

**Fruit Cake Bonbon Tree**

These unusual fruitcake bonbons delight young and old. Made of an especially light, fresh tasting fruitcake recipe, they are baked in individual paper cups, removed from the cups after baking and wrapped in clear plastic. They can be hung on the Christmas Gourd Tree and distributed to holiday visitors. Or made in advance, they can be mailed to ravenous sons and daughters at college as a pre-Christmas surprise.

**FRUITCAKE BONBON**

- GOODIE TREE**  
(20 fruitcake bonbons)
- 1/2 cup unsifted molasses
  - 1 can (6 ounces) frozen orange juice concentrate, thawed, divided
  - 1 package (15 ounces) seedless raisins
  - 1 jar (1 pound) mixed candied fruits, divided
  - 1/2 cup (1 stick) butter or margarine
  - 2/3 cup sugar
  - 3 eggs
  - 1 1/4 cups all-purpose flour
  - 1/2 teaspoon baking soda
  - 1/4 teaspoon cinnamon
  - 1/4 teaspoon nutmeg
  - 1/4 teaspoon allspice
  - 1/4 teaspoon ground cloves
  - 1/2 cup chopped nuts
  - Clear plastic wrap
  - 17 yards ribbon, 3/4-inch wide

**Small tree**  
Blend together unsifted molasses and half of the orange juice concentrate in a saucepan. Place over low heat, stirring constantly, until mixture comes to a boil. Add raisins, bring to a boil again. Reduce heat and simmer 5 minutes; remove from heat. Reserve approximately a fourth of candied fruit for garnish; stir remaining fruit into molasses mixture and reserve. Cream together butter and sugar. Blend in eggs, one at a time. Sift together flour, soda, and spices; add to mixture and mix alternately with remaining orange juice concentrate. Add molasses-fruit mixture and chopped nuts; blend. Line 1 1/2-inch paper cups with miniature paper cups. Fill 3/4 full with fruitcake mixture, and sprinkle with reserved candied fruit. Bake in moderate oven (350-degrees) 25 to 30 minutes. Cool, remove paper cups. Place each bonbon in center of 6-inch square of plastic wrap, pull edges together at top and tie with 10-inch piece of ribbon. Tie to tree and make bow.

**NUTS FOR YOU!**  
... Pecans Plentiful ...  
Christmas is coming, and so are tons and tons of pecans! Starting to market this month, in time for the holiday season, is a pecan crop that's nearly 50 per cent larger than average, the United States Department of Agriculture reports. Chances are, western food shoppers will find them attractive buys. Here are some ways they can be used to enhance Yule specialties:  
Mashed Sweetpotatoes: Add butter, seasonings, then moisten with orange juice. Just before serving, blend in coarsely chopped pecan nuts.  
Gelatin Salads: Broken pecans add a delightful texture contrast to either molded fruit or vegetable salads. Fold in after mixture has begun to thicken.  
Sweet Rolls or Coffee Cakes: Brush dough, rolled about 1/2-inch thick, with melted butter, then spread with brown sugar mixed with your favorite spices. Sprinkle with a generous amount of chopped pecans. Roll up as for jelly roll. Cut into slices, or shape into a ring, and bake. While still warm, drizzle with confectioner's sugar frosting, sprinkle with more chopped nuts.  
Cakes: Add about 1/2 cup of chopped pecans to butter cake batter before turning into pans. Try this trick with gingerbread, too.  
Pecan Nut Bread: Sift together 2 1/2 cups sifted flour, two tablespoons sugar, three teaspoons baking powder, 1/2 teaspoon salt and 1/2 teaspoon cinnamon. Combine two well-beaten eggs with one cup milk, then blend into dry ingredients, mixing just until smooth. Stir in 1/2 cup salad oil and one cup coarsely chopped pecans. Turn into a greased loaf pan and let stand 20 minutes. Bake in a moderate oven, 350 degrees F., for one hour. Makes one loaf—very good spread with cream cheese.  
Pecan-Fruit Bars: Sift together one cup sifted flour, 1/2 teaspoon baking powder and 1/4 teaspoon salt. Blend in 1/2 cup melted shortening, one cup sugar, two well-beaten eggs, one cup chopped pecans and one cup finely-sliced dried fruit (1 cup apricots, dates, prunes or figs, or a combination of several). Spread batter evenly in a shallow (13x9-inch) pan, lined with waxed paper. Bake in a moderate oven, 350 degrees F., for 25-30 minutes. When done, let stand for several minutes before cutting into 13x9 bars. Turn onto a rack and peel off paper. Let cool slightly, then roll in confectioner's sugar.  
Other Festive Notes: Keep a bowl of pecans handy for nibblers; use for the stockings that hang by the chimney, holiday table decorations. If you buy pecans in quantity, store them, unshelled, in a cool place. If, however, you have freezer space and willing workers, shell the nuts and freeze in a tightly sealed container. Plan to use them within a year.
