Defense Of President Impossible Says Agent

WASHINGTON (AP) — Former U.S. Secret Service Chief U. E. Baughman said Monday that there were unanswered questions about President Kennedy's assassination that "should be resolved."

Baughman, who guarded presidents as chief of the Secret Service for 13 years, said "the plain fact is that you cannot protect the President from every danger. And the greatest danger is from a sniper hiding in a high building."

In a copyright interview with U.S. News & World Report, Baughman said he didn't know if the Secret Service did all it could to protect Kennedy because he wasn't in Dallas on the day of the assassination.

son that agents weren't next to Kennedy on the running board of his car was that the White House wouldn't permit it.

"The White House has been trying to avoid making it conspicuous that you're guarding the President closely," he said. Asked if there were any mistakes in the Dallas security preparations, Baughman said, "as an investigator, I can think of a lot of questions, but I wasn't there. The only thing I can say is that the Secret Service does not have enough men."

Pope Plans Wide Appeal

VATICAN CITY (UPI)—Pope Paul VI will make an appeal to "all men of good will" from Bethlehem Jan. 6 during his historic pilgrimage to the Holy Land, Vatican sources said Monday.

The sources said the Roman Catholic pontiff is also preparing a Christmas message that will underline the significance of the pilgrimage. The message will be broadcast to the world by Vatican Radio Dec. 23.

The appeal from Bethlehem, sacred to all Christians as the birth-place of Jesus Christ, will be made on a date significant both to Western Christians and members of the Eastern Orthodox Church.

Orthodox church leaders are considering a proposal to join the Pope during his prayer pilgrimage as a gesture of Christian unity.

Jan. 6, known as Epiphany, is celebrated in the West as the date when the Christ child was visited by the Magi, or wise men from the East. This is considered the first manifestation of the Jewish Christ to the non-Jewish world. The Eastern Orthodox Church follows an older tradition in commemorating the date as that of the baptism of Christ at the start of his ministry by John the Baptist.

Christian unity and peace were expected to be the keynotes of the Pope's address on the final day of his two-day visit to the Holy Land, which currently lies in the states of Israel and Jordan.

Onions, Easter lilies, tulips, garlic and hyacinths all belong to the varied lily family.

Answer to Previous Puzzle

ASC Committee Ballots Return Most Incumbents

LAKEVIEW—The ASC community committee chairmen in election convention Monday, Dec. 9, at the ASC office returned the incumbent committee to office, with one exception.

Erwin Abramson will continue to serve as chairman, with Vancil Withers as vice chairman and Charles Crump as regular member. Jack Kitteridge, Fort Rock, continues as first alternate committee member and meets regularly with the committee to maintain close contact between the committee ranchers in Northern Lake County.

The ASC committee administers the spending of some \$80,000 annually through a program aimed at conservation of agricultural resources. Advising the county committee are five community committees with 1964 membership as follows:

Fort Rock-Silver Lake: Ed Eskelen, chairman, Jack Kitteridge, Bud Parks, Lawrence Iverson and Eston Porter. Summer Lake - Paisley: Howard Gilson, chairman, Jess Pennington, John O'Leary, Al Rickert and Jim Carlson.

Eastside: Burton L. Chambers, chairman, Ralph Loveless, Don Simms, Earl Cogburn and Vic Cormie.

Westside: Andy Hill, chairman, Ed Garrett, Stan Thomas, Everett Beraft and George Jaska.

Warner Valley: Warren Laird, chairman, B. C. Robinson, Joe Bonasco, Con Flynn and Con Taylor.

Ed Skelin, Howard Gilson, Andy Hill, Burton L. Chambers and Warren Laird served as electors for the county convention.

No Atom Pact Expected Until France Is Ready

PARIS (UPI) — The United States believes there is little chance of Western agreement on nuclear strategy before French President Charles de Gaulle builds his own atomic strike force, diplomatic sources said today.

But Washington hopes that once De Gaulle does have his own nuclear strike force, he will realize American ideas for its use are better.

The hope is based on the theory that first-hand knowledge of the destruction that can be wrought by nuclear weapons has a sobering effect.

