Foot Patrols Proposed For Business District

City Councilman Lyle Kellstrom Monday night proposed that police foot patrols for the downtown area be included in the 1965-66 budget.

Kellstrom noted that patrols has been urged during a public meeting on the controversial wine licenses issue several months ago.

Kellstrom also suggested that an extensive program of work on unimproved streets be included in the budget.

The councilman said this program could include grading and traveling.

Paving Desirable

Kellstrom said that although paving is desirable, many street may never be paved.

He said that persons living on these streets "are not second class citizens" and are entitled to "reasonable access."

He was told the items would be considered when the budgets is being prepared.

Kellstrom also asked that the city administrator determine elect their councilmen at large and how many by ward. City Attorney Floyd Hamilton was assigned this task. Klamath Falls councilmen are elected from wards.

Confession Ends Search

Three years of investigation by sheriff's deputy Art Leslie has paid off with his obtaining a confession from a Jackson County Jail inmate for several 1962 burglaries in the Rocky Point - Harriman Resort area.

Leslie said he was attending a meeting in Medford Thursday and Friday when he learned that John R. Clemans, 22, was being held in jail there for burglary.

Leslie said he had considered Clemans, of Medford, a prime suspect in the 1962 burglaries of cabins and questioned him in the Jackson jail.

Clemans gave Leslie a signed statement admitting the 1962 burglaries in the West Side Resort area.

Leslie said the investigation is being pursued and charges for the resort burglaries will be filed later.

PPL To Give Flood Report

The Klamath County Flood Control Committee will meet with representatives of the Pacific Power and Light Company to hear a report from that firm pertaining to work now underway on the Klamath River to relieve the flooded conditions near Keno, at the PP&L building, Fourth and Main streets, 2 p.m., Friday.

In addition, representatives of the power company will also report on the results of its study of the river channel upstream. At least 30 people representing city and county governments and water users of the area are expected to attend the meeting.

Police Grab 4 For Theft From Auto

Police Monday afternoon arrested two men for possession of stolen property after, officers said, they sold several items taken from an automobile Sunday night.

The men were identified as Raymond Charles Bunn, 30, and Oren Ray Petrick, 34. Ironically, Monday was Bunn's birthday.

Police said they received information that the two had attempted to pawn two bowling balls similar to the ones stolen from an automobile owned by Charles Duncan of Malin.

The men were traced and police learned they had sold the balls to a hotel clerk and a suitcase to another man. A suitcase also was taken from Duncan.

The two men were arrested near the Southern Pacific Railroad station, police said, as they attempted to leave town.

Duncan identified the bowling balls and the suitcase as being his.

Cash Taken From Firm

The theft of $30 from Suburban Gas, 547 South Riverside, during a burglary was reported to police Monday.

Bill Winn, an employe of the firm, reported the burglary. Police said the burglars cut a hole in the metal building, then reached in and unlocked the door to gain entry.

Winn may have pinpointed the time of the burglary at 2:30 a.m. Monday. He said he was talking on the telephone at that time at his home when the call was interrupted.

Winn's telephone is an extension of the Suburban Gas phone and police believed the burglar may have interrupted the call.

Escapee Ends Home Flight

A 17-year-old youth who said he was hungry and tired of running turned himself into police Monday afternoon as an escapee from Fairview Home at Salem.

The youth, Patrick Webb of Springfield, was picked up at the Klamath Mission. He had asked that police be called.

Webb said he ran away from the home Sunday and rode a train to Klamath Falls.

Councilmen Urged To Study Report On City Sewage Treatment Plant

City Councilman Ladd Hoyt urged his fellow councilmen Monday night to study carefully a report on the sewage treatment plant calling for extensive improvement and to act upon the suggestions soon.

The report from sewage plant superintendent Thomas C. Barnes calls for extensive remodeling of the plant to avoid any damage or inconvenience in the event of another heavy flood such as the one which occurred during Christmas week.

Barnes said flow into the plant reached a peak of 13,860,000 gallons on Dec. 22 and the plant was built with a capacity of six million gallons.

With this excess flow during Christmas week, Barnes said, "the sewage treatment plant was by-passed at 10 a.m., Monday, Dec. 21, 1964. All incoming flow was pumped directly to Lake Ewauna. On Tuesday, Dec. 29, 1964, a portion of the incoming flow was given primary treatment. Two days later, the entire flow was given primary treatment and the plant has been operated on this basis since that date."

Barnes noted that prior to Christmas week, the largest flow to be received at the plant in one day was 5,990,000 gallons in December, 1961, and January, 1963.

Barnes said no extensive damage to the plant resulted from the flooding but the high water pointed up several potentially dangerous conditions.

He noted that on Dec. 30 the electrical supply to the plant went dead and operations were shut down temporarily.

