BEN RYAN

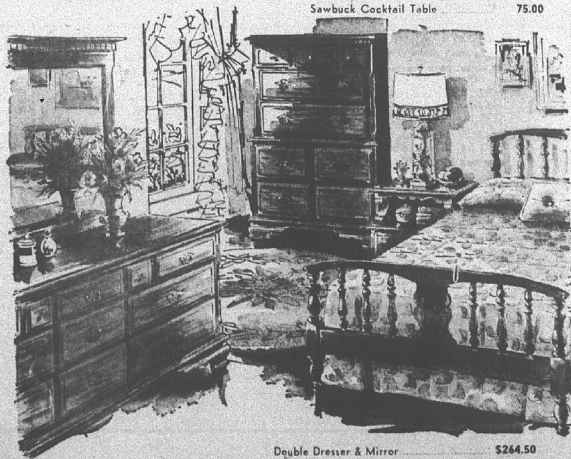

A magnificent new furniture collection, Publick House by Heywood-Wakefield, recaptures all the warmth and charm of gracious Colonial living. Rich with authentic detailing, resplendent with expert workmanship... reflecting fine cabinet artistry. Every piece deftly executed by the hands of masters... in Solid Hard Rock Maple, one of the sturdiest, one of the loveliest of all hardwoods.

And, Heywood-Wakefield is just one of the quality lines of fine furniture, from Colonial, to Provincial, to the new Spanish influence, to Modern, in stock now at Adair's. Let Bob Cushman or Ben Ryan show you the way to Gracious Living Today.

(The Publick House Collection is open stock for the convenience of adding other pieces in the future.)