This assessment of the strategy disagreement explained why the question has been dropped from the agenda of this week's annual NATO ministerial meeting.

Because it lacks an anti-missile missile and is exposed to a Soviet attack that could kill 100 million Americans, Washington

doubts that Moscow would take seriously any threat to use nuclear weapons to counter a conventional Russian attack.

By the end of 1965, De Gaulle is expected to have a strategic air force of 50 Mirage planes, each armed with a nuclear or hydrogen bomb.

That force could make hash of Washington's and NATO's strategic plans. De Gaulle says his force will not be assigned to NATO, but remain under French national command. In that case, he could simply cut across the American idea of defense.

Benefit Drive Closes Dec. 23

MOUNT SHASTA—The annual Community Benefit drive to collect food and clothing for distribution to needy persons at Christmastime will close Monday, Dec. 23, Mrs. Marge Poe, who has been in charge of the drive since its inception, said that food is coming in very slowly and additional supplies are needed.

Items may be left at the Poe home on Ski Village Drive prior to the distribution date or at the Methodist Evangelical Church, corner of South A and Ida streets. The elementary school PTA is assisting with the collection.

Club To Judge Light Contest

MOUNT SHASTA—The annual Christmas lighting and decoration contest in Mount Shasta will be judged by the Mount Shasta Garden Club, with prize money donated by the Pacific Power and Light Company. The chamber of commerce is directing arrangements.

Judging will be in three categories: Home, including yard or grounds; windows; and commercial buildings. Prizes of \$25 first place, \$15 second place, and \$10 third place will be awarded in each category.

Family's Fund Still Growing

DALLAS (UPI) — Police officials said today it now appears that gifts to the family of patrolman J. D. Tippit, slain trying to arrest accused presidential assassin Lee Harvey Oswald, may total a quarter of a million dollars.

The fund totaled \$226,282.90 Friday.

EVERY BUSINESS MAN

needs this book

to increase his capabilities

The challenge facing today's businessman is great. He must keep up-to-date, must look far ahead and be ready with new ideas in this changing world.

Many have found their capabilities in this direction have been enlarged as a result of their understanding of the truths contained in Science and Health with Key to the Scriptures by Mary Baker Eddy.

Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.

NOW...and from now on... you can buy a new Studebaker with complete confidence!

Today we can clear the air. Back in October the rumor started—and spread like wildfire that Studebaker was going out of the auto business. Matter of fact, some of us even began to believe it. But, in spite of this vicious threat of buying an "orphan," almost half of all those having the nerve to come in and test-drive the '64 Studebaker bought it. This is unheard-of—even in normal times—with people now shopping two, three and four makes before buying. These people bought the '64 Studebaker because of very obvious qualities—superior qualities that almost anyone can see and feel in one single test-drive. But, as Studebaker's President told the press just last week, "The one thing killing us was the rumor—and because of it, fewer and fewer people would even step into the car and drive it." That rumor can now be squelched completely. Studebaker management has stated, positively—in the press, over television and radio—that Studebaker is staying in the automobile business. This year...next year...and years to come! As always, there will be complete continuity of parts and service for all Studebaker owners... present and future. And the kind of honest, experienced, personalized service for which Studebaker dealers have always been known. The only real difference is that future production will be concentrated in Studebaker's own modern plant in Hamilton, Ontario—just 66 miles from Buffalo. This highly efficient plant has always made the same identical cars as all Studebaker owners have long enjoyed. It is geared perfectly for Studebaker's high quality production standards, and future volume. WHAT DOES THIS MEAN TO YOU...RIGHT NOW? There's no hiding the fact that many, many people have been hesitating about Studebaker. And most of us now have a heavier-than-usual inventory of brand new '64 models that we must move rapidly. We must do this in order to get a proper balance between dealer and factory inventories—and as soon as possible. If you happen to be one of those who have already considered Studebaker—but have been hesitating—come on in! Or—if you've already shopped two or three other low-priced cars, shop Studebaker, too. Right now, today, you can make the buy of a lifetime—and buy with all the confidence in the world! COME ON IN!