Barnes recommended three steps to avoid trouble in the future:

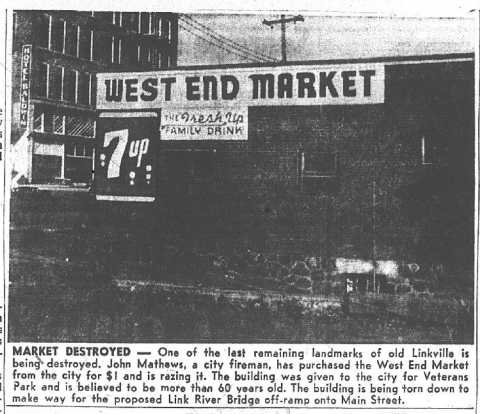
—Lifting of motors above the level of Lake Ewauna to avoid them being drowned during high water;

—Installation of a second float control to prevent all pumps from failing simultaneously; and

—Construction on an auxiliary power unit to avoid shutdowns during storms. Barnes noted that a 15-minute power failure could mean a loss of $37,500 gallons of liquid pumped.

City Manager Bob G. Kyle told councilmen that the work recommended by Barnes represents completion of work that should have been done when the plant was built. He said the proposed work would be expensive, although he didn't mention a figure.

The council is expected to discuss the proposals further with an eye towards implementation.



MARKET DESTROYED — One of the last remaining landmarks of old Linkville is being destroyed. John Mathews, a city fireman, has purchased the West End Market from the city for $1 and is razing it. The building was given to the city for Veterans Park and is believed to be more than 60 years old. The building is being torn down to make way for the proposed Link River Bridge off-ramp onto Main Street.

Klamath Council Hears Objections To Manzanita Street Paving Job

(Continued from Page 1)

of Lakeview, Fulton, Addison, Cook and North Eighth streets.

Projects Sought

Kyle said all of these projects have been sought by petition and they are all tied together. He proposed combining them into one large project.

Councilman Ladd Hoyt, in whose ward the projects lie, noted that there is considerable opposition to the paving of Lakeview all the way through to Oregon Avenue.

The last block of Lakeview is steep and Hoyt said the project could be stopped at Trinity Street.

Councilman Kellstrom, noting the opposition to Manzanita, suggested that the council may be "asking for more trouble" by combining the five streets into one project.

Decision Due

However, it was decided that a decision on combination of the projects and whether to pave Lakeview through to Oregon Avenue will be made after detailed plans have been drawn.

Westwood presented plans for the paving of Haskins Street and Newcastle Street and Hillside Hospital alleys.

He estimated the cost at $15,650 and suggested that the assessments be pro - rated, the propery owners along Haskins paying an estimated $12.65 per front foot, and the alley property owners $6.96 per foot.

Council set March 15 for a hearing on this project.

A petition for the paving of 140 feet of Del Moro from Eldorado to the alley was presented and plans were ordered drawn for the work.

Pumphouse Planned

Kyle and Westwood presented plans for a new pumphouse to serve Conger Park and the Nevada Street Highway 97 interchange with water for summer irrigation.

He noted that the city has signed an agreement with the State Highway Department to provide water for the interchange landscaping.

The new pumphouse would cost about $3,600, in addition to which 550 feet of new pipe would be laid to the interchange.

Kyle suggested that the funds for the work come partially from the Emergency Fund and partially from the Park Development Fund.

Plan Questioned

Councilman Kellstrom questioned council that a substantial portion of the cost should not come from the park fund since Conger Park already is served by a pump.

Kyle noted that the new pump would replace the present system, which, he said, is in need of replacement. The pump would take water from the "A" Canal.

"It's a real dream, that thing we've got there now." Kyle said of the present system.

Kyle said the highway department will need water by April 1 and councilmen authorized him to call for bids on construction. The method of financing the project will be determined later.

Bids Authorized

Kyle also presented plans for a new water valving system at the city sewage treatment plant to comply with an order from the Public Health Service. He proposed a new 12x14-foot building be raised and estimated the cost of $1,900.

Councilmen authorized the calling for bids.

Marvin Cook, 714 Lytton Street, appeared at the council meeting to request that the Lytton Street paving project be resurrected.

The project was killed last year when two-thirds of the property owners, including School District One, objected.

Cook said he has been circulating a new petition for the project. Mayor Veatch told Cook to present his petition and councilmen would discuss the project.

Service Held For Basin Man

Funeral services were held Tuesday, Feb. 16, at 10:30 a.m. from Ward's Klamath Funeral Home, for Wilhelm Amil Rieck, a resident of Klamath Falls for 25 years. He died Feb. 13 in Klamath Valley Hospital. Mr. Rieck was an employe of the Oregon State Highway Department in Klamath Falls.

He was a native of Albian, Neb., born Sept. 22, 1899.

Survivors include the widow, Cora E. of this city; sons, Harold, Klamath Falls, and Elmon Long Beach, Calif.; a daughter, Wilma Grey, Klamath Falls; brother, Alfred, Primrose, Neb.; also three grandchildren.

