

# The intimate, outspoken memoir of a great and controversial artist

Charles Chaplin is an extraordinary man. And this, his autobiography, is an extraordinary story. He has given us what will surely be one of the most widely read books of the decade.

## MY AUTOBIOGRAPHY

# CHARLES Chaplin

EVERYTHING about Charlie Chaplin's life makes for fascinating reading. His 'Dickens-like' boyhood days in London — in and out of the workhouse, then the vagabond, hand-to-mouth life of a boy actor; how at 21 he was discovered by the infant American movie industry; how he created filmdom's most famous character, the immortal comic 'tramp'; how he evolved his style, costumes and movie plots; how he chose his leading ladies; his relationships with the famous and near-famous glamour stars during Hollywood's most flamboyant era, and his encounters with the world's great, from Presidents on down.

The great Hollywood days are recreated as never before. He tells about his emotional involvements and his four marriages. He speaks with uncommon candor of the stormy post-war years — the humiliations of the paternity suit brought against him on the very eve of his marriage to the daughter of playwright Eugene O'Neill.

Chaplin covers the political accusations that made him decide to leave the United States and return to Europe. And, in the closing chapters, he writes with a real warmth of the happy ending — his serene, idyllic life in Switzerland with Oona and their eight children.

### Here's What the Reviews Are Saying —

**W. J. IGOE, Chicago Tribune Books Today**  
"This is the best autobiography written by an actor I have ever read. An astonishing work. A big, complex and beautifully written book; probably the only book on the early Hollywood period that will have enduring value for scholars."

**NEWSWEEK Magazine**  
"Chaplin's strong sensuality pulls him deeply back in time and gives him the language to let

us see, hear, and feel the Edwardian England of workhouses, orphan schools, pubs, and theaters in which he grew up. And he creates a poignant character — his mother, who went mad under the grind of poverty."

**Bosley Crowther, New York Times Book Review**  
"A moving picture of the hero as himself. A truly fascinating book."

Illustrated with 113 wonderful photographs, many from the author's private collection

**\$6.95**
