

**YOU'LL HAVE TIME** — Speed up meal preparation as much as possible during those busy days before Christmas with the use of frozen and canned foods. Concoct Holiday Brew, an easy-to-make but imaginative punch, and serve it with Cinnamon Nut Coffee Cake and Pecan Coffee Cake. Completely baked and frozen fresh from the oven, they are ready to serve.

**Use Short Cuts To Entertain**

"Deck the halls with boughs of holly" is a merrily familiar suggestion around the holidays, and during this gala season the decorations you can use, is the amount of time you have to make them.

You'll have more time to trim your home as well as the tree, if you trim off some of the food preparation time that goes with holiday entertaining.

During this festive but hectic season, you'll need all the help you can find. Make one of your holiday fetes a punch party, featuring an easy-to-make but imaginative punch and completely baked cakes, frozen fresh from the oven and ready to serve.

For a colorful effect, you may want to deck each slice of cake with a red or green cherry.

with sugar and pour very cold champagne over all. Serve at once in chilled glasses or punch cups.

Or you may want to feature these coffee cakes as a change-of-pace dessert after a holiday meal. They are as successful after dinner as they are for breakfast or a late snack.
