A CASE OF PUPPY LOVE — Cheryl Rutledge, Herald and News classified ad employee, finds these four bundles of canine children mighty adorable. The four are purebred St. Bernards, born Jan. 29, and are owned by Mrs. C. Clinton Wheat, Rte. 2, Box 577, on the Merrill Highway. The four pups represent \$1,000 worth of canines since they are valued at \$250 each, and are registered with the American Kennel Club. Mrs. Wheat also owns the father and mother of this handsome quartet.

Dillon Asks Added Protection For LBJ

WASHINGTON (UPI)—Treasury Secretary C. Douglas Dillon wants Congress to overrule President Johnson and vote \$14 million more than the Chief Executive asked for his own protection.

Dillon, in an action he said was "perhaps unprecedented," told a House appropriations subcommittee the \$8.7 million requested by Johnson for the Secret Service next fiscal year "was nowhere near sufficient to meet the obvious need." He urged that it be raised to \$12.6 million.

The secretary said the additional funds would be used to hire 183 more Secret Service agents plus 76 administration clerical employees, and to buy armored vehicles, radios and protective gear.

"I wish to emphasize," Dillon said, "that without these additional resources it will simply not be possible for the Secret Service to provide the protection for the President and his family that the tragic event of November, 1963, has proved to be necessary."

Dillon asked for the appropriation increase Feb. 15 when he testified during a closed hearing of a House appropriations subcommittee. The hearing transcript was made public Sunday.

"I am fully aware," he said, "that it is perhaps unprecedented for a cabinet officer, and particularly the secretary of the treasury, to ask for an appropriation in excess of that requested in the President's budget."

But Dillon said, this was "a special and isolated situation."

He said the President felt this substantial increase in funds for the Secret Service crackdown on the hooded night-riders.

Republicans and Democrats joined in a chorus of support for administration efforts to find new legal weapons to curb the Klan. They urged investigation of the racist organization by both House and Senate.

Urges Investigation
 Twenty-one House Republicans issued a statement during the weekend urging an immediate and exhaustive investigation and "prompt, effective" congressional action, to eliminate the evil influence of the Ku Klux Klan.

Chairman Edwin E. Willis, D-La., of the House Committee on Un-American Activities, promised that his panel would meet this week to decide whether to begin a full-scale investigation of the Klan.

The House Judiciary Committee, which is now considering the President's voting rights bill, also has expressed interest in an inquiry.

The top echelon of the Justice Department, under speed-up orders from the White House, has

Congressional Investigation In Offing For Ku Klux Klan

WASHINGTON (UPI)—A formal congressional investigation of the Ku Klux Klan appeared almost a certainty today with lawmakers of both parties urging a prompt government crackdown on the hooded night-riders.

Republicans and Democrats joined in a chorus of support for administration efforts to find new legal weapons to curb the Klan. They urged investigation of the racist organization by both House and Senate.

Morse Predicts War By Egypt

BEVERLY HILLS, Calif. (UPI)—Sen. Wayne Morse, D-Ore., declared Sunday that Egypt might soon declare war on Israel. He added that he was opposed to the United States providing foreign aid to Egypt.

Speaking to some 200 leaders of the construction industry at an inaugural campaign to raise \$1.2 million for the 1965 United Jewish Welfare Fund, Morse said Egyptian President Gamal Abdel Nasser was preparing to declare war on the Jewish nation as soon as he felt his forces were strong enough.

Lifetime scoring record in the Cleveland Browns, with 1,688 points.

Democratic Solons Push Storm Hits Big School Aid Measure Plains Area

WASHINGTON (UPI)—Senate Democratic leaders, urged on by President Johnson, pushed today for speedy Senate approval of the House-passed \$1.3 billion school aid bill.

Senate Democratic Leader Mike Mansfield, Mont., planned to meet with Chairman Wayne L. Morse, D-Ore., of the Senate education subcommittee and Sen. Lister Hill, D-Ala., who heads the parent Labor and Public Welfare Committee.

"I hope we can arrange that the committee will report the bill promptly so that the Senate can consider it expeditiously—perhaps as early as next week," Mansfield said.

Such a timetable might permit the Senate to act on the education bill, a Keystone of the administration's legislative program, before the fight begins over voting rights legislation.

Some senators expect a filibuster, or something like it, on the voting rights bill, which is to be reported no later than April 9 by the Senate Judiciary Committee.

Morse's subcommittee has completed hearings on the school aid bill, which would channel most of its funds into elementary and secondary schools attended by students from impoverished families. The subcommittee is currently holding hearings on another of President Johnson's education bills—the measure authorizing assistance for high education.

WORLTHLESS ADVICE
 NEW YORK (UPI)—"Troubled with warts? One piece of folklore advises taking a kernel of corn for each wart, throwing the kernels over your left shoulder into a river or bayou. Or you can bury the kernels so deep they won't sprout. Then and none of Minneapolis, Minn. wives' tale was printed in Roads' "Corn," publication of the Corn Industries Research Foundation.

U.S. 16 was blocked by snow drifts from Fresno to Chamberlain, S.D., and a foot of snow halted highway travel around Blunt, Highmore and Gettysburg, S.D.

The nearly half a foot of new snow in Minneapolis raised the total measured this month to 37 inches, within 3 inches of the record for March, with more forecast by mid-week.

North Dakota got an inch of snow and a 16-year-old youth was killed when a car attempting to pass a snow plow collided with his mate on a highway near Wahpeton, N.C., Sunday.

Storm Hits Plains Area

By United Press International
 A new storm which raged out of the Rockies postponed spring in the upper Midwest again today, bringing winds which whipped foot-deep snows into massive drifts and dragging Arctic cold with it.

Tornado warnings were up early today in parts of Indiana, Kentucky, Tennessee and Ohio.

The storm increased the snow cover in parts of Minnesota and Wisconsin to nearly four feet and raised a threat of history's worst floods in the Upper Mississippi Valley in the event of a sudden thaw.

Duluth, Minn., had 42 inches of snow on the ground and Minneapolis 27 inches.
