WALL STREET

NEW YORK (UPI) — Alexander Hamilton Institute says that "many analysts now look for a resumption of the upward trend in stock averages into early 1964."

"We believe this is not unlikely but we feel that prices for good stocks are at a high level and are reluctant to recommend new investment purchases of quality stocks that now return 3 1/2 per cent or less, or to take on issues of more speculative character," the institute says.

Police Launch Search For Missing KF Couple

A Klamath Falls couple has been missing since Dec. 9 when they left this city in their automobile to spend the Christmas holidays with relatives in Valliant, Okla., Oregon State Police reported today.

Missing are Walter Oliver Wilson, 50, and his wife, Evelyn Margaret, 52, both of 319 South Eldorado Avenue, who are the objects of an intensive search by police of some live western states.

Wilson and his wife were last seen by his daughter, Mrs. Betty Kerns, who said they were driving a 1955 Chevrolet, license DM6480, and described each of them as follows: Walter, 5'10"; grey, crew-cut hair; 175 pounds; wears glasses. Evelyn: 5'3"; black hair; hazel eyes; wears glasses (hearing aid type). Anyone having information relating to the Wilsons are urged to contact Oregon State Police.

WALTER WILSON

MRS. WILSON AND GRANDSON

Wilson has been an employee of Southern Pacific Railroad at Klamath Falls for more than 20 years. He and his wife are long-time residents of this city.

Court Rules On Insanity

Veina Lucille Banelos, 61, who shot a Klamath Falls merchant twice last June because she thought he was re-sorted after installing Daylight Savings Time was found not guilty by reason of insanity Friday by a jury of various states here.

Circuit Court Judge Robert Foley handed down the not guilty verdict on the stipulated facts. The judge's verdict was given with the condition that the woman be committed to the state hospital.

Mrs. Banelos was accused of shooting Frank Bogalay twice in the hand in his Main Street shoe store June 1. She fired seven times in the store.

Roads To Crater Lake Open For Holiday Travel

Park roads from South and West entrances to the Rim of Crater Lake are expected to be open for travel by visitors during the holiday season, Superintendent W. Ward Yeager indicates. These roads are open throughout the winter except during, and immediately following, very heavy storms.

Good to excellent ski conditions prevail with six inches of new snow. Snow depth is currently 35 inches, approximately one-half the normal amount for this time, but quite adequate for winter sports. Slopes of varying difficulty provide excellent skiing, and snow conditions especially suitable for beginners and for ski-touring often occur at this time of the year. The two downhill ski trails from the Rim to Park Headquarters are adequately marked and have proved to be popular in the past. Skiers must be fully outfitted as neither ski tows nor equipment can be rented locally.

Satisfactory areas are available for all types of tobogganing and sledding.

Parking space and rest rooms are located both at Rim Village and Park Headquarters. First aid facilities are provided by the National Park Service. The coffee shop in Rim Village will be open during the entire Christmas day.

Additional snow can be anticipated at any time in the future and motorists should carry chains in their park whenever visiting the park during the winter season.

Police Nab Beatty Lad In Hit-Run Collision

A 16-year-old Beatty youth was cited for reckless driving and hit-and-run Saturday morning after, police said, he was involved in an accident, then ran off on foot and later reported his car stolen.

The youth was identified as Gary Lee Walker. He was arrested after questioning by police, who said he admitted being the driver of the car. He refused, however, to identify three other youths apparently with him in the auto.

Police said the driver of the other car involved was slightly injured. He is Marvin Cary, 32, 4008 Sturdevant.

Officers said the 4:19 a.m. collision occurred when Walker rounded the corner from Main onto East Main at high speed and lost control of his 1964 compact auto. The compact skidded into the Cary car, which was stopped on East Main at the intersection, then skidded another 165 feet onto a sidewalk.

Cary, in reporting the crash, told police the driver and three other youths had jumped from the car and ran away.

Police said at 8:30 that same morning, Walker reported the compact stolen to Oregon State Police, but city police questioned him and he admitted the report was a hoax to avoid being involved in the collision.

Youth Caught With Pistol

Two teenage boys were caught shoplifting from a downtown store Sunday, and one was found to be carrying a pistol in his boot.

The 15-year-old carrying the .25-caliber pistol in his boot was held, and the other youth, 14 years old, was released to his parents.

Police said a clerk at the Corner Store caught the boys shoplifting and held them until an officer arrived. The officer found the boys to be carrying a number of stolen items of merchandise ranging from a wrench to a package of rubber bands.

The policemen then noticed a bulge in one boy's boot and found the semi-automatic loaded pistol.

