INTERESTING LECTURES AT BAPTIST IMMANUEL

The Rev. W. W. Davis of the Immanuel Baptist church is delivering a series of sermon-lectures beginning with the creation and ending with the second coming of Christ.

Rev. Davis is an artist as well as a speaker and is illustrating his talks with crayon drawings which directs the hearers into a fuller realization of the truth.

Judging from the enthusiasm of his hearers these talks are highly pleasing and they seem to show great research into Bible history. Those who are connected with the church wish the general public to know that an invitation is extended to all to attend.
