture much of the Puerto Rican lumber market from Canadian producers.

Spokesmen for the depressed domestic lumber industry contend they had lost Puerto Rican and U.S. East Coast markets to producers in British Columbia chiefly because the Canadians can use lower-cost foreign vessels to carry lumber. Some lumbermen have asked that exemption from the Jones Act also be extended to shipments to ports on the U.S. Atlantic Coast.

Sales Tax Supported

PORTLAND (UPI) — The Oregon Education Association voted Friday to support a state sales tax with the money to be earmarked for education. The organization said it would initiate the measure, if necessary.

The action came at a meeting of about 200 delegates to the OEA's Representative Council.

There were estimates it might cost as much as \$74,000 to run the initiative campaign.

The council also voted to resist any attempts by school boards to lower teacher salaries as a result of voter defeat of the legislature's tax bill Oct. 15.

Some school district budgets are expected to be cut as much as 25 per cent next year because of an anticipated \$12 million slash in the \$141 million state aid to education fund for the next biennium.

FIRE REPORT

Friday, 9:14 p.m., electric dryer in basement on fire at 406 North Sixth Street, occupant Quentin Steele. Considerable damage to dryer, house full of smoke.

Saturday, 3:40 p.m., leaves burning without permit at Roseway Drive and Oregon Avenue.

Plane Lost In Viet Nam

SAIGON (UPI) — A U.S.-made RB25 reconnaissance plane crashed Friday in Communist-infested Dinh Tuong Province, probably killing four Americans and one Vietnamese, it was announced Saturday.

A U.S. military spokesman said the bodies of the Vietnamese and one American had been recovered from the wreckage of the RB25, which came down in the five-foot-deep waters of a stream about 35 miles south of here. He said there was no sign of survivors.

It was not certain immediately whether the plane was shot down by the Communists, who

have downed a number of planes in the general area of the crash in the past.

The spokesman said the plane was on a photo-reconnaissance mission when it crashed. The converted World War II bomber carried two American instructors in addition to its usual crew of three.

U.S. Air Force sources said the instructors were "checking out" the plane's navigator, who was unfamiliar with the performance of the RB25.

The names of the Americans lost in Friday's crash were not made public immediately.

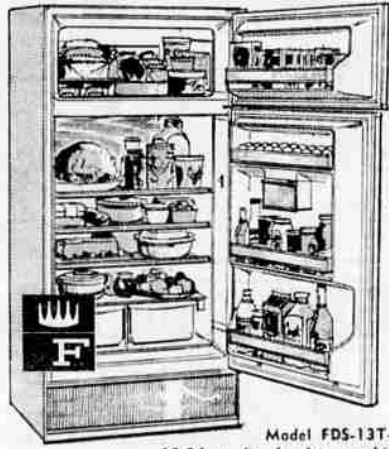

Clearance on 1963 FRIGIDAIRE APPLIANCES!

Time To Go Prices - While they last!

New Church Council President Assails 'Agitators'

PHILADELPHIA (UPI) — Bishop Reuben H. Mueller, newly elected president of the National Council of Churches, said Saturday that the late President Kennedy was indirectly the victim of "fanatical and bigoted agitators who specialized in controversy for personal financial gain."

In an address before the closing session of the National Council's triennial general assembly, Bishop Mueller did not identify the "agitators" whom

he held responsible for the President's assassination. But he indicated that they included extremist groups which have caused dissension in churches. "Our President became the ambushed victim of hatred gone mad," said Bishop Mueller.

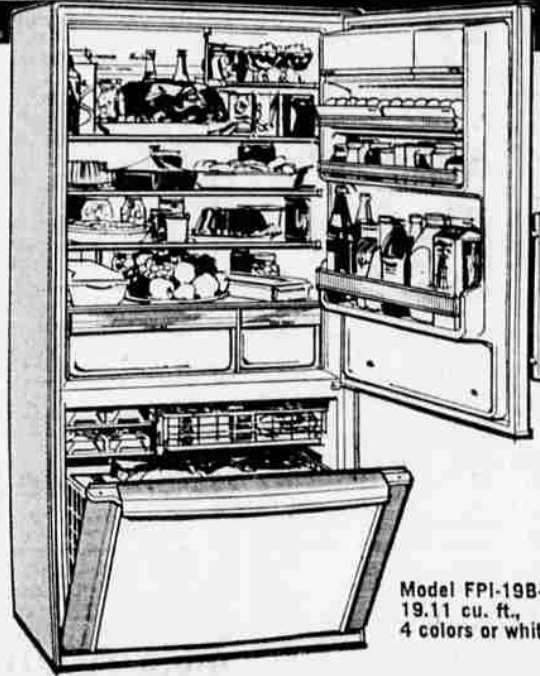

"Fanatical and bigoted agitators, who specialize in controversy for personal financial gain, did not need to be linked directly with the assassination itself, but their attacks on the integrity of our institutions and

our leadership can trigger the irresponsible "mad dog" acts of the Oswalds and the Rubys, who seek to take the law into their own hands, and become the executioners of those who do not agree with them."

The Rev. Dr. Mueller, 66, of Indianapolis, Ind., is senior bishop of the Evangelical United Brethren Church. He was elected Wednesday to a three-year term as chief public spokesman for the National Council, which represents 31 major denominations with 40 million members.
