NATIONAL FOREST TIMBER FOR SALE
Mitten Spring
Oral auction bids will be received by the Regional Forester, or his authorized representative at the office of the Forest Supervisor, Lakeview, Oregon, beginning at 10:30 a.m. January 20, 1964 for all merchantable timber marked or designated for cutting on an area embracing 4,845 acres, more or less, within Sections 14, 21, 22, 23, 25, 26, 27, 28, 33, 34, 35 T. 26 S. R. 16 E.; Sections 2, 3, 4, T. 37 S., R. 16 E. W. M. surveyed, in the Fremont National Forest, Oregon. The estimated volumes of live and recently dead (sound sapwood) timber are: 9,100 M board feet of ponderosa pine, 3,600 M board feet of white fir & other species. The minimum acceptable bid per M board feet is as follows: ponderosa pine $28.65, white fir & other species $5.20. This includes the following rates, per M board feet for stumpage including deposit for sale area betterment. $3.00 base rate plus an additional $25.85 for ponderosa pine, $1.00 base rate plus an additional $4.20 for white fir & other species and $1.20 for slash disposal for all species. The stumpage rates payable for each species will be increased by the amortization rate in effect for that species when the unamortized estimated cost of the main haul roads has been amortized by timber scaled. The unamortized estimated cost is $62,703.00. Amortization rates are: Ponderosa pine, $8.07 per M board feet, white fir & other species, $1.31 per M board feet. Amortization of estimated main haul road costs is computed on 80 percent of the estimated timber volume. In addition there is within the sale area an unestimated volume of older dead (unsound sapwood) logs, all species which will be paid for at $1.00 per M board feet which includes required deposit for sale area betterment, plus $0.00 for slash disposal. The prices bid for stumpage for live and recently dead sound sapwood timber shall be considered as tentative rates subject to quarterly calendar adjustment upward or downward by 0.5 of the difference between the average of the Western Pine Association Lumber Price Indices as calculated by the Forest Service at the end of each calendar quarter, and the following base indices: Ponderosa pine 86.21, white fir & other species 62.23. Such adjustments in the price for stumpage shall be applicable to timber scaled during the calendar quarter for which the adjustment is computed. In no event, however, shall the payment rates for each quarter be less than the base rates as stated above. When the adjusted rates by species are lower than the base rates, the difference between the total dollar value of timber cut at adjusted rates and at base rates will be recorded for each species. The stumpage rates for any species will not be increased above the base rate until the subsequent adjusted rates above base rates develop an accumulated total dollar value in excess of the recorded accumulated difference for all species. Sealed bids will be publicly opened and posted at Lakeview, Oregon, at 10:30 a.m. on January 20, 1964. All those who submitted a satisfactory sealed bid will be permitted immediately to continue auction bidding. A money order, bank draft, cashier's or certified check in the sum of $14,900.00 must accompany each bid, to be applied to the purchase price, refunded, or retained for application to any claim for damages, according to the conditions of sale. If requested by the purchaser, contract terms will permit felling of timber in advance of payment up to the value of the performance bond. If an oral bid is declared to be high at the closing of the auction, the bidder must immediately confirm the oral bid by submitting it in writing on a Forest Service bid form. The right to reject any and all bids is reserved. Forest Service bid forms for use in submitting sealed bids and full information concerning the timber, the conditions of sale and the submission of bids should be obtained from the District Ranger, Bly, Oregon or the Forest Supervisor, Lakeview, Oregon or the Regional Forester, Portland, Oregon, before bids are submitted.
