## OLENE SCHOOL BASKET SOCIAL GREAT SUCCESS

Nearly \$90 Taken While Will Be Used for Electric Wiring, Lights and Plate

The basket social and school program given at Olene Saturday, Nov. 1 under the auspices of the school was a huge success.

There are but eleven pupils in the school, representing seven families, but several hundred people were present and nearly \$90 was realized from sales of baskets, popcorn, and a fish pond.

The school children took part in the program assisted by the Olene Glee club, which added much pep to the program. Mrs. V. R. Bennett, the teacher, was greatly pleased with the patronage received from neighboring schools and the loyalty of the Olene school patrons. The proceeds of the sales are to be used for wiring the school building for electricity, an electric plate for serving of hot lunches, and electric lights. Many more improvements are expected to be made before the year is over, such as play apparatus and a flag pole.

# Test It on the Road For Quietness and Ease

Probably you never imagined a four-cylinder car could be built that would operate at all speeds practically without vibration.

The good Maxwell does.

Probably, also, you never expected you could drive a four-cylinder car all day in town or across country without fatigue.

You can with the good Maxwell.

Those are some of the reasons

why it is a matter of wise judgment to include a complete demonstration of the good Maxwell before you come to a decision about a new car.

The splendid appearance of the good Maxwell, its fine finish, appointments and equipment you can see; the story its owners tell of care-free, economical service you can hear; but performance and riding qualities you must experience and feel to know.

We are pleased to extend the convenience of time-payments. Ask about Maxwell's attractive plan.