Woman Saved By Mailman

FORT KLAMATH — A split-second glance in the right direction saved Mrs. William Brewer from a long icy wait in the front yard of her ranch home, four miles north of Fort Klamath.

Slipping Saturday morning on a patch of ice and breaking her hip, she was unable to move and there was no one at home. With the house located a quarter of a mile from the highway, her only hope was to attract the attention of a passing motorist by waving her head scarf.

At just the right moment, the local mail carrier, Don Potter of Chiloquin, passed by on his way to Crater Lake and caught the signal. He called an ambulance and notified her husband, who was working some distance away in the woods.

Mrs. Brewer was taken to Klamath Valley Hospital by the Chiloquin ambulance service about 10:30 a.m. She is scheduled for major surgery on the hip Monday afternoon.

Four Injured In Car Crash

A 50-year-old Eugene woman and three members of her family were slightly injured Friday when the automobile she was driving went out of control on icy pavement along Highway 97, south of Klamath Falls, and overturned on the shoulder of the road, Oregon State Police have disclosed.

The four occupants of the car were transferred to the Klamath Valley Hospital where they were treated for their injuries and later released.

They were driver of the car, Mrs. Rose McFadden; William McFadden, 50; Sandra McFadden, 22, and Colleen McFadden, 12.

Police said the car went out of control and skidded backwards onto the shoulder of the highway, where it rolled upside down. The vehicle was extensively damaged, police records indicate.

Fall Injures Mrs. Anderson

Mrs. Millie Anderson, 69, was taken to Klamath Valley Hospital this morning with a possible fractured hip after she fell in the kitchen of her home, 1660 Portland Street.

Mrs. Anderson was taken to the hospital by Peace Ambulance and rushed to X-ray to determine the extent of her injuries.

Peace said the woman was in the kitchen when she fell. Her husband, Harry, was in the house at the time and notified Peace of the accident at 8 a.m.

Tribal Members Okay Terms Of Settlement

CHILOQUIN — The remaining members of the Klamath Indian Tribe in session Dec. 20 in the Masonic Hall at Chiloquin, voted 49 to 1 to approve acceptance of the proposed treaty claim settlement in the sum of \$2.5 million offered by the United States Government in payment for lands taken by the government under the treaty of 1864.

It was the second vote on the proposal during December of this year.

A previous affirmative vote was taken earlier in the month when withdrawing members tallied 299 affirmative votes and eight negative. In Friday's voting, one ballot was invalid.

The combined votes of the two groups were 329 in favor and nine against accepting the federal government's offer.

This claim now in the Court of Claims, Washington, D.C., involves only the original session under the treaty and has no connection with the "boundary" claim that is also still pending in the Court of Claims.

In other business, the group nominated new officers for the executive committee of the General Council to be voted upon Jan. 9 as follows: president, Dibbon Cook, Sprague River, Andrew Ortis, Klamath Falls; vice president, Friedman Kirk, Chiloquin; secretary, Elmathan Davis, Klamath Falls, Marjorie Herkshan.

Dibbon Cook, Jesse Kirk, Erwin Crume, Boyd Jackson, Joe Ball and Elmathan Davis will serve as a delegation to testify in the Court of Claims in Washington, D.C., on approval of both the withdrawing and the remaining members to the proposed \$2.5 million settlement.

They will leave Dec. 28 from Klamath Falls. The trip will be by air.

4 Windows Shot Out

City police are investigating at least four cases of windows being shot out in Klamath Falls homes and businesses.

Three incidents were reported late Friday morning and another was reported Saturday morning.

The first reports were from Stites Plumbing, 2011 Oregon Avenue; House of Rocks Motel, 2005 Bielm, and the George Bose residence, 1021 Washburn Way. Windows at all three places were shot out with a B-B gun.

Saturday, Long Bell Lumber Company, Main and Spring, reported a window shot out of its office. Police said all four acts of vandalism apparently were done by the same person or persons.

Two Suffer Injuries

A Klamath Falls woman and a 5-year-old boy were injured Saturday afternoon in the collision of two autos at Klamath Avenue and South Fifth Street.

Police said injuries to neither were serious and consisted of bruises and abrasions.

Police said Earl Robert Warden, 48, 756 Wocus Street, was driving a pickup truck north on Klamath when an auto driven by Patricia Ann Mollett, 28, 3143 Diamond Street, turned into his truck while southbound on Klamath.

Injured were Mrs. Lilia Warden, 46, and Mrs. Mollett's 5-year-old son, Dennis.

Mrs. Mollett had three other children in the car with her, ranging in age from 1 1/2 to 7.

She was cited for failure to yield right-of-way. Neither auto was damaged seriously.
