MINIATURE FRUIT-BEARING TREES!

ORANGE LEMON ★ LIME

These are marvelous true miniature trees, little botanical gems grown and developed for planting **INDOORS** where they blossom and thrive all year 'round. All are true trees, not grafts but rooted cuttings of good well-known varieties, and they grow full-size fruit indoors, right in your own home! Adaptations of Bonsai, the Japanese art of growing miniature trees that dates back to 1868, they are the oldest yet newest and most exciting gardening thrill. Just imagine—when they bud, burst into beautiful fragrant blossoms, and then bear fruit, you'll be able to pluck and eat your own fresh oranges, lemons or limes. Trees bear many pieces of fruit at a time and continue to bear fruit indefinitely. Nationally advertised in House & Garden Magazine, all these miniature trees have glossy, green foliage easily trimmed and shaped. Beauties to have and give, you'll find they are real conversation pieces.
