Klamath Falls Elementary School Enrollment Shows Normal Drop

Current figures for Klamath Falls elementary schools show enrollment at 2,432 — a drop of about 80 students in the last two months.

Superintendent Ray Hunsaker, in presenting the figures to the Elementary School Board Monday night, said this drop is normal and it is likely the enrollment will continue dropping until next February. After that, he said, a rise can be expected until the end of the year.

The largest single class in the school system is one of sixth graders at Riverside School. There are 35 students in the class.

There are three classes of 33 — one of seventh graders at Roosevelt, one of fifth graders at Roosevelt and one of sixth graders at Pelican.

The administration assured the board that no serious problems have developed in these large classes.

The largest school in the system continues to be Mills with 472 students and second is Roosevelt with 394. Other schools and their current enrollments are:

- Fairview, 361; Fremont, 292; Pelican, 242; Riverside, 238; Conger, 225; O'Neill, 171; and Ponderosa, 47.

The largest single grade of students in the city is the first grade with 331 and the smallest is in the seventh grade with 259.

Merrill School Plans Program

MERRILL—The Merrill Elementary School will present its annual Christmas program on Thursday, Dec. 19, at 7:30 p.m. Grades five through eight will participate.

On Dec. 17, the Merrill High School band will present a concert at the high school at 7:30 p.m.

The public is cordially invited to attend both programs.

Tulelake Crash Brings Citation

TULELAKE—A Tulelake driver was cited by the California Highway Patrol for driving while intoxicated following a Sunday evening accident which demolished his 1955 pickup.

The driver, Clayton Floyd Jr., received a cut on the head. He was treated by a Tulelake physician and then taken to the Siskiyou County Hospital.

The California Highway Patrol said Floyd was driving south on Highway 139 Sunday about 7:35 p.m. near the north city limits of Tulelake. His pickup ran off the shoulder, the patrol said, into the ditch and then returned to the highway and rolled over.

Hemorrhoids Cured Painlessly By Non-Surgical Method

The non-surgical, electronic method for treatment of Hemorrhoids (Piles) developed by doctors of the Beal-Oliver Sandy Blvd. Clinic has been so successful and permanent in nature that the following policy is offered their patients:

"After all symptoms of Hemorrhoids... have subsided and the patient has been discharged, if he should ever have a recurrence, all further treatments will be given without additional fee."

Patients experience little, if any pain. Their treatment requires no hospitalization and does not employ drugs or injections.
