

CATALOG WEIGHS FIVE POUNDS — The new Sears catalog being issued now is 1,612 pages thick and contains about 140,000 items, ranging from a two-cent chain link to a \$3,450 cabin cruiser. The new catalog gets a special showing here by three employees of the Sears catalog department. Shown, from left, Mrs. G. C. Guphill, Mrs. Warren Haight and Mrs. Dale Wolff.

Sears Catalog Covers 140,000 Stock Items

An apartment house for birds? Never heard of it? Check the new edition of the Sears catalog to be being issued. They have it advertised along with about 140,000 other items covering the complete range.

W. F. Genter, manager of the local Sears, Roebuck and Company store, 113 South Eighth Street, indicated that the new catalog is being distributed to nearly 11 million families across the nation. It will take about six weeks just to get all the catalogs into the mails.

Nearly one third of the books is in color. It includes, Genter said, 563 pages of wearing apparel for the family, 277 pages of home furnishings, 313 pages of home improvement items, 212 pages of automotive, recreation and garden equipment, and 64 pages of home appliances.

The apartment house for birds? It is designed to attract colonies of Purple Martins, one of nature's most prodigious insect destroyers, into taking up residence. The Purple Martin, largest of the swallows, often eats his own weight in flying insects each day, the equivalent of 2,000 mosquitoes!

"The catalog, though, is not for birds, but for people, and provides a tremendous display of the very latest and newest in all fields," Genter said.

If you haven't received a copy, Genter concluded, stop in and pick up a loaner; at the Catalog Department in the big Sears store.

The load was carried away in two plastic garbage cans.

Stolen were 45 pounds of ground beef, 100 pounds of roasts, seven turkeys, six cases of frozen chickens weighing 35 pounds to the case, 70 pounds of cheese, 30 one-half pint cans of milk, and several bunches of carrots.

Youths Face Yreka Court For Thefts

TULELAKE—Two boys, both 16, appeared in juvenile court in Yreka, at 11 a.m. Wednesday, Feb. 10, and law enforcement officers are seeking two young women, Lana Klar, 18, and Cheryl Lee Brown, 19, who also reported she was 18.

The four, all from Tulelake, were involved in the removal of suitcases and clothing from a car owned by Mr. and Mrs. Raymond "Duke" Polvin.

The clothing, much of which has been recovered, belonged to Mrs. Jennie Polvin, Mrs. Prudence Polvin and Mrs. Margaret Polvin.

The theft occurred Sunday night, Feb. 7, while the Pruitts and Mrs. Polvin were returning church services.

Officer O. E. Pederson, cruising for other suspects after one of the boys had admitted the theft, discovered the two girls in a car owned by the Klar girl. The car drove away in the darkness and disappeared before Pederson could give chase.

Mrs. Polvin signed the complaint.

Klamath Chamber Hears Report On Conventions, United Fund Efforts

Over 5,000 youths in our area are served by agencies, though. We have been informed that there are over 700 groups started to tap this potential. Available to communities is a list of executive secretary of the fund, told members of the Klamath County Chamber of Commerce at their Wednesday noon luncheon.

Parsons reported on the work of the United Fund, pointing out first that almost 6,000 donors plus 550 firms participate in the funding program. He said, "Local giving represents \$2.98 per capita against a national average of \$3.45." He added, though, that this area was second in the state in per capita giving.

Work Itemized
He then itemized the work of such agencies as Red Cross, Boy Scouts of America, Salvation Army, Girl Scouts, YMCA and Campfire Girls, detailing the important progress made by each group during the past year.

"Over 2,300 adults are active in these agencies operations," Parsons said. "Nearly one third of the book, 'The United Fund,' he noted, 'has had a 15 per cent increase over the last three years, and has reached the \$140,000 mark in the most recent campaign.'"

Parsons reported was one of a number of reports heard at the meeting.

Conventions Discussed
Paul Surprenant, manager of the Winona Motor Hotel, reported on conventions held in his establishment during 1964 and his schedule for the current year.

"More than 2,500 people were here for conventions or conferences over the last three years, and pointing out, that they spend an average of \$30 a day and average a two-day stay. "That adds up to quite a lot of money," he noted.

He continued, "We haven't imposed arbitration on all

In connection with such conventions, George Callison, chamber manager, reported on activities dealing with a proposed civic center. He reviewed the chamber's activities, pointing out that on Dec. 9, the chamber had backed the Board of Realtors on their project, and had gone a step further to recommend that a full feasibility study be made. "Since then," Callison said, "we have discussed such a study with several firms, looking into the possibility that the chamber could underwrite such a study." He indicated, too, that plans call for some combined effort, utilizing the services of Community Planner Brian Mattson.

Brooks Dickerman, chamber president, commented, "We have never considered asking the city or county for aid on this problem up to this time. After we have the facts assembled we may have to seek their help, but not at this time."

Dickerman announced that Robert Mester, former chamber president, has been named as a delegate to the Realtor's study group on the civic center.

Upper Lake Study
In other reports, Callison reported for the Upper Klamath Lake Recreation Committee, noting that two separate studies, one by the Klamath Basin Study group, surveying effects of insecticides in the Lost River region.

He said that Bill Miller, chemist on the algae study, said he sees two-to-three-year minimum needs to complete his study.

Van Mollison reported that

FISHERMAN'S WEAPON
INGLEWOOD, Calif. (UPI)—Donald Du Buque, 34, Inglewood, was arrested by sheriff's deputies Wednesday on charges he threatened a bartender with a deadly weapon.

Dock Chiefs Seek End To 'Unjustified' Strike

WASHINGTON (UPI)—Dock-side, but administration officials obviously pushed the President's persuasive powers Johnson to end a "totally unjustified" strike, launch make-or-buy settlements talks today with a presidential board.

Representatives of shippers and the International Longshoremen's Association (ILA) met with the board in Miami, Fla.—the two big holdouts in the strike—were to meet with the board for the urgent talks.

Johnson Wednesday night called on Labor Secretary W. Willard Wirtz, Commerce Secretary John F. Connor, and Sen. Wayne L. Morse, D-Ore., to get to the bottom of the month-old walkout at East and Gulf coast ports. The strike is costing \$67 million a day.
