## WSU Wins Dual Clash

CORVALLIS (UPI) — Washington State's Cougars defeated Oregon State for the second year in a row in a dual track meet Saturday. The score was 83-62.

Vic Bennett, Buck Kipe and Harold Lorentzen broke meet records for the Cougars.

Bennett won the mile run in 4:06.9, Kipe captured the javelin in 246-8½ and Lrentzen took the shot put in 57 1½.

Three marks also were bettered by Oregon State athletes.

## Game Takes 26 Hours

MOUNT VERNON (UPI)—Students at Skagit Valley Junior College here Saturday claimed a national record for the longest continuous basketball game —26 hours straight.

Two five-member teams, with two relief players each, claimed a total point output record in the marathon game and a possible record for highest individual scorer.

The Norths defeated the Souths 2,238-2,188 in breaking the mark claimed by the Sigma Chi fraternity of Westland College, Ohio.

Roger Svoboda scored 832 points for the winners.

# BUCK TALK
## And Bird Calls

By DAN EASTMAN
OSGC Biologist

Wildlife news this week covers a variety of happenings:

Hungarian partridge were released at three sites in the Basin. The objective of the Game Commission is to hopefully establish the birds in suitable areas and provide some supplemental upland bird hunting opportunities in the future. If the plants are successful, other sites will possibly be stocked with wild-trapped birds. Let's hope for the best.

In case you haven't visited the Game Commission's Klamath Game Management Area on Miller Island recently, you missed the peak of the spring migrant goose population last weekend when an estimated 125,000 birds were on the area. The birds have already "fed out" much of the area and are scattering about the Basin with some continuing their migration.

A Weyerhaeuser forester took the time recently to report sighting three turkeys roosting in an oak tree in the vicinity of last year's liberation site. This is the most encouraging news of the birds since last summer when reported sightings indicated that some birds had scattered at least up to 20 miles after release.

Congratulations to the local Izaak Walton League for providing an "off-season" hunter safety course for youngsters. Leo's Camera Shop already has enough students registered to warrant an additional course. The objective, of course, in compliance with the law requiring persons under 18 to possess a hunter safety certificate, is to provide this opportunity for youngsters normally away for the summer months when most courses are offered. This in no way diminishes the appreciation of all for the many individual instructors who have generously given their time in conducting courses.

In an effort to increase the community service of this column by providing timely local wildlife conservation-management news, persons seeking this type of information are encouraged to drop us a card with questions or suggested subject matter of interest. The address is Oregon State Game Commission, P. O. Box 1063, Klamath Falls.

# Governor Takes First Run To Open Ski Meet

CRYSTAL MOUNTAIN (UPI) —Gov. Dan Evans proved a competent guest Sunday as he took the first swoop down the hill to open the giant slalom racing in the National Alpine Ski Championships.

Evans failed to stay upright for the full run, but avoided any serious injuries.

When he reached the bottom, his 4-year-old son was one of the first to greet him with an unneeded reminder:

"Daddy, you fell down."

The governor, a good skier who has not visited the slopes much since being elected in November, described the course as a very good one.

In getting down the hill safely, Evans escaped a worse fate he said Democratic legislators had prescribed for him. Evans is a Republican.

Earlier the governor had commented:

"All the legislators have encouraged me to take the invitation (to make the first run). The Republicans think it will be good publicity and the Democrats think I will break my neck."
