

The Relation of Home and Money

Clean Up and Paint Up your home. This is one of life's greatest pleasures.

But without money there can be no home, and without a home money means little—so the two are essential to complete happiness.

Love and affection lay the foundation for a home. Money makes the home a reality.

When we control our desires and spend less than we earn the difference, if laid away, becomes a saving towards a Home or a Better Home.
