

**CORDIAL WELCOME** — Brighten a foyer table or shelf with sparkling, hand-crafted crystal. Do-it-yourself home-makers may insert fresh or fake greens in florist's styro-foam to make this clever tree. Dot the tree with clusters of pine cones. Velvet ribbons are linked to semi-circle of cordial glasses. Clever?

### Fanciful Use Of Pretty Glass

The hostess and homemaker perennially looking for decorative and yet original do-it-yourself party ideas will find many inventive innovations in new display groupings designed by a glass company. Concentrating on a festive note, the settings illustrate that hand-crafted crystal, candle-lamps, cordials and candelabra can take on fresh interest when shown in unusual applications while serving realistic home needs as well.

For maximum effect in cramped space of normally over-crowded buffet tables, glass design experts suggest an unusual arrangement for punch bowl and flowers, created by perching a floral bouquet on an upturned mixing bowl within the punch container. The grouping is placed on a circle of felt dotted with contrasting oval to denote a place for each cup. Colors of tablecloths, punch and flowers are loved to an overall holiday or party theme.

Equally effective as a space-saving device is the idea of converting a plain lazy Susan or a silver tray into a colorful setting for condiment containers. Goblets and bowls housing unusual foods for party meals are encoined on a bed of ferns, studded with an occasional flower. Again, glass and flower colors could be chosen to mirror a particular theme.

A colorful collection of condiment containers actually composed of goblets dressed up for the holiday season, takes the spotlight for memorable party dinners. The fanciful effect is created by encoining clear crystal, colored glasses and bowls on a bed of greens brightly studded with an occasional flower.

As complement to the unusual arrangement, the goblets contain a variety of unusual condiments for holiday and party meals. Variations include boysenberries spiced with curry powder, mango chutney flavored with citron, diced pineapple marinated in cooking sherry, and crushed orange-honey glaze.

Cordial glasses serve as min-

ature salts and peppers, and the hand-molded bowl at center features purple plum preserves dotted with figs. The fiery liquid in the crown bowl is a surprise for guests—a glorified side-dish topped with a flaming layer of lemon slices, soaked in lemon extract and sugar. The dish is made by spicing conventional gravy with Worcestershire sauce and beef extract, and enriching the sauce with mushrooms, onions, red peppers and chicken livers.

To brighten a foyer table or shelf, designers suggest building a tree of fresh or fake greens atop a twisted candle-lamp with streamers at the base of the tree leading to a semi-circle of hand-blown cordial glasses delineated with an arc of ivy. Another effective way to put the twisted candle-lamp to decorative purpose is to replace the candle with a flame of flowers and top the lamp with a nine-inch candle shade. Feathery greens encircling the base of candle shade trail off to entwine a candelabra on each side.

### Snowdrift Pudding

Easy to make and quite an eye-catcher, "Snowdrift Fruit Pudding" is aglow with bite-size pieces of colorful canned fruit cocktail.

Combine in a saucepan one package (3 oz.) vanilla pudding and pie filling and 1/2 teaspoon nutmeg; gradually blend in two cups milk. Cook and stir over medium heat until mixture reaches boiling point. Remove from heat and cool a few minutes. Stir in six quartered marshmallows. Cool to room temperature.

Drain one can (1 lb. 1 oz.) fruit cocktail and fold fruit into pudding. Chill in individual dishes or serving bowl. This makes six servings.

**FRUIT SPECTACULAR**  
The addition of delicious peach or apricot nectar gives a very special flavor to this chilled pudding dessert. Prepare vanilla pudding mix according to directions on the package substituting peach or apricot nectar for the milk. Chill and fold in chopped nuts and whipped cream. Spoon into your prettiest dessert dishes and serve.

### HERRING

When you are smoking salt herring before using, drain off the water several times and replace it with fresh water. Usually the herring needs to soak at least overnight.
