AN AREA OVER 37,000 SQUARE MILES!

(Larger than the combined area of the states of VERMONT, MASSACHUSETTS, RHODE ISLAND, DELAWARE, MARYLAND, NEW HAMPSHIRE)

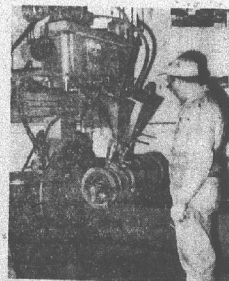

YOU ARE CORDIALLY INVITED

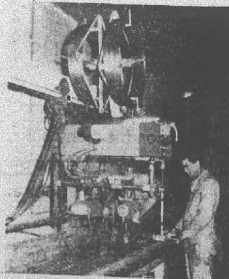

... to inspect our complete rebuilding facilities! Let us help you PROTECT YOUR INVESTMENT! We want you to come in and let us show you how to keep your Caterpillar-built tractor lively by rebuilding vital parts BEFORE wear becomes excessive. Your tractor's undercarriage represents approximately ONE-FIFTH of the total price of your machine. We can and will add hundreds of hours wear to your tracks when we rebuild them on our automatic twin-head rail rebuilding machine. This automatic welder adds hard steel to the rail surfaces, building them back to the original thickness. Its twin heads build up both rails simultaneously, leaving wearing surfaces smooth and uniform. Get necessary genuine Caterpillar parts and service now before the busy season. Give us a call... make a date right now to inspect our rebuilding facilities. You'll be mighty glad you did!

- * Genuine CATERPILLAR-BUILT Equipment — The World's Finest
- * Genuine CATERPILLAR Parts — For Which There's No Substitute
- * Genuine CAT CARE — Means Proper Service At The Right Time
- * FREE CAT INSPECTION SERVICE — In Your Yard, By an Experienced Serviceman, Furnishing Cost Estimates, Etc.
- * CATERPILLAR Factory Trained Men at Your Service
- * Economical CATERPILLAR UNIT EXCHANGE Program

* * * Give Us A Call Right Away * * *

Come in... watch our Twin-Head roller rebuilding machine automatically build up wearing surfaces and flanges with hard steel.

At the same time, watch our Twin-Head rail rebuilding machine add hard steel to rail surfaces, restoring original thickness.
