Snappy Sporting Notes

YANKS PERSIST THAT MANY A YANK WILL BE SENT TO MINORS

Yankees whose gloom has been with equal parts of gloom and hope, are of the members of the club who would take a trip to the bush and score for the first time in 29 innings Friday when they series with the White Sox with a 6 to 0 victory by the end of one run of two made with hardly sufficient strength to cause Miller to rest contented with the line-up, if he is anticipated by great extent in the league competition. The Yankees played through three innings making five errors; the Sox did little better, perhaps.

beatable percentage, winning again in Detroit, 8 to 7, by putting over six runs in the sixth inning. The Senators made a better showing in the day's competition by easily taking a 12 to 7 victory over the St. Louis Browns. Cleveland, the holder of third position in the standing won 19 to 7, over Boston.

The Reds, who were going big until they came in contact with the Giants, lost another game and slipped down past the Phils into fourth place. With Barnes pitching steady baseball after a bad start, the New York team won, 7 to 2.

Brooklyn made more secure her recently annexed position in second place by winning, 8 to 7, over the Cards.

Philadelphia by administering a 8 to 4 defeat to the Cubs pushed the Chicago team into a tie for fifth place with the Braves, who with the Pirates, were not in uniform on account of rain.

Weather Retards Gibbons Training

ATLANTIC CITY, N. J., May 15. Persistent cold weather is interfering with Tommy Gibbons, the light heavyweight, in his training for his battle with Gene Tunney June 3.

Gibbons has been forced to abandon his outdoor training camp and is trying on his workouts in one of the city fire houses made available by Mayor Edward Bader.

Gibbons party, which includes Sammy Mandell, the Rockford lightweight who is to meet Goodrich, of Buffalo, in a final round of the lightweight championship tournament in New York next Monday is stabled in a room cottage. Teddy Bodkin is training after the training table.

PETE KILDUFF PLAYING GREAT BALL WITH S. F.

SAN FRANCISCO, May 15.—After a rather indifferent start, the opening of the season, when they won three and lost three games against Seattle, the Seals got going sensationally, whipped the Oaks five out of six, kept up the dizzy pace by taking the entire series of seven games from Sacramento, and then whipped Salt Lake six out of seven. That ran their winning streak up to 16 straight games, the Seals falling off in the first game of a double-header that wound up the series with the Bees.

In the first game with Salt Lake, the Seals went on a batting ramp-

age and clouted out 20 hits, good for 17 runs. Mind you those 20 hits were made in San Francisco, not in Salt Lake. The Seals did not hit a great deal the first three weeks, but good pitching and tight fielding pulled them out. They are still getting the good pitching and if they really begin hitting as the club figures to hit, the Seals stand to make a runaway race of it.

Kilduff's Playing Pleases
Pete Kilduff is playing the best ball he has ever shown out here. He has been a big cog in the Seals' machine for several years, but never before has he hit like he is hitting this spring. Last year Pete was a badly worried man. His wife was in Pittsburg, Kansas, in falling health and eventually died. Ellison has not been hitting his weight, but Kilduff comes next in the batting order and his punches have been very timely. Paul Wauer and Frank Brower, both left-handed hitters, are a big threat, and Eddie Mulligan has delivered some valuable pinch pokes.

Joe Kelly, the veteran outfielder, who played good ball for the Seals, has turned in his uniform. Joe has not been well all spring and he thinks a rest will do him good. Joe is a fine fellow of splendid habits and his pals on the San Francisco team hated to see him go. If Joe gets to feeling fine again, he may catch on with some other club.

It's Hard to Dope Them
Before the season started, Tom Turner, president of the Portland club, said Crosby, the catcher, secured from the Western league, would be a sensation out here. Now Portland is asking waivers on Crosby.

Turner said that Riconda, the third baseman secured from the Philadelphia Athletics, would burn up the Coast league and make folks out here who think Oscar Vitt, Buck Weaver and Willie Kamm were fair third basemen forget all about those fellows. Now Portland is asking waivers on Riconda.

