

"DENNIS THE MENACE"

SURE I'M USING GLUE, YOU WOULD WANT THE FULL WILL OF NAIL HOLES, WOULD YOU?

POLLY'S POINTERS Emergency Tool

DEAR POLLY—The asbestos stove pad is handy, covered with a towel, to use when pressing small items in an emergency. I often do when seams in articles I am sewing need pressing. Saves the bother of getting the ironing board out for small jobs. —MRS. K. L. K.

GIRLS—I often use a large folding cardboard cutting board, with a folded bath towel on top of it for my pressing jobs. —POLLY

DEAR POLLY—When I embroider pillowcases, I use two sets of embroidery hoops, one on each side. While I have certain kinds of thread in my needle, I do everything in that color on both cases. Both are finished at the same time and I have saved time that would have been spent in extra needle threading.

When holidays are approaching, many of us entertain and certainly have longer grocery shopping lists. I make up my menus and shopping list early and each week I buy one or two items that will be needed. Canned things and frozen foods can be bought weeks ahead. This makes it easier on the food budget as well as on my nerves. —MRS. G. E. K.

DEAR POLLY—When I cook I use a clean sponge on my stove top as a spoon holder. It is handy to clean up any spills and can be washed and rinsed along with the dishes.

When my napkins become worn I save them for the children to use when they dry the silver and unbreakable dishes. It saves the dragging on the floor that usually results when a small one tries to use a regular dish towel.

When you write names and addresses in your address book, write the names in ink but the addresses in pencil. Addresses often change so you will have a neater book if you follow this suggestion. —MRS. L. T.

Cheats Fool 'Toll Taker'

OLYMPIA (UPI)—Human nature, not automatic machines, is the basic problem with toll cheaters on the Vancouver-Portland Interstate toll bridge, the State Toll Bridge Authority said this week.

Director D. B. Hedges said automatic machines used to collect 20-cent tolls on the bridge are simply not foolproof.

State Auditor Cliff Yelle reported earlier that it costs the state an average of \$90 a day in unpaid tolls because automatic equipment at the bridge does not reject foreign objects.

An audit report covering calendar year 1962 said there was "a competitive desire of patrons to beat the tolls."

Bridge patrons have managed to jam automatic equipment with such objects as flattened pennies, tax tokens, foreign coins, merchandise slugs, washers and pieces of linoleum cut to size.

In some cases candy wafers thrown into toll hoppers jammed the equipment so that it would continue to register paid tolls for nonexistent vehicles.