Youth Shocked

Larry Wilkinson, 17, received a severe electrical shock while working on a piece of apparatus at his home, 406 North Ninth Street, Monday afternoon.

Wilkinson was knocked unconscious and taken to Klamath Valley Hospital by Peace Ambulance for overnight observation.

Driver Faces Drunk Charge

William Bradley Bateman, 37, 413 Martin, was arrested for drunken driving and speeding early Tuesday morning by city police.

A policeman said he observed Bateman driving at 45 miles per hour through the downtown area and stopped him on Riverside. The officer said Bateman was charged with drunken driving later at police headquarters. He was released after bail was posted for him.

Thieves Crack Candy Safes

PORTLAND (UPI)—A total of $13,606 was taken from two safes in the VanDuyn Candy Co. office, police reported.

Officers said the burglary apparently occurred sometime after midnight Sunday—Valentine's Day.

Wrecker Gains Licence By 'Spruce-Up' Pledge

M. C. Mayes, operator of Economy Wreckers, argued long and hard with city councilmen Monday night over the appearance of his business.

Councilmen had held up Mayes' 1965 business licenses for several months, noting that junker cars were visible from South Sixth Street.

They had sent Mayes several letters about the situation, but Monday night was the first reply they received.

Mayes said his business had been flooded during Christmas week and he returned to find one council letter "floating around on the floor."

However, Mayes said, "I disregarded the letter because I'd rather be asked in a gentlemanly way."

Mayes said he would remove those cars in front of Economy Wreckers which are considered non-salable and lower the stacks of cars in his lot.

Mayes termed the council messages "threatening letters." He said he would have appreciated a personal visit from city officials on the matter.

Mayor Robert Veatch at one point suggested Mayes return to the council with a proposal for improving the appearance of the business and Mayes countered that he would remove the unsightly cars within 30 days.

With this pledge, Mayes' business license was granted.

Film Couple Seeks Son In Courts

SANTA MONICA, Calif. (UPI) — A friend of actress Anna Kashfi testified Monday that she once told her she would rather kill herself and her son rather than let Marlon Brando have custody of the boy.

Amapola Delvando Gohl, who told Superior Judge Laurence Rittenband she was Miss Kashfi's friend and frequent companion for two years, also testified that the actress also told the boy his father was "a monster and no good."

Mrs. Gohl said the boy, Christian Devi, 6, told her:

"I love my daddy, but my mother tells me I should hate him."

The witness testified she once saw Miss Kashfi give her son a seconal pill. At the time, Mrs. Gohl said, Miss Kashfi apparently was under the influence of a drug herself.

"I made Christian spit the pill out," she said, adding that she had just picked up the seconal at a pharmacy and brought it to Miss Kashfi's home.

Mrs. Gohl described the 29-year-old actress as "lovable and very sweet" except when she took pills.

Plane Rides To Aid 'Y'

Plane rides over Klamath Falls will be given Sunday, Feb. 21, from Kingsley Field for the benefit of the YMCA. City Airport Manager Joe Sawyer reports that the rides will be taken up by fully licensed and responsible pilots from 10 a.m. to 4:30 p.m. for $2 per passenger, weather permitting.

Southern Oregon Aviation and Klamath Aircraft planes will participate with aircraft donated and pilots donating their time. The trip will take around 15 minutes.

Tickets will be on sale at the YMCA Thursday and Friday, Feb. 18 - 19, from 9:30 a.m. to 5:30 p.m. and again from 7 to 9:30 p.m., and at the Klamath County Chamber of Commerce office each of the two days from 8:30 a.m. to 5 p.m.

Saturday, Feb. 20, tickets will be sold at the YMCA from 8:30 a.m. to 4 p.m. Sunday, Feb. 21, tickets may be had at the city airport office 10 a.m. to 3 p.m.

All money above actual expenses will go to the "Y."

Youth Hurt On Highway

An 18-year-old Klamath Falls youth was listed in "good" condition at the Ashland Community Hospital Tuesday, as the result of injuries he sustained in a collision involving a car and truck and trailer near Pinehurst Friday evening, the Herald and News has learned.

Hospitalized is William John Dahn, 18, of 747 Alameda Avenue, who became wedged in his car after it collided with a truck driven by John Daniel Colley, 42, Medford, on the Green Springs Highway.

A passenger in Dahn's car was Larry B. Binney, 18, also Klamath Falls, who was treated for minor injuries at the Klamath Valley Hospital and then released.

Police later cited Dahn for failure to yield the right of way. No other details are available.

Brothers Die In Home Fire

VANCOUVER, Wash. (UPI)—Two brothers died early today when fire broke out in a family home here. Three other persons escaped.

Fire Marshal James Brown said the victims were James Smith, 12, and Clayton Smith, 26, sons of Mr. and Mrs. Melvin C. Smith. He said they apparently died of smoke inhalation in a second floor bedroom.

The parents and a daughter, Patricia, 13, escaped.

The fire broke out shortly after 3 a.m. Its cause was not known.
