

Jacoby On Bridge

Newspaper Enterprise Assn. It seems appropriate to show hand four of the intercollegiate tournament on April Fool's day. Every South must have really had his eyes pop out when he looked at his hand.

The committee has suggested that South open with seven no-trump.

several rounds of bidding, imagine that many South players started out with such unusual bids as two clubs and two diamonds and perhaps a few of them were properly punished by finding themselves dummy at seven no-trump.

Any way, North and South get three points for getting to seven spades and East and West are awarded two points for not doubling that contract.

West is directed to open the ace of diamonds and South will ruff.

If South is carried away by his almost solid hand and starts by playing out two or more trumps he will lose his grand slam and all play points.

He is lucky to find West with singletons in both hearts and spades but his play risked nothing and actually produced his 13th trick.
