started by opening an 11-point bid without a five-card suit. Hence, at his second turn, he bid he had a choice of bidding a three-card suit, rebidding a dummy's suit at the three level or passing a forcing bid and he bid his three-card spade suit as the least of evils confronting him.

Once having started his career he found himself asked to respond to a Blackwood four-trump and after he showed his two aces he found himself in a spade slam.

West opened two rounds of clubs and Sam had to ruff high in dummy. Then he cashed two rounds of trumps and stopped for a little thought. It appeared

to Sam that a 4-2 trump break was far more likely than 3-3 in view of the club situation, so Sam abandoned trumps and started after diamonds by cashing dummy's king of diamonds and finessing his own ten spot. When West showed out on this second diamond lead, Sam had a perfect count of the missing cards. West had started with exactly two trumps (with a third trump he would have ruffed), one diamond and seven clubs. Hence, he held exactly three hearts.

Now Sam led a heart to dummy, took another diamond finessing, cashed his last diamond and led hearts. Thus he wound up making four of his diamonds, three hearts and five trumps for a total of 12 tricks.