Before the season started, Del Howard of Oakland, remarked: "All there is left for seven clubs to fight for is second place, for Tom Turner and Duffy Lewis have already announced that Portland will win the pennant." And at this writing Portland is in last place.

Much was expected of Portland, but so far the Beavers have been a flop.

CAR CARAVAN DUE TO ARRIVE IN K. F. TODAY

The Hudson and Essex, red, white and blue caravan, carrying the message of the Hudson and Essex coaches and their prices delivered in Oregon will be in Klamath Falls today and Sunday on its way through the state.

For a week, the red, white and blue cars have attracted an unusual amount of attention on the streets of Portland with their striking coats of opex laquer. Special attention was paid to the finish of the cars that they might present as attractive an appearance as possible, and 12 coats were used in the finish.

The General Petroleum corporation is co-operating in the caravan, and the cars will be powered with General gas on the trip over the state.

Oscar L. Lefferts, wholesale representative of the Portland Motor Car company, is the "missionary" in charge of the caravan, and the cars are manned by three careful and experienced drivers, and courtesy will be the slogan on the trip, which is to carry in a dignified manner its message from the Portland headquarters.

The new price for the Hudson coach is \$1475, a reduction of \$110. The five-passenger sedan now sells for \$1950, and the seven-passenger sedan for \$2050. The Essex coach is now \$1060 in Oregon.

The Klamath News is giving away an Essex car, purchased from Aemo Motor Car Co., local Hudson and Essex dealers, in its \$6,000 prize circulation contest now going on.

DAILY PEGS

Written by Westbrook Pegler

If Paavo Nurmi is a professional athlete posing as an amateur he deserves enough denunciation to exhaust the breezes of a picked crew of long-winded statesmen.

But if it turns out that Paavo has been receiving no more than enough money to pay the cost of his living and travel in this country, he will deserve more apologies than the same crew could stammer in the course of a full term of congress.

The A. A. U. should have found out the truth about Nurmi three months ago when rumors about his financial arrangement first began to circulate. Failing to settle the matter, the A. A. U. has either exposed Nurmi to a hot line of insults in return for his running, which has been anything but play, or has permitted a pro to contaminate a lot of sweet, native amateurs by running in their company. Inasmuch as the guardians of amateurism are usually very emotional about their jobs, they have been singularly complacent in this case.

It should be a simple thing to find out how much the various clubs that have used Nurmi paid him or his manager, Hugo Quist. Those clubs which engaged him to run and then were disappointed because he jogged, should be willing to tell the truth if there is any hidden truth to be told.

There has been something admirable about Nurmi's bearing in the case from the start, whether he gets a thousand dollars a race or the bare refund of what he spends. Paavo has gone about with his head high and hasn't said as much as "yes," "no," "go take a flying leap in the lake." Any other man on earth would have talked back by this time, and the talk-back would have contained such words as "ingrates," "liars," and "jealous knockers."

TRUCKS ON MONDAY WILL REMOVE TRASH

On Monday morning the city is providing automobile trucks to remove the refuse which has been gathered during this week, during which time the entire populace has been active in cleaning up the city. C. R. Grove will have charge of the work. It is requested that the trash be put in boxes or sacks so that one man can handle the job, as no shoveling will be done. There will be several trucks at work, and the city will present a spick and span appearance after the refuse has been carted away. Extreme interest has been manifested in the clean-up work this week by people in all parts of the city.

Mountain States Power company buys Aumsville and Sublimity plants, and will serve Monroe by new power line.

ACID-THROWING WIFE SENTENCED 1 TO 14 YEARS

LOS ANGELES, May 15.—Mrs. Bernice L. Day was sentenced to serve a term of from one to 14 years for throwing acid in the face of her husband, Darby Day, Jr., wealthy Chicagoan.

Judge Hardy refused the request of Attorney John Richardson for a new trial. Richardson argued that Mrs. Day has the mind of a child, and was not criminally responsible for her act.
